

## Disventure Camp Season 3 All Stars

### Episode 1: Frozen in Time

Jensen stood outside the camp.

Jensen: I can't believe I'm doing this. But we're back. Disventure camp is back for a third season. This season will be an All Stars season. Because last season was such a trainwreck, we lost a lot of support. Derek and Trevor went to jail again. Don't ask why. I'm not saying. So I'm the host of this stupid show now, so what I say goes. And when I tell you this season is going to be the worst one yet, I mean it. The contestants are not ready. And to help me host because I can't do everything myself, I have this robot.

A robot walked up to Jensen and hugged him. He glared at it and kicked it away.

Jensen: The robot is called Miss F. It stands for fear. Because that's all the contestants will get from me. Anyway, I split the 7 contestants that I invited back into 2 teams.

Miss F: Team one is called Losers 1. On it, we have Alec, Dan, and Drew.

Jensen: And team 2 is called Losers 2. On it, we have Grett, Ellie, Nick and Tom.

Miss F: Jensen picked the 7 contestants with the best average score across both seasons.

Jensen: Yeah, except for Miriam because she's too old. And Jake, because he's a cry baby. Besides, they won already. They don't need to win again. This season is for losers only. Hence the team names.

Miss F: Wait, what about Fiore?

Jensen: Shut up, Miss F. You know very well what happened to her. I don't want to talk about it.

Miss F: Ok, ok. Geez, I'm sorry I asked. Anyway, welcome to Disventure Camp Season 3 All Stars.

Jensen: Yes, welcome. The winner will get 1 million dollars. The losers get nothing.

Jensen stood there glaring while Miss F smiled.

Later... at the Loser 1 team camp...

Dan: I can't believe I got invited to take part in All Stars. I'm going to win this time. I just know it.

Alec: I can't believe you got invited back either. You never even merged. Jake was a better player than you. Actually so was Miriam. And Fiore who...

Dan glared at Alec.

Dan: Are you done yet? Because I'm not going to deal with your nonsense this season. I'm already fed up with you and we literally just started. And since we have a team of us plus Drew, you wouldn't want to upset me.

Alec: You don't deserve to be here.

Dan: What? Of course I do.

**Dan: Alec is being dumb. Of course I deserve to be here. I wouldn't have been invited back otherwise.**

**Alec: Dan is a rubbish player. My plan is to ally with Drew anyway. So I don't really care what Dan thinks.**

Alec walked over to Drew and smiled.

Alec: Hey Drew, would you like an alliance with me?

Drew: But Dan's my friend. Also, aren't you like extremely unlikeable. You only do well by hiding behind Fiore. Which you can't do now as she isn't here.

Alec: Why didn't she get invited back?

Drew: Because she got frozen. I don't know. Go check on her if you care so much. But I really don't get why you're fussed about her. Especially since it's been 10 years.

Alec: Shit. Has it really been that long? I didn't even visit Fiore once. Dang it. She's going to hate me.

**Drew: This is All Stars, Alec. Not run around on Mars. Alec needs to calm down and focus on the game. Rather than fussing about the past.**

**Alec: Has it really been 10 years?**

Meanwhile... at the Loser 2 team camp...

Tom: This time I'm going to vote Ellie out.

Grett: Why? I thought everyone hated me.

Tom: Well, I don't like you but Ellie is the reason I lost, twice.

Grett: No, Jake is the reason you lost twice.

Ellie: You guys are both wrong. Fiore is the reason you lost twice. The first time she gave me the idea to lie to Jake. And the second, well, she kissed me so I...

Tom then slapped Ellie.

Tom: Rubbish. You were in on it. I know you were. Besides, it doesn't matter if you knew or not. You still voted me out and didn't tell Jake it was a lie. So it's your fault too, Ellie.

Ellie glared at Tom.

Ellie: Excuse me for trying to fix my life. Which still sucks by the way. It's been 10 years and you're still blaming me for stuff that wasn't even my fault. Well, you know what, Tom. You can get stuffed. You act like you're perfect and always do the right thing but you don't. I mean, you didn't even help Fiore last season when she was drowning.

**Tom: I thought coming on All Stars without Jake would give me a chance to play better, you know, focus on the game. But Ellie is driving me up the wall and it's literally the first day.**

Tom: Ellie, I have a new job as a prison guard. So if I were you, I wouldn't test me. I could have you arrested.

Ellie: Prison guards don't arrest people, idiot. You couldn't even guard Fiore's frozen tomb. You're a loser, Tom. I hope Jake cheats on you.

Ellie stormed off.

**Ellie: Ok, maybe I overstepped again. But I literally have no house at the moment. I need to win the season this time and jokers like Tom better not get in my way. Besides, anyway, he seems to be forgetting that he slapped me.**

**Tom: The prison guard thing was a lie. I'm not telling anyone what my new job actually is. I was trying to scare Ellie into behaving better but it seems she wants to be the new Fiore.**

Meanwhile...

Grett talked to Nick.

Grett: So Nick, do you want an alliance?

Nick just smiled.

Nick: Yes.

Grett: That was quick. What are you up to?

Nick: I'm not up to anything. I just don't want to align with poor Ellie and dumbass Tom. I'd rather join you. You're the only reasonable one on this team.

**Nick: Ok, so I know what you're thinking. Tom is better than Grett. Maybe, but I don't know Tom well. We've never been on the same team so I don't want to deal with him. At least I know what Grett is like.**

**Grett: I think Nick is a snake. But Ellie is getting booted first on this team anyway so... I'll stick with Nick for now.**

Later...

Jensen stood in front of the contestants. He counted them and realised someone was missing. He glared at everyone else.

Jensen: Where the hell is Alec?

Drew: I think he went to check on Fiore.

Jensen: Shit. Um, I'll be back soon. Miss F will host the challenge until I get back.

Miss F smiled and stood in front of everyone. Everyone stared at her. She was a short stumpy robot and looked strangely familiar. Then she spoke and her voice sounded familiar too.

Miss F: So guys. Welcome to Disventure Camp All Stars. My name is Miss F. I'm excited to play with you.

