

Super Simple Body Mod Supplement

v1.1 By LovesTheWeather

This Body Mod Supplement was created so that those who want something extremely simple and easy to start their next chain can do so. With this Body Mod you have the option to gain a couple freebies along with a single Perk and a single Item from any Jump or Supplement, to a point. Alternatively, you can choose two Perks or two items instead. The structure of this Supplement allows you to start how you want to, either with a simple Perk to begin with, or perhaps you want to start out quite powerful so you pick up something OP, the choice is yours! Whatever you attain from this Supplement becomes your completed Body Mod. This Supplement can only be used at the start of a chain and in lieu of using any other Body Mod, and can only be used one time.

+1 BT

+2 PT

Perks

Body Rebuild [1BT]: Your body is rebuilt to be slightly above average for the human race and mildly attractive, while removing any diseases, viruses, illnesses, or genetic disorders. Basic body shape is up to you but should stay within human normal, examples of such include body builder, athletic, lithe, or petite.

Metavore [FREE]: You retain your body shape at it's current peak no matter how much you eat as long as you eat enough that you aren't malnourished.

Evercleansed [FREE]: Your body repels dirt and filth and your body scent is neutral and pleasant without bad odors. You're always as clean as if you had just showered.

Ageless [FREE]: You don't age beyond your biological prime and if you are aged or something ages you, you slowly rejuvenate until you are once again in your prime.

One Perk [1PT]: Choose any one Perk from the Perk section of any Jump or Supplement and add it to your Body Mod. Alternatively, you may choose any one Power from a designated Power section in a Jump or Supplement, but if you do so the Power's cost cannot exceed 800 points. Perks chosen from the Perk section of a Jump or Supplement have no such maximum point cost.

One Item [1PT]: Choose any one Item from any Jump or Supplement's Item section worth up to a maximum of 600 points and add it to your Body Mod. If the Item has upgrade tiers you can select the highest tier possible where the total cost doesn't exceed 600 points.

Notes

-All Perks, Powers, and Items gained through this Supplement are included as part of your Body Mod, meaning that when you enter gauntlets and are reduced to only your Body Mod that you still have complete and full access to them at full power.

-If your purchased Perks or Powers give you the ability to attain other skills or abilities, those skills or abilities are also included in the Body Mod in gauntlets as having been gained from said Perk or Power.
