

Sturgeon Public Schools: Counselling and Wellness Plan 25-26

Vision & Mission

Sturgeon Public Schools: where, through a well-rounded education, students are motivated and supported to pursue their unique path to future success. Working together as a team of trustees, parents, community, staff and students, we create safe, respectful and collaborative learning environments where students are prepared to meet, and excel at, the challenges presented by the global community.

The priority of Sturgeon Public Schools is student achievement. The domains of Teaching and Leading, Learning Supports and Governance support this priority and integrate local context to ensure Sturgeon Public students achieve. Each domain is interconnected and part of a complete system supporting student achievement.

Services and supports addressed within the counselling and wellness plans, fall most directly in two domains: Learning Supports and Local and Societal Context. Many of the counselling resources

and strategies are specifically directed at addressing the social emotional and mental health needs of our students.

Sturgeon Public Schools has identified the following outcomes and strategies with respect to each domain:

Learning Supports: Safe Caring, Respectful and Inclusive

Outcomes:

- Public School Communities are safe, caring, respectful and inclusive
- First Nations, Métis, and Inuit students achieve and succeed as part of a community committed to understanding foundational Indigenous perspectives and knowledge
- Partnerships with external agencies are in place and used to enhance the conditions required for student achievement

Division Strategies:

- Schools foster welcoming learning environments and implement supports for physical, social, mental and emotional wellness in students
- Schools provide diverse programming to ensure the success of all students in an inclusive learning environment
- Schools implement and improve strategic plans to ensure understanding of Indigenous perspectives and knowledge
- Sturgeon Public Schools will ensure that partnerships are developed and maintained to support student health and wellness

Sturgeon Public Schools: Counselling and Wellness Plan 25-26

Local and Societal Context: Addressing social/emotional and mental health needs

Outcomes:

- Students demonstrate respect for themselves and others and show pride in their accomplishments and in their community
- Students and staff model integrity and work ethic

Specific strategies to support outcomes are identified within the national Comprehensive School Health model to address wellness within our schools. This whole-school approach incorporates well-being as an essential aspect of student achievement. Actions addressed in four distinct but interrelated components comprise a comprehensive school health approach include:

- Social and Physical environments
- Teaching/Learning
- Policy
- Partnerships and Services

This approach recognizes it takes a whole school community to support wellness. Wellness education nurtures the whole child and enhances students' capacity for achieving their full potential intellectually, physically, socially, spiritually, and emotionally (Alberta Education).

Each school has a Counselling and Wellness Plan which is developed for all students and focuses on the six dimensions of wellness. This plan provides a balanced approach, offering developmental preventative activities and learning opportunities for all students as well as appropriate and timely interventions for individual students that require higher levels of support. This plan is a joint responsibility of the entire school staff. The school counsellor takes the lead on developing the plan, coordinating services, and providing direct and indirect support to

Sturgeon Public Schools: Counselling and Wellness Plan 25-26

students, staff, and parents/guardians. Successful implementation of a comprehensive Counselling and Wellness Plan positively impacts student outcomes in the areas of achievement, mental health, social emotional learning, attendance, high school completion rates and career knowledge.

Pyramid of Supports / Interventions

Sturgeon Public Schools use a Pyramid of Supports/Interventions to outline specific programming that supports wellness within our schools. This includes building collaborative relationships with home, school and the community. Schools use divisional data and their own school data to drive decisions regarding specific programming.

Individualized/Intensive Supports- These supports are highly individualized and often, if not always, require referrals to our community partners. 1-7% of our students require this level of support. School counsellors often play a key role in facilitating these referrals and building a team of support around the student.

Targeted Supports- In addition to the universal supports some students require more targeted supports. These supports may be offered by the school counsellor and may focus on personal/social, educational, and/or career needs. 5-15% of our students will require this level of support.

Universal Supports – All students benefit from class-wide and school-wide health promotion that addresses all dimensions of wellness. 80% -85% of our students will respond solely to these universal supports. Mental Health and Wellness coach working alongside staff, will play a key role establishing and promoting preventive and proactive approaches to help students build social emotional learning competencies.

Sturgeon Public Schools: Counselling and Wellness Plan 25-26

School name: Legal Public School

Brief description: Legal Public School is a Pre K-6 school with 22 students. At LPS we are committed to ensuring we are meeting the needs of our students academically as well as socially and emotionally. We strive to enhance education through a community related curriculum with parental involvement showing a caring and compassionate commitment to our students.

Sturgeon Public Schools: Counselling and Wellness Plan 25-26

**Communication plan: How will the Counselling and Wellness Plan be shared with our community?
(Students, Staff, Parents)**

1. School Website - Jan. 30th
2. School Council
3. Staff Meetings as regular updates
4. School Newsletter

Month by Month Outline of Counselling Duties

Ongoing Monthly Counsellor:

- Staff meeting reports/presentations
- Check ins with staff
- Represent counselling on the school leadership team – ongoing updates and collaboration with administrators
- Attend counsellor meetings - collaboration and mentorship with other counsellors and coaches in the division
- Monitor student attendance/achievement/engagement

Month-to-Month Planning

August - early September

- Do an environmental scan of the school to:
 - Ensure signage for health and safety is positively framed and developmentally appropriate
 - Support teachers in creating visuals that personally welcome students back into the school building. (more important in Pre-K -9)
 - Support the development of very clear guidelines for routine and create a structured plan to communicate this plan for all students (developmentally appropriate with visuals for clarity)
- In collaboration with School based teams:
 - Support transition between teachers for students with diverse learning needs
 - New student intakes
 - Share and collaborate to inspire a shared vision with staff in creating a culture of wellness
 - Collaborative teacher meetings discussing at-risk students
 - Connect with parents of at-risk students to ensure their worries/concerns are heard

Sturgeon Public Schools: Counselling and Wellness Plan 25-26

September

Theme - Self Awareness - The abilities to understand one's own emotions, thoughts, and values and how they influence behaviour across contexts. (Such as: understanding and identifying one's emotions, strengths and limitations, linking feelings, values and thoughts) CASEL