Dan: With us?

Miss F: Yes, I shall be joining the team with 3 members. Which is your team. So isn't that great?

Miss F smiled at Dan. He just looked at her blankly.

**Dan: That robot is weird. But whatever. She seems nice. Almost too nice.**

Meanwhile...

Alec opened the cabin door and looked at where Fiore was frozen 10 years ago. However, he did a double take when he realised she wasn't there. In fact, there was no evidence of ice or anything.

**Alec: Fiore's just gone. It's been 10 years. I never visited and now she's gone. She's probably dead and it's all my fault.**

Alec snuffles as he leaves and runs into Jensen.

Jensen: Contestants aren't allowed in the cabin. Now, go join your team before I eliminate you.

Alec: Can I ask what happened to Fiore first?

Jensen: She died. Now go...

Later...

Alec joined his team as Jensen finally explained the challenge. Alec looked around to see Miss F standing there watching him. He gave her a confused look.

Jensen: So the challenge is this. Each team will make a cake. Best cake wins. That's it.

Nick: Isn't that kind of stupid? This is All Stars. Can't you come up with a better challenge?

Jensen: No, I can not. So quit asking. Now, just to be clear, Miss F has joined the Loser 1 team as a contestant. She is no longer a host. I shall be hosting the show myself.

Another bigger looking robot came out and waved at the contestants. Only Miss F waved back.

Jensen: Mini Derek here will be the back up host when I am busy. It would have been Miss F but unforeseen issues led to her having to be a contestant. Because we can't have uneven teams. I'm not that mean.

Mini Derek: You have 30 minutes to make the best cake. Go.

**Drew: So Miss F is on our team now. Well anyway, it shouldn't change anything. If we lose, Alec is done.**

The contestants ran into a newly made kitchen and began to cook.

Nick: I say we make a chocolate cake.

Tom: That's too complicated. Just make vanilla.

Ellie: How about a lemon cake? It suits Tom's personality well. Very sour.

Ellie laughed as Tom gave her a dirty look.

**Tom: I hate Ellie. Jake wouldn't stand for this.**

Grett: We'll make carrot cake. Any objections?

Everyone looked at each other and sighed.

Tom: No.

Ellie: I suppose not.

Nick: I still want chocolate.

Ellie: We don't have time to argue. We have to win. I don't want to vote someone out today.

Tom: Yeah, we know, anything to win money, right.

**Nick: I wanted to make chocolate cake but it looks like I got overruled. I can't understand why. Chocolate cake is heaps better than bloody carrot cake.**

**Ellie: I can't go home on the first day. I have no home to go to. I literally have like no money. Don't ask what happened over the last 10 years, it wasn't good.**

Meanwhile...

Miss F: So, um. Pleasure to meet you, team mates. I hope I can be a valuable team member moving forward.

Dan: Um yeah, sure. I'm Dan and this is Drew and Alec.

Dan pointed to Drew and Alec. Alec just glared at Dan.

**Dan: It's simple, really. I want Miss F to vote with me. So I'm letting her feel like part of the team. I mean, I probably shouldn't, given she's a robot and not an All Star. She's the one who doesn't deserve to be here. But, she could be useful. Besides, she's nice. Unlike Alec.**

**Miss F: I am an All Star. Trust me.**

Alec: We're making caramel cake. Because that's what's in my cookbook.

Miss F: Sounds good to me.

Alec just looked sad before turning away.

**Alec: Miss F sounds like Fiore. It's upsetting.**

Drew: Fine, whatever, just get on with it.

Later...

Jensen: Are your cakes ready for tasting? They better be because your time is up.

Jensen looks at the two cakes presented to him. The Loser 1 team had made a big caramel cake. It didn't look good at all and sagged in the middle. The Loser 2 team had made a smaller carrot cake with chocolate on top. It looked very wrong. Jensen tasted both cakes before spitting bits of cake everywhere.

Jensen: These were awful. Ok, so first off. Loser team 2, who the hell makes carrot cake but sticks chocolate on top. And not only that, but you used really dark gross chocolate.

Grett: You can blame Nick for that one.

Nick: What? Dark chocolate is lovely. Maybe, it's just a rich person taste. You guys wouldn't understand.

**Grett: If we lose, I'm blaming Nick. But I'll try and be nice this season. No promises, though.**

Jensen: And you, Loser team 1. This caramel cake was disgusting. I don't know what you did but it made me want to puke. Since the other team's cake was bad but edible, I guess Loser team 2 wins.

Ellie, Grett and Nick cheer while Tom looks like he doesn't care.

**Tom: Woo. We won. I'm so excited. Now I have to deal with Ellie for another whole episode. Love that, not.**

**Nick: My extra chocolate was why we won. It saved our cake from being too bland. I'm serious.**

**Ellie: Well, I'm safe. But Tom has to go. He has been insufferable since he got here. Doesn't he know I made up with Jake already?**

Jensen: Loser team 1. I'll see you at elimination tonight where someone will become the first loser of Disventure Camp Season 3 All Stars.

Later... at the Loser 1 team camp...

Alec: So Miss F. Will you vote for Dan with me?

Miss F smiled at Alec.

Miss F: I'd rather vote for Drew if that's ok.

Alec looked annoyed but then sighed.

Alec: Fine.

Miss F: Are you upset?

Alec: Is it that obvious?

Miss F laughed but then composed herself.

Miss F: Maybe a little. Can I help?

Alec: You wouldn't understand.

Miss F: I bet you I would. Try me.

Alec: Ugh, fine. Last time I played, there was this 6 year old girl called Fiore. She was kind of a psycho. Actually scratch that, she was definitely a psycho. We fought over her betraying me from an even earlier time. I hated her at one stage.

Miss F looked taken aback at this but let Alec continue.

Alec: Anyway, we made up, only for her to try and kill me and then she betrayed me again. So I said some dumb stuff and then I didn't help her in her time of need... and...

Alec started to cry. Miss F looked uncomfortable but quickly recovered.

Miss F: And what...

