

### Ali & Chichi's Statement

Hey Trojan Family! We're Ali and Chicha, and we're asking you to go ***All In with us on USC!*** With a wealth of professional experiences across USG and around campus, we're the **most dynamic team** ready to break barriers and lead our institution.

**The All In team is committed to transforming USC.** Our visionary platform will optimize different aspects of our student lives: better library amenities, more exciting concerts, increasing funding for RSOs, improved dining halls, implementing ChatGPT Edu, and garnering legal support to communities across backgrounds.

We're used to working for students. Ali is a sophomore Business major from Tennessee. He acts as the Academic Affairs Senator and holds various leadership roles in Marshall. Chichi is a Pharmacology & Drug Development major from Canada. She is the President of Alpha Phi and a leader in Mustard Seed Project, a volunteering organization.

Our approaches are grounded in **realistic solutions** by addressing USC's most pressing needs. With meaningful advocacy, we're dedicated to making USG work for **all** Trojans. Not only that, but we want to ensure that students know what USG is up to on a regular basis with frequent updates, rather than having no idea what USG does.

The choice is clear. Vote for Ali and Chichi to bring effective, bold changes to the upcoming school year and to go ***All In on USC!***

### Ali & Chichi's Platform

All In with Ali & Chichi

1. **"Advocacy & Listening":** Incorporating and streamlining student feedback.
  - I. **Remove barriers**<sup>1</sup> around Alumni Park and collect feedback from students regarding the campus check-in system<sup>2</sup>.
