Urgent Call for Action by Jewish Canadians: Address the Catastrophic Situation in Gaza, Bring Home the Hostages

The undersigned, members of the Canadian Jewish community, are raising our voices with grave concern calling on the Government of Canada, as well as political and community leaders across the country, to act immediately to stop the siege and starvation in Gaza, cease the bombing of the civilian population, address the catastrophic humanitarian situation, negotiate an immediate ceasefire and the return of all the Israeli hostages.

As we raise our voice, we also mourn. We are in shock and disbelief at the unspeakable atrocities committed in southern Israel by Hamas militants starting on October 7. The targeted killing of more than 1200 innocent civilians, including children and elderly, and the gruesome images of what was done to them, are horrifying. Taking 200 or more civilian hostages, including children, women and elderly, constitutes a war crime, and their safe return home must be a priority.

We mourn, but we reject the use of our mourning as a reason to commit atrocities on the Palestinian people. The test of our humanity happens at the most difficult times – we do not respond to atrocities by committing atrocities on a larger scale. We recognize that the Palestinian people, and particularly those in Gaza, are people traumatized by a history and ongoing experience of displacement, military occupation and siege at the hands of the Israeli government and military. Civilians anywhere must never be the targets of militant action.

This is literally a moment of life-and-death. The language dehumanizing the Palestinians used by Israeli government officials, as well as other governments and reporters; the Israeli army dropping 6,000 bombs in six days primarily on civilian targets; the total destruction of civilian infrastructure; the complete cutoff of electricity, food, water and other essentials; a collapsed healthcare system; the displacement of more than one million people, half of them children; and the imminent ground invasion – these are the clear contours of a genocide-in-the-making. We must stop it before it proceeds further!

We appeal to Canadian leaders in all spheres of life: do not be a bystander. We call on the Canadian government to use all its resources and influence to stop this! Canada should not enable what's happening in Gaza. Call for Israel to stop the bombing of Gaza. Call for an immediate ceasefire, and the return of all the Israeli hostages. Engage in a real process to address the long-standing oppression and deprivation of rights of the Palestinian people – that's the only viable path for a real, just peace.

We are making a special appeal to major Jewish organizations in Canada. This is not the time to push for the Netanyahu government to act “without restraints.” The undersigned members of the Jewish community in Canada do not want to have any part in war crimes committed against the Palestinian people. Not in our name!

Appel pressant à l'action des Juifs canadiens: Une réponse à la situation catastrophique à Gaza. Le retour des otages à la maison.

Les soussignés, vivement inquiets, membres de la communauté juive canadienne, élèvent leur voix et demandent au gouvernement du Canada, ainsi qu'aux dirigeants politiques et communautaires de tout le pays, d'agir immédiatement pour mettre fin au siège et à la famine à Gaza ; cesser les bombardements de la population ; répondre à la situation humanitaire catastrophique ; négocier le cessez-le-feu immédiat et le retour de tous les otages israéliens.

À nos voix s'ajoutent nos larmes. Nous sommes sous le choc et incrédules devant aux atrocités indescriptibles commises dans le sud d'Israël par les militants du Hamas depuis le 7 octobre. L'assassinat ciblé de plus de 1200 civils innocents, dont des enfants et des personnes âgées, et les images horribles de ce qu'ils ont subi sont terrifiantes. La prise en otage d'au moins 200 civils, dont des enfants, des femmes et des personnes âgées, constitue un crime de guerre, et leur retour chez eux en toute sécurité doit être une priorité.

Nous sommes en larmes, mais nous refusons toute utilisation de notre deuil comme prétexte à commettre des atrocités contre le peuple palestinien. Dans les moments les plus difficiles, notre humanité est mise à l'épreuve : nous ne devons pas répondre aux atrocités en commettant de pires atrocités. Nous reconnaissons que le peuple palestinien, et en particulier celui de Gaza, est traumatisé par une histoire émaillée à répétition de déplacements, d'occupations militaires

et de sièges aux mains de l'armée et du gouvernement israéliens. Les civils, quels qu'ils soient, ne doivent jamais être la cible d'actions militantes.

L'enjeu actuel est la vie ou la mort. Le langage utilisé par les responsables du gouvernement israélien, ainsi que par d'autres gouvernements et journalistes, déshumanisent les Palestiniens ; l'armée israélienne a largué 6 000 bombes en six jours, principalement sur des cibles civiles ; les infrastructures civiles ont toutes été détruites ; la fourniture de l'électricité, de la nourriture, de l'eau et d'autres produits essentiels a complètement cessé ; le système de santé est en ruines ; plus d'un million de personnes ont dû se déplacer, dont la moitié sont des enfants ; et l'invasion terrestre est imminente — tels sont les contours évidents d'un génocide en devenir. Nous devons arrêter sa progression !

Nous lançons un appel aux dirigeants canadiens de tous horizons : ne restez pas les bras croisés. Que le gouvernement canadien utilise toutes ses ressources et son influence pour y mettre fin ! Le Canada ne doit pas accepter ce qui se passe à Gaza. Nous lançons un appel à Israël : arrêtez les bombardements sur Gaza, cessez le feu immédiatement et retournez tous les otages israéliens. Il faut s'engager dans un réel processus visant à remédier à l'oppression et à la privation de droits du peuple palestinien qui durent depuis trop longtemps — c'est la seule voie viable pour une paix réelle et juste.

Nous lançons un appel plus particulier aux principales organisations juives du Canada. Ce n'est pas le moment de faire pression sur le gouvernement Nétanyahou afin qu'il agisse « sans retenue ». Les membres soussignés de la communauté juive du Canada refusent de participer de quelques manières que ce soit aux crimes de guerre commis contre le peuple palestinien. Pas en notre nom !