Alec: And Fiore got frozen alive... and then I just left her there for 10 years. And now she's dead.

**Miss F: I don't think I like Alec much. Why is he so emotional? I mean, he told me why. But really, if this Fiore was here, she'd hate him. And that would be his fault.**

Miss F: Alec, listen. I know you miss Fiore. But trust me when I say that she wouldn't miss you. You're better off without her.

Alec: How do you know? Fiore was probably praying I'd come back for her and I never did.

Alec continued to cry as Dan and Drew walked over.

Drew: Oh dear. Is he gushing about Fiore again?

Miss F: I'm afraid so.

**Drew: Alec, she's gone. Get a grip, buddy.**

Later...

Jensen: So you losers lost today. You were very poor and didn't work as a team. So now, you lose a member. Get voting.

**Alec: I'm sad. Anyway, I vote Drew.**

**Dan: Alec, this is All Stars. Not the Biggest Loser. Stop crying and go home.**

Jensen: Ok, I'll read the votes. First vote is for cry baby. So Alec. Second vote is for cry baby again.

Alec sighed, expecting this. He looked over at Miss F who smiled at him. Alec smiled back.

Jensen: Third vote is for notebook, so Drew. And the first person voted out of Disventure Camp Season 3 All Stars is cry baby. Alec, you lose.

Alec: What, Miss F? Why the hell did you vote for me?

Miss F whispered to Alec. His sadness quickly turned to anger.

Alec: That better not be true. I swear to god, if that is true... you are a psycho. You sick, twisted little...

Jensen: Goodbye, Alec. Or at least that's what I would say. This actually isn't an elimination episode. So cry baby, you're safe too.

Alec sighed, Dan groaned, Drew gave a confused look and Miss F glared at Jensen.

Miss F: Um, Jensen. You can't just say it's a non elimination after we vote someone out.

Jensen: Yes, I can. I'm the host. This is All Stars. You should expect many stupid twists. Some will be unfair but the best player should be able to win in spite of them. Speaking of unfair twists, Alec, since you got the most votes today, you get this immunity totem.

Dan: What? He gets an immunity totem for getting voted out. That's stupid.

Jensen: So is life, deal with it.

Jensen passed Alec an immunity totem. He smiled.

**Alec: Well, that was a disaster. Guess what Miss F told me. You'll never guess what it was. Apparently, she's not Miss F at all. That robot is Fiore. And she voted me out first because she's bitter about me leaving her for dead. Well guess what, Fiore. I don't miss you anymore. I wish you were dead. At least I'm still in and I got an immunity totem out of it.**

**Dan: Why does Alec get a totem for being rubbish at the game? Dumbest twist of all time right here. And he claims I don't deserve to be here.**

**Fiore: Yeah, I'm Miss F. Surprise. I'm not dead. You're probably wondering what happened. Well, I've been frozen in ice for 10 years. Then Jensen turned up and offered me a chance to compete on All Stars. I looked at him like he was crazy. Anyway, long story short, he sealed my frozen body in this electronic robot suit. I'm not really sure how it works but I can control it with my eyes. So now I can somewhat move around and I can talk. So that's something.**

## **Episode 2: Sleepy Bear**

Jensen: Welcome back to Disventure Camp Season 3 All Stars.

At the Loser 1 team camp...

Fiore wandered up to Drew.

Fiore: Alec was not very nice yesterday, was he?

Drew: No, he wasn't. But then again, after thinking about it, I can understand him missing Fiore.

**Fiore: But he didn't fucking miss me. He left me to die for 10 years. And then, he expected me to not be bitter about it. Well, guess what. I am fucking bitter towards everyone, but especially him.**

Fiore: But Drew, wasn't it Alec's own fault that he lost Fiore?

Drew: Well, Miss F. I'd say it was more her fault. Fiore was insufferable.

Fiore tried not to glare at Drew as he continued...

Drew: I'm glad you're not like that though. You are a much better person, ah, robot than Fiore ever was.

Fiore smiled at Drew.

Fiore: Thank you. I try and be pleasant around others. Hey Drew, would you like an alliance?

Drew: Well, unfortunately I'm in an alliance with Dan, Miss F. And Alec has that immunity totem so we can't just vote for him. Sorry.

Fiore looked pissed for half a second but recovered before Drew noticed.

Fiore: It's fine. We just won't lose again and all of us can merge. That will be fine.

Drew then walked up to Dan as Fiore wandered off.

Dan: Drew, I wanted to talk to you.

Drew: Uh yeah, what about?

Dan: Miss F is weird.

Drew: Well, we have to vote for her anyway. She's the only other contestant on our team aside from Alec. Who we can't vote for because he's guaranteed to use that immunity totem.

Dan: Yes, I know that. Just keep a watch over Miss F. I'm suspicious of her.

Drew: Well, I'm not. She's nice. She's a robot, Dan. She's always going to be a little awkward.

Dan: Well then, why did Alec blow up at her last night? She must have done something to him.

Drew: Or he was just upset about losing the game. Not everything has to be a bad sign, Dan.

Dan: Drew, whenever I play this game, I always lose. I've never even made the merge and every other person here has. My point is, I'm not losing again over something dumb. I'm playing for myself. You should do the same. So if something is going on with Miss F, I'm going to find out what it is.

Drew: How are you going to do that, though?

Dan: Simple, I'll go talk to her about it. And you can talk to Alec about it.

Drew gave Dan a strange look but then agreed. Dan left to go looking for Fiore.

**Drew: Dan is right. I should play for myself. As such, I'm not going to talk to Alec about this. I don't want to get involved in his dramas. Especially, when he has an immunity totem.**

Meanwhile...

Alec had found Fiore and was glaring at her in disgust. Fiore glared back.

Alec: You disgust me. There I was thinking you were dead. And yet you were right under my nose, watching me suffer. And then, you voted me out for the 3rd time. Did you ever care about me at all? Every time you say and do horrible stuff and every time I forgive you. Well, I'm done with you, Fiore.

