Multi Talent Quest
Odense Fairy tales - Monuments Hunt Odense

Tuesday Morning, April 26th, at 9pm we all met in front of the city hall in Odense. We had to get into the city by ourself so someone went by bike somebody by bus, and someone got driven by their parents. We got divided into groups of five, and got a map of Odense. Each Monument was marked by a number from 1 to 16. We got 1.5 hours to get to all the monuments, and take a group picture with the statue. Some of the monuments we saw were the Thumbelina, The Ucly Duckling, and also a statue of Hc Andersen. When we had found all the statues we all met in front of the city hall, then walked to see Hc Andersen´s childhood home and the old part of Odense.
