San Antonio Math Include

Provide Greater Access to STEM Education to All Students

Sophie L.

**Director of Sharon,
Massachusetts Chapter**

**Tutor
San Antonio Math Include**

Sophie is in the Class of 2026 at Sharon High School. In the past, she has volunteered for and been a leader in multiple programs and events for middle and elementary school students, including the Sharon Math and Science Tournament and leadership and public speaking programs with Creative Classroom. Additionally, Sophie has been a part of Varsity Cross Country since 2022, and she will be a captain this coming school year. In her free time, she also likes to make cakes and spend time with her friends. She is excited to share her knowledge with other students!