Fiore: What do you mean, you're done with me. You should be begging me for forgiveness, not the other way around. You left me frozen there in that hellhole for 10 fucking years, Alec. You never even came to visit. I should be 16 now but instead I'm a frozen six year old girl in a robot suit who wishes she never fucking met you.

Alec just looked stunned as Fiore stormed off.

**Alec: I don't even know what to say.**

**Fiore: I hate everything. Alec knows who I actually am now and he's probably going to tell everyone. Ugh, I hate him so fucking much.**

Meanwhile... at the Loser 2 team camp...

Grett: So Tom, we're voting Ellie out if we lose, right?

Tom: Yes, we are. 100 percent. I hate Ellie.

Grett: Well, at least she isn't Fiore.

Tom: Don't even name her. She wasn't a real person. I mean, she was but she may as well have been an emotionless, evil robot.

Grett: Of course, whatever you say, Tom.

Tom: You're being unusually nice, Grett.

Grett: Yes, well, I have a new strategy this season. It's called play nice. Because unlike other people, I know how to do that.

Tom: Thanks for that, Grett.

**Tom: I know Grett is just pretending to be nice so I vote with her. But since I really want to get Ellie out, I don't mind.**

**Grett: I'm playing nice this season, I swear.**

Ellie then wandered up to Grett and Tom.

Ellie: Tom, listen up. The other day, I said some rather unkind things to you. And I'm sorry. I obviously don't actually want Jake to cheat on you. I was just frustrated with your attitude towards me. Can we start again?

Tom frowned at Ellie but then he sighed.

Tom: Fine, I suppose I forgive you. And I suppose I over reacted too. Sorry.

Ellie smiled at Tom.

Ellie: Thanks, hey guys. How about we vote Nick out if we lose. He's annoying and he doesn't help around camp.

Grett: Sure, we'll consider it.

**Tom: Still voting for you, Ellie.**

**Ellie: I wouldn't say I'm actually sorry for what I said to Tom but I need him to think that. Besides, the apology wasn't a complete lie. I don't want Jake to cheat on Tom again. Wait, did I say again? Oops. I mean, at all, haha.**

Meanwhile...

Nick was wandering around the camp looking for Jensen. However, he wasn't having any luck finding him. He sighed.

**Nick: I want to complain to Jensen. The challenge yesterday was stupid. The challenges need to be better. I don't really understand why I decided to come back on the show anyway. I hate this show.**

Later...

Jensen: It's challenge time.

Nick: Why did yesterday's challenge suck?

Jensen: What? It didn't suck. Your cooking did but...

Nick: The challenges should be better. This is All Stars.

Jensen: Fine, you want a better challenge, do you?

Nick: Yes, I bloody do.

**Nick: I know that this is probably a bad idea but I'm over this show. I don't care about winning. I'm just going to have fun.**

Jensen: Right, well. We were going to do something else but since Nick wants a good challenge, Mini Derek is going to take over today.

Jensen then ran off as Mini Derek arrived and waved at the contestants.

Mini Derek: So today, you will journey into the woods on the outskirts of camp. There you will look for fruit to make juice out of. Then you will camp overnight in the woods. The first team back here after the sun's up again will win an advantage in the second part of the challenge. Any questions?

Grett: I have one. What's the fruit for?

Mini Derek: You'll have to wait and see. Just make sure you bring back fruit with you when your team comes back.

Mini Derek pointed to the woods.

Mini Derek: Now go. And don't return until tomorrow.

The contestants ran into the woods. All of the Loser 1 team walked along this dirt track they found.

Drew: So, uh. We should stick together. We don't know what we'll find in the woods.

Alec: Fine, just keep Miss F away from me.

**Alec: Don't worry. I will tell my team that Miss F is actually Fiore eventually. But I can't do that now or she'll go berserk. I'll tell them when we go to elimination next. Then Fiore won't have time to respond.**

Dan: What's going on between you, anyway?

Alec: None of your business, Dan. We just had an argument. I don't want to talk about it.

Dan: Fine.

**Dan: Ok, Alec definitely knows something I don't. I need to find out what it is.**

Drew: Hey, Miss F. Are you alright?

Drew turned around to look at Fiore.

Fiore was lagging behind, just awkwardly trudging along. And she appeared to be upset but was trying to hide it.

Fiore: I'm fine.

Fiore smiled but Drew wasn't buying it.

Drew: You don't seem fine. Did Alec upset you?

Fiore rolled her eyes before sighing.

Fiore: Yes, he did.

Drew: Do you mind telling me what he did?

Alec glared at Fiore but she just ignored him.

Fiore: I don't think I can tell you.

Drew: Sure, you can. I'm sure it reflects badly on Alec and not you.

Fiore thought quickly.

Fiore: Well, um, we had an argument about Fiore. Sorry, I can't say anymore.

Drew gave Fiore a confused look before turning around and continuing up the path.

Meanwhile...

Grett and Nick walked through the woods.

Grett: Why did our dumb team decide to split up again?

Nick: Because you suggested it. Something about if we split up, we can find fruit quicker.

Grett: I didn't think Tom and Ellie would agree to that though. Much less, go together.

Nick: Grett, I have a question.

Grett: Yes, Nick?

Nick: Would you be interested in a relationship with me?

Grett just looked at Nick before laughing.

Grett: Are you serious? I don't know what to say.

**Grett: I know exactly what to say. No, I'm interesting in dating you, Nick. Why the hell would I be? We're a similar age but's that's literally it. We have nothing in common as you're just a rich idiot. But I won't say any of that as I think I can get Nick's vote if I pretend to date him.**

Grett: I'd love to date you, Nick.

Grett turned and smiled at him before winking.

Nick: Really? Wow, thanks, Grett.

**Nick: I can't believe Grett actually wants to date me. I just want to mess with her for fun. I'd never date her, she's an ugly cow.**

Grett: Well, it's settled, then. Should we tell anyone else we're in a relationship now?

Nick: Yes, actually. If we tell Tom and Ellie we're dating, maybe they'll freak out about their own relationships or something.

Grett: Interestingly enough, I overheard Ellie say this to Tom.

