Urgent Care

PDQ Urgent Care & More is a small, reliable doctor-owned urgent care. We provide health care solutions, inoculations, traveling medication, lab draws, lab examinations, full physical exams, college examinations, pap smears, women's care, as well as basic primary healthcare. We also offer hydration and oxygen services and sterilized piercings. Hydration service and oxygen therapy business don't offer their services under the auspices of a medical doctor, and piercings are often done at jewelry shops. We dispense medications, which will save you a trip to the drug store. We execute minor surgical treatments like mole and wart eliminations, skin cancer work, and also biopsies.

When picking a doctor, guarantee there's rapport. You'll want to feel that the doctor respects you as an individual, and you wish to really feel the very same regarding the doctor. So, when your medical professional asks just how you are doing, you understand they appreciate exactly how you're doing. Likewise, is the care very easy to gain access to when you want it? Is it complete and does the doctor provide correct descriptions, and do they offer you choices? Do they inform you of timespans for getting better and do they supply email solutions and video visits? What makes PDQ Urgent Care & More distinct is that we're fast, efficient, and you'll have prompt access to a medical professional.

If you come to PDQ Urgent Care & More for an urgent treatment requirement, we'll inquire about your last checkup. If you inform us you desire a checkup, we can look after it. Simply put, we can be your family doctor. Every PDQ office has doctors posted there permanently. If you've been seeing another provider, by law, you need to authorize a release form, and we'll mail it to the other provider. That way we can gather your documents. If your previous medical professional delays that request, then you'll need to request the records. However that's not very usual. Normally, we can obtain your files for you.

If you need to head to the hospital, please recognize PDQ Urgent Care & More has relationships with all of them in Orange County. In fact, there's a hospital two miles from our Orange office. If your insurance coverage calls for a specific hospital or you have a preferred area hospital, we'll make arrangements on your behalf. We're not connected to one hospital, yet we're connected with all of them. Regarding medical insurance, PDQ Urgent Care & More takes every one of the PPOs licensed in California and 80% to 90% of the HMOs. We also take Medicare and deal with worker's compensation on workplace injuries. We deal with lacerations and horse injuries as we're in an equestrian community. What's even more, there's a great deal of biking trails close by, so we see those injuries. Sprained joints, ankles, backs, knees and concussions prevail. We're constantly active during the influenza season.
