

Steps to get evitals

- 1) Go to [nyc evitals](#) to create an account with your [Mount Sinai](#) email address. Please choose a password you will remember as you will be using this account to certify deaths.
- 2) Please download the **NYC eVital Certify** application (iOS and android versions are available) onto your phone and you can start the facial recognition process. eVitals utilizes this to authenticate submissions. The last part of the registration in step 1 will also have a QR code you have to scan with this app to start the facial recognition process.
- 3) Once you are done, call admitting (open 24 hours/7 days, 212-241-1900) to approve your account. They are also available to answer any questions you may have during the registration process.