Grett whispered something to Nick. He smiled in response.

Nick: Wow, I didn't think Ellie was that nasty.

Grett: I did.

Grett then saw some cherries on a bush.

Grett: Hey, I see fruit. We can get some fruit for the challenge now.

Nick: Cherries aren't gourmet enough, though.

Grett just rolled her eyes as she picked the cherries.

Meanwhile...

Ellie: I see fruit over there.

Tom: Where?

Tom and Ellie had arrived at a clearing in the middle of the woods. Tom looked for the fruit Ellie was pointing at. Then he saw it. A lemon tree sitting in the clearing. Unfortunately, it was then that he saw the bear sleeping in front of it.

Tom: Ellie, there's a bear.

Ellie: So what? Let's just turn around.

Tom: But we need those lemons. The fruit's probably helpful in the second part of the challenge.

Ellie: I'm not trying to sneak around a bear for some dumb lemons.

**Tom: I'm fed up with Ellie. I know she apologised to me but somehow I don't think she meant it. To be fair to her though, I'm not exactly jumping at the chance to sneak around a bear either.**

Tom: Well, one of us has to.

Tom and Ellie looked at each other. It was at that moment that Alec, Dan, Drew and Fiore showed up. Alec took one look at the sleeping bear and just turned around and headed back down the path.

Drew: Alec, come back.

Alec: Nope.

Alec disappeared into the distance.

Dan gave an annoyed look as Drew turned to follow Alec.

Drew: I'll just go get Alec to come back. Won't be long.

Drew ran off as Dan turned to Fiore.

**Drew: Call me a coward if you want. But I wasn't dealing with the bear. Besides, it makes me nervous. Remember the days I wouldn't even talk?**

Dan: What happened to sticking together?

Fiore: I don't know. But I'm glad you're still here. That bear is scary.

Dan: Yes, Miss F. It is.

Ellie was distracted watching Dan and Fiore talk. Tom decided to take this opportunity and he ran away.

**Tom: Now Ellie has to deal with the bear. Or we'll potentially lose and I'll vote her out.**

Ellie turned around and realised Tom had left. She screamed in frustration which made the bear stir.

Dan: Ellie, shut up. You'll wake the bear.

Ellie: Hmm, good point. Although, if I wake it up, we might be able to steal some fruit.

Dan: Are you serious, Ellie? Bears are highly dangerous.

Ellie: Oh yeah, what are you afraid of? Can't you outrun a bear?

Dan: I don't need to outrun a bear. I only need to outrun you. But I won't have to outrun anything as long as you don't wake the freaking bear up.

**Ellie: I figured since Tom ditched me that I would have to deal with the bear. Because our team needs those lemons. I can't afford to lose. I just can't. Thanks for nothing by the way, Tom.**

**Dan: Why is Ellie arguing with me? Just go find other fruit. I'm not dealing with a bear. I'm just not.**

Fiore snuck around behind the bear. She picked up a nearby stick and began poking the bear in the bottom with it.

**Fiore: If I wake up the bear now, it will probably look forward and see Ellie and Dan arguing and attack them. Then I can take all the lemons and make sure no one gets any, hahaha.**

The bear woke up as Ellie and Dan were arguing. It let out some sort of growl before running at them. Dan who was facing the bear, screamed before turning and running. Ellie who was still trying to argue with him was confused. She turned around just in time for the bear to jump on her. Ellie screeched as the bear pinned her to the ground and starting clawing at her. Fiore hid behind the lemon tree and was trying not to laugh.

**Fiore: I hope it eats her.**

Ellie struggled but her struggles were getting weaker as the bear started to chew on her legs.

Ellie: Help, it's going to eat me. Dan, please.

Ellie looked at Dan who had stopped about 5 metres away and was watching.

Ellie: Dan. Stop watching and do something. Anything would be good.

Dan: Sorry, Ellie.

Dan then turned around and ran to safety as Ellie's shrieks faded behind him.

**Ellie: Dan actually left me with a bear. Seriously, who does that to someone?**

Meanwhile, Mini Derek was watching footage of the challenge on a TV in the production tent. When he saw Ellie get attacked by the bear, he freaked out.

Mini Derek: Jensen, we have a problem.

Jensen just happened to be walking in at that moment.

Jensen: What is it now, you stupid robot?

Mini Derek just pointed at the TV screen. Jensen could see the bear dragging Ellie around and toying with her like a ragdoll. Then Ellie fainted.

Jensen: Oh dear. I'll go rescue her. Looks like the episode is ending early.

**Dan: Ok, I know I shouldn't have left Ellie with the bear. But she woke it up with her arguing. Besides, anyway. I can't fight off a bear. Sorry, Ellie.**

### **Episode 3: Bad Berries**

Jensen: Welcome back to Disventure Camp Season 3 All Stars. Last time, we had to cut the episode short.

Mini Derek: Because Ellie got shredded by a bear.

Jensen: I rescued her before that happened, don't worry. Anyway, everyone besides Ellie is still doing the challenge.

Meanwhile... in the woods...

Drew had caught up to Alec and they were wandering around in the middle of nowhere.

Alec: Well, it's dark now. Let's camp here.

Drew: Ok, but where are we?

Alec: I don't know, does it matter? It's not like I have a map.

Drew: We don't have any fruit either.

Alec: Drew, I have something important to tell you. Now, listen carefully because I'm only going to say this once.

Drew gave Alec a curious look.

Alec: Miss F is actually Fiore in a robot suit.

Drew just started laughing. He stopped when he realised Alec was being serious.

**Alec: I told Drew about Fiore now because she's not here to get mad. Now he can tell other people for me. Because I can't. Fiore's been watching me like a hawk.**

Drew: You can't be serious. Who told you that, anyway?

Alec: Miss F herself. Or should I say, Fiore.

Drew: Miss F probably told you that so she didn't have to admit that she voted you out because you're annoying. I bet she thought doing that would cheer you up. You were moping around like a sad sack all day. Miss F is not Fiore, Alec. I refuse to believe that.

