1- Game Description

From the old times and the ancient world, stories have been told and passed on. Heroes, villains, and events from the past are brought together in a series of Legends.
This is the first game in a series of Legends. An epic adventure in search of riches and glory!
Follow Johnan in his quest for lost cities, fighting his way through mythical creatures from the dawn of times. Win more than 5000X your bet in this high volatility 5x3 video slot game. The game features 10 pay lines counting from left to right, Wilds, scatters, and 2 bonus games with free spins.
3 or more scatters in the main game trigger a Free Spins bonus game awarding 10 free spins. At the beginning of the bonus game a random symbol is selected and acts as an expanding symbol during the session, 3 or more scatters on the panel select an additional symbol and resets the free spins counter to 10.
During the main game collecting Scatters on a meter launches a Super Bonus game awarding 10 free spins, during the session 3 or more scatters on the panel awards 10 additional free spins.

Welcome to Legends - Johnan Legendarian, a Video Slot with expanding symbols and 2 bonus games with free spins.

ABOUT THE GAME

Follow Johnan in his quest for lost cities, fighting his way through mythical creatures from the dawn of times. This is a classic 5x3 video slot game with 10 pay lines, Wilds that also act as Scatters, a Free Spins game, and a Super Free Spins game, unlocked by collecting scatters.

MAIN GAME

The main game has 10 paylines, evaluated from left to right. Only the biggest win per line is awarded. Wild symbols act as a Wild and a Scatter. As a Wild it substitutes for any other symbol.

When 3+ scatters land on the reels it unlocks the Free spins mode, awarding 10 free spins.
When 2+ scatters land on the reels they are collected, each scatter awards 1 point in the meter. When it reaches 770 points it unlocks the Super free spins game.

* The bonus symbol is collected and stored per bet level.
* The collected bonus symbols are displayed in the progress bar under the reels.
* If Free spins and Super free spins are triggered at the same time, Free spins will play first, then Super free spins.
* During the free games the bonus symbol is not collected to add to the overall progress.

FREE SPINS

Land 3+ Free Spin symbols in the main game to trigger Free Spins. 10 free spins are awarded. With the same mechanics as in the main game but, at the start of the game a random symbol is selected as the expanding symbol. Expanding symbols can not be substituted by Wilds and they pay even on non-adjacent positions.

When a regular win is calculated, if there are special symbols in the panel, these expand to cover the whole reel where they are located, and additional prizes can be awarded. As in the main game, if 3 or more Scatters appear in the panel the free spins counter resets to 10 and an additional special symbol is awarded at random. Up to 9 expanding symbols can be awarded.

* The bonus symbol can not be selected as an expanding symbol.
* Expanding symbols are displayed under the game reels.
* The free games can be re-triggered up to 9 times.

SUPER FREE SPINS

Collect 770 points to trigger Super free spins. 10 free spins are awarded. With the same mechanics as in free spins but besides resetting the free spin counter it also awards 10 extra free spins when retriggering it.

HOW TO PLAY

* Press the Spin button to start the game.

HOW TO CALCULATE PAYLINE WINS

* To calculate your total payline win, calculate all payline wins and add them together.

* To calculate a single payline win, count the number of identical symbols lined up in sequence on the line starting from the left most reel.
* If three or more identical symbols are lined up, find the win value in the dynamic Pay Table. There you can find the value for all symbols for 3 in a row, 4 in a row and 5 in a row. Only the highest winning combination per line is paid out.
* The Scatter symbol pays anywhere. Scatter wins are multiplied by total bet and added to the payline wins.
* If the winning combination starts with three wilds, there can be many ways to interpret the win. In this scenario, only the highest win combination is paid out.
* After the Free Spins round is completed, all wins are added to any win from the game that activated the Free Spins.
* Collection Free Spin wins are rounded to nearest even value (using the bankers rounding algorithm) to avoid showing a fraction of a cent. The total win in the end screen displays the final rounded win.
