Dr. John Venson, Committee Chair, called the meeting to order at 7:32 a.m.

Dr. Lenart welcomed committee members and staff. Dr. Venson thanked committee members for their willingness to continue to participate on the Education Committee.

Committee Charter

The 2023-2025 committee charter was reviewed. The charter has been updated to show new committee members for the upcoming years. It will be presented to the Board of Education for approval at the upcoming meeting on October 10.

Learner Expectations and Principles of Respect/At LFHS, we CARE

Steven Dunn presented on the SIIP team and its work beginning with a survey in Spring 2022. Two trends emerged – strengthen learning focus/building relationships across the spectrum of LFHS. Learner Expectations and Principles of Respect were developed as guiding principles as a result. The committee discussed how to proceed with roll out and implementation.

Strategic Plan Metrics Update

Dr. Montgomery commented on the work of the past two years including the Portrait, Strategic Plan and One Lake Forest that now needs to be incorporated into the Plan Metrics. Given its widespread use, CSCI can serve as a stepping stone.

Dr. McHugh and Dr. Sassen discussed the Goals 1,2 and 3 of the Strategic Plan. Brian Martin raised the subject of reciprocal accountability with the community and opportunities for student engagement within the community to achieve strategic plan metrics.

“AI” ming for our Future

Dr. Montgomery discussed a series of Let's Talk that will be held on Artificial Intelligence (A.I). The goal is to lead the community in awareness around A.I.; what it means for both districts now. Erin will be sharing a document as homework for the committee to review for next time.

Public Participation

None

Dr. Lenart and Dr. Montgomery will be presenting to the community on wellness on October 19; welcomes everyone to participate.

On motion by Mr. Martin and seconded by Mr. Andreessen the meeting adjourned at 9:02 a.m.