**Drew: So I think Alec is trying to make me vote for Miss F so he doesn't have to use his immunity totem. Well, Alec. You're an idiot if you think I'm going to believe Miss F is Fiore.**

Alec: Drew, can you please tell the others?

Drew: Tell them what? That you think Fiore isn't dead. And that she's somehow become a robot? Do you realise how stupid this sounds?

Alec: Look, I know it sounds stupid but I...

Drew: Alec, Fiore is gone. The sooner you accept that the better.

Alec: Well, to be fair, I wish she was gone. But she isn't.

Drew: Whatever, you're just trying to trick me.

Drew rolled his eyes at Alec who just glared at him.

Alec: Fine. Don't believe me, then. Don't come crying to me when you lose the show again because Fiore does something horrible.

**Drew: Ok, Alec's lost it. He's got tunnel vision on tricking me. And now it's like, he can't see anything else.**

**Alec: I told Drew this information to help him. Not so he could ridicule me about it.**

Dan then arrived, looking rather worn out.

Drew: What's up with you?

Dan: There was a bear.

Drew: Oh dear. Are you alright?

Dan: Yeah, I'm fine. I'm not convinced everyone else is though.

Alec: What do you mean by that?

Dan: Well, just that the bear potentially could have attacked someone. Not that I saw anything, of course.

Alec just frowned at Dan.

**Dan: I couldn't tell them I left Ellie with a bear. Drew would vote for me if he knew. And I know Alec definitely would. I just hope Ellie doesn't blab to my team about it.**

Meanwhile...

Fiore had found some purple berries on a bush. They smelt odd. She started to pick them as Nick and Grett arrived.

Grett: I wouldn't pick those. Pretty sure those are poisonous.

Fiore glanced behind her and saw it was Grett. She laughed.

Fiore: Thanks for the help. I wouldn't want to poison anyone.

**Fiore: I would love to poison someone actually. Good thing I found these berries.**

Grett: Ah, you're welcome. What's your name again?

Fiore: Miss F.

Grett: Right, well, you're welcome, Miss F.

**Grett: I'm glad Miss F isn't on my team. She seems rather useless. Almost like how Fiore was. Wait, what if Miss F is Fiore? Nah, that's impossible, surely.**

Nick: Oh, and by the way Miss F, Grett and I are dating now.

Grett tried not to glare at Nick as he continued.

Nick: So she's taken. Don't get any funny ideas. I don't know how old you are, anyway.

Fiore: Um, I'm six. Jensen built me ages ago.

Nick looked at Fiore funny before he smirked at her.

Nick: Clearly Jensen couldn't build very well six years ago then. You're so short and stumpy.

Fiore glared at Nick while trying her hardest not to snap at him.

Fiore: Um, excuse me? Could you not insult my appearance, please? I can't help how I look.

Nick: A robot shouldn't care about that. Besides, you're ugly.

Fiore couldn't take anymore and ran at Nick, before slapping him in the face.

Fiore: You're an asshole, mate.

Fiore then ran off as Nick looked annoyed.

**Nick: Ok, Miss F has to be taking the piss. No one ever just slaps you out of nowhere. Maybe Jensen programmed her poorly? Yeah, he probably programmed her to snap every so often. That's the only explanation.**

**Grett: Miss F has to be Fiore after that performance. I'm not going to tell anyone that though. I can use this information to my advantage later.**

**Fiore: Yeah, yeah. I probably just blew my cover in front of Nick and Grett. But they're on the other team so they can't vote for me anyway. Besides, Nick was being an asshole like everyone always is.**

Later...

Ellie: Where is the rest of my loser team?

Jensen: Calm down. It's only just got light.

Ellie: Sorry, thanks for saving me from the bear.

Jensen: Don't mention it. Besides, I can't have someone die on the show, yet.

Tom then arrived and looked at Ellie. She had a bunch of cuts and bruises on her but seemed otherwise fine.

Tom: What happened to you?

Ellie: Dan left me with a bear. That's what happened.

Tom: So, did you get any fruit?

Ellie: No, of course I didn't get any fruit, Tom. I got attacked by a bear and all you care about is the fruit. No wonder no one likes you.

**Tom: Ellie is toxic. But I do feel bad that the bear attacked her.**

**Ellie: Of course Tom only cares about the challenge. Can't someone care about my struggles for once?**

Tom: Well, I'm sorry the bear attacked you.

Ellie: Really? Doesn't sound like it.

Ellie glared at Tom. He just sighed.

Tom: Believe what you want, Ellie. I can't force you to believe anything.

Ellie: Doesn't stop you from trying. I mean, you forced me to deal with the bear. How do I know you won't force me to do more dangerous shit?

Tom: The bear attacking you wasn't my fault, Ellie.

Ellie: I wouldn't have even been there if you hadn't run off like a loser.

**Tom: This isn't even my problem. Blame Dan if you want to blame someone. Although, I'm not convinced he did leave you with a bear, anyway.**

Ellie then calmed down as she saw Grett and Nick arriving.

Mini Derek: You guys win the advantage for the second part of the challenge.

Fiore then arrived only to see all of the other team already there celebrating winning the advantage.

**Fiore: Why the hell am I the first one back on my team? Gosh, my team sucks ass. Whatever, I don't care about the advantage , anyway. I actually want us to lose so I can kick Alec out.**

Alec, Dan and Drew then arrived looking quite worn out.

Alec looked around and realised the other team had won the advantage.

Alec: Oh great, the other team beat us.

Dan: Well, maybe if we'd actually stuck together, we could have won.

He looked at Alec and Drew in particular as he said this.

Mini Derek: Now, Loser team 2 won the advantage.

Jensen then pushed Mini Derek out of the way.

Jensen: I'll take over now, thanks. But yes. Loser team 2, you guys get the advantage. I'll explain what that is in a moment. But first, what fruit did you collect?

Grett: We got this.

Grett passed Jensen some cherries.

Jensen: Anything else?

Tom: No, some of us failed to act like a useful team member.

Ellie: I hope you're referring to yourself, you idiot.

