Professional entries: Prepare 2 gallons (min) of your salsa, produced in a certified kitchen, to be sampled at the event by the public. You are welcome to contribute more than one submission to be sampled, but you must bring at least 2 gallons of each.

Salsa does not need to be commercially available to participate; a custom creation made special for this event is A-ok! Expect about 500 attendees at the event, so be prepared to promote your business accordingly - You are welcome to bring some salsa to sell!

Please bring whatever signage, business cards, coupons or other marketing materials you have that can showcase your business; you are welcome to hand these items out to attendees. You are your best promoter, so we encourage you to serve your salsa, however we can provide volunteer servers if you cannot be there.

We also provide a table and tablecloth if needed. You are welcome to add your own flair! **Please arrive with your salsa and materials by 4pm on Sept 18 to set up.**