Tom: Oh, shut up, Ellie.

**Tom: I was actually referring to myself. But I was also referring to Ellie. She hasn't exactly been a good team mate.**

Jensen turned to the other team.

Jensen: What did you losers get?

Alec: Well, um, unfortunately we didn't get anything because...

Fiore: I got some berries.

Fiore eagerly passed Jensen the purple berries. He glanced at them before laughing. He smiled for a moment before glaring at everyone again.

Jensen: Follow me to the kitchen, everyone.

Later...

The contestants were all sitting at a table. Loser team 1 was on one side while Loser team 2 was on the other. Jensen placed two glasses of fruit juice on the table.

Jensen: Now, it's time for the second part of the challenge. One member from each team must drink a glass of fruit juice. I made them using the fruit you guys gathered earlier. First person to finish wins immunity for their team.

Nick: Where's our advantage?

Jensen gave Nick an annoyed look.

Jensen: I was getting to that.

**Nick: Our advantage better be good. I suspect it won't be. But it better be.**

Jensen: So, as Nick pointed out, Loser team 2 has an advantage. Whoever drinks the fruit juice on your team only has to drink half of it to win. Now, each team better choose who will drink the juice.

**Grett: I'm not drinking any of the juice. Not when I know Fiore passed Jensen those poisonous berries.**

Nick: Are you taking the piss? This is a stupid advantage. I refuse to drink your crummy juice. Someone else will have to do it.

Grett: Well, if I can, I would like to suggest that Ellie does it.

Ellie: Tom, you're doing it. I don't care if you don't want to. It's the least you could do.

Tom: Fine, I'll do it.

**Tom: It doesn't matter who does it. If I can't do it, we'll just vote Ellie out anyway.**

Dan sniffed the glass of fruit closest to him.

Dan: Nah, I'm not drinking that.

**Dan: That juice is poisonous, I'm sure of it. Miss F must have used some bad berries. Question is, why would she do that?**

Alec: Miss F will do it, won't you?

Fiore looked nervously at Alec before sighing.

Fiore: I'd rather not.

Drew: It's ok, Miss F. Alec will do it.

**Drew: I volunteered Alec because I'm sick of him treating Miss F badly.**

**Fiore: Obviously, I want Alec to drink the juice so he gets poisoned and dies. Then he'll never be able to be a fucking asshole towards me again.**

Fiore: Yes, Alec. Can you please do it?

Alec: No, I'm not doing it. You can't make me.

Drew: We'll vote you out.

Alec: Do I need to remind all of you that I have an immunity totem? So you can't vote for me.

Nick: Alec has a totem? Wait, how come their team still has four members?

Jensen: Well, there was a twist at the elimination and...

Nick got frustrated and glared at everyone.

Nick: Ah, this season smells like piss so far. And what I mean by that is, it sucks.

Dan: Look, how about this? You drink the juice and Drew and I won't vote for you.

Alec just gave Dan a confused look.

Alec: Do you think I was born yesterday?

**Alec: This is dumb, I don't want to drink the stupid juice. But if Dan and Drew really do decide not to vote for me, they'll vote for Fiore. And I won't have to use my immunity totem.**

Dan: Do you accept the offer or not?

Alec: Ok, you guys don't vote for me next time we are at elimination and I'll drink the juice.

Dan: Done.

**Drew: Yeah, I'm still voting for Alec if we lose.**

Jensen: Ok, Alec and Tom, you may now drink the juice. Remember, Tom only has to drink half before Alec drinks all of his in order to win.

Alec and Tom each pick up a glass of juice and go to drink it. Dan gives a funny look towards Tom before he sighs.

Dan: Wait, can Alec swap drinks with Tom?

Jensen: Whatever, just drink.

Alec: Do you want to swap drinks, Tom?

Tom: Yes, actually.

**Tom: The other drink looked disgusting so I figured I won't be able to drink it. And then, we can vote Ellie out when I fail. But I can't be too obvious. I have to be seen to be trying.**

Alec and Tom swap drinks and start drinking the juice.

**Dan: I got them to swap drinks because Alec had the poisonous one originally. I can't have Alec getting poisoned since he's on my team. And as much as I hate him right now, I need my team to start winning.**

Tom started to cough. He stopped drinking the juice while continuing to cough.

Tom: This juice is very unpleasant.

**Tom: I'm not even acting. This juice is undrinkable. What the hell is in this?**

Alec: Mine is quite nice. I'm busy savouring the flavour.

Fiore: Well, just hurry up. Tom's started drinking again.

Tom had started drinking again and within moments had drank half the juice.

Jensen: Tom wins immunity for his team.

Grett and Nick cheered while Ellie looked relieved.

Dan, Drew and Fiore glared at Alec. But Alec looked like he didn't care.

**Alec: We lost. But it doesn't matter. Because I have a totem and I'm going to kick out Fiore with it tonight.**

**Fiore: Ugh, Alec was supposed to drink the death juice, not fucking Tom. But I couldn't say anything without looking suspicious. I hate this fucking show.**

Jensen: Time for another twist. The elimination will be right now. In front of the other team.

Grett: Oh, we get to watch. This will be fascinating.

**Grett: Very curious to see how this goes.**

Jensen: Now, Loser team 1, get voting.

Alec: Wait, before we vote, I just want to say... Miss F is actually Fiore in a robot suit. So, just remember that. I trust you'll make the right choice.

All of Loser team 2 looked shocked. Ellie in particular.

**Ellie: What the hell? That better not be true. Either Alec is lying or... Gosh, this season has sucked.**

Fiore glared at Alec before she stood up and lost it at him.

Fiore: Alec, you fucking piece of crap. You just had to tell everyone that, didn't you? You think you're so fucking clever, don't you? Well, guess what. You're not. I know I just exposed myself and lost the game right now but I don't even care anymore. My life ended 10 years ago when you got me frozen in ice by refusing to help me. Go ahead guys, vote me out. I fucking dare you.

Drew looked stunned while Dan smiled.

**Dan: Oh, so that's what Alec knew. Haha.**

Jensen: Now, go vote already.

**Alec: Goodbye, Fiore. It was not nice knowing you.**

**Fiore: Not that it matters but I vote for the asshole called Alec.**

**Dan: I can't believe I'm doing this but...**

Jensen: Ok, I'll read the votes.

Dan: Wait, I have an immunity totem. And I want to use it on Fiore.

Fiore: What?

Dan: You heard me.

Fiore smiled at Dan.

Fiore: Thanks for saving me.

Dan passed the immunity totem to Jensen.

Alec: Wait, that was my totem. You stole it.

Dan: I know, I nicked it while you were drinking the juice.

Alec looked like he was going to explode while Drew glared at Dan.

**Drew: What the hell is Dan doing?**

Jensen: Votes for demon child, so Fiore, do not count.

We have 3 votes for demon child. None of these count. There is one vote left. The first person voted out of Disventure Camp Season 3 All Stars is cry baby. Alec, you're out. For real, this time.

Alec: I hate relationships. All of you suck. Especially you, Fiore.

Alec stormed out.

**Fiore: I don't get why Dan saved me. But at least now I still have a chance to win. Then maybe I can pay someone to work out how to free me from this miserable block of ice.**

**Alec: Fiore, you are the Spawn of Satan. I hope you disappear for good somehow. You deserve it after that performance.**

#### **Episode 4: Cheaters Never Prosper**

Jensen: Welcome back to Disventure Camp Season 3 All Stars.

At the Loser 2 team camp...

Ellie: Hey, Tom. I have something I wish to tell you. It's not going to be easy for me to say this but...

Tom: What is it, Ellie?

Ellie: Well, getting attacked by the bear made me rethink some things. And I realised that as much as I'm desperate to win the money, I at least owe it to you to be honest with you.

Tom: What did you lie about now, Ellie?

Ellie: I didn't lie. I just didn't tell you something I definitely should have.

**Ellie: What I am about to tell Tom sounds awful but I was desperate. Besides, all I can do now is be honest.**

Tom: Spit it out, then.

Ellie: Jake cheated on you.

**Tom: I'm not falling for this. How stupid does Ellie think I am?**

Tom: Ellie. I just want to tell you right now that I have no idea what you're trying to do. But it isn't going to work. Jake would never have cheated on me, especially after last season.

Ellie: Tom, he did cheat on you and I know he did because he...

Tom glared at Ellie who looked nervously back at him.

Ellie: Because he cheated on you with me. Twice.

Tom looked mad at this.

Tom: Ellie, you better not be lying. I already hate you. If this is a lie, I swear I will...

Ellie: It's not a lie. And I can prove it.

Tom: How?

Ellie: Well, while you were at work at your new job as a circus ringleader, I went to your house to visit Jake.

**Tom: What? But I haven't told anyone except Jake that I'm now a circus ringleader. I started doing that 5 years ago. I was often away for long periods of time.**

Tom: How do you do know I'm a circus ringleader now?

Ellie: Jake told me when I went over there. Anyway, I went to your house and...

Tom: But how did you know where we lived?

Ellie: I tried to look up your old spy details and an address came up. I had a run of bad luck and had lost everything. So I went to your house to beg Jake for money since he won season 2. And then, one thing lead to another and well, he cheated on you with me on two separate occasions. You see, I didn't have anywhere to go, so I moved in with Jake for a bit. I broke things off with him after he gave me some money. I'm sorry, Tom.

Ellie started to cry as Tom looked flabbergasted and unwell.

Tom: What would Gabby say about this?

Ellie: I, um, haven't told her yet. I've been avoiding her because she'd hate me if she found this out.

**Tom: I can't believe this. Jake actually cheated on me after accusing me of cheating on him when I didn't at least twice. You're got to be kidding me.**

Ellie: Are you ok, Tom? You don't look well.

Tom: No, I'm not ok. I don't know what to say, Ellie. I hate you. Don't be surprised when I vote you out.

Ellie: I won't be. I hate myself too.

Ellie smiled sadly at Tom.

Ellie: But at least I told you eventually, right?

Tom: That doesn't make it ok. I don't even care that much that you did this to me. But what about the fact that you cheated on Gabby and couldn't even bring yourself to tell her?

Ellie looked down as Tom continued.

Tom: When did this happen anyway?

Ellie: 5 years ago.

Tom: You mean, you've kept this hidden for 5 years. You're messed up, Ellie.

**Tom: The truth is Jake broke up with me a while back. I always thought it was because he wasn't ready for a relationship. But thinking about it, it was because he was off with Ellie.**

**Ellie: Ok, I know what I did was bad. But all I can do now is apologise. I hope Gabby doesn't watch this before I can tell her though.**

Meanwhile...

Grett: So, what did you think about Miss F actually being Fiore?

Nick looked annoyed.

Nick: I hate that little wanker. At least that explains why she hit me. But, I must admit, getting to watch the elimination was a nice surprise. And Alec getting wrecked like that was so funny. He was all like, I hate relationships and all I could think was, I hate you. He's still the main reason I lost season 1 all those years ago.

**Nick: Alec, I hate you. Why did you vote for me 10 years ago? I hadn't even done anything.**

**Grett: Well, seeing the other teams elimination was very helpful. And Fiore revealed herself in front of everyone so I doubt she'll last any longer. But the main thing it showed me was that I need to be weary of Dan. He stole Alec's immunity totem after all.**

Nick: If I get the chance, I'll tell everyone about our relationship.

Grett: Great.

**Grett: Oh boy. At least Nick is going to vote with me.**

Meanwhile at the Loser 1 team camp...

Drew: Ok, Dan. What the hell was that rubbish you pulled at last night's elimination?

Dan: I'm playing for myself, Drew. I already told you. I'm not losing to something dumb this time.

Drew: But surely once Fiore got exposed you would want to kick her out?

Dan: Fiore isn't a threat. She finds that robot suit extremely awkward to control. She's even weaker than she used to be.

Drew: And what about the deal you made with Alec? You know, the one you dragged me into.

Dan smirked at Drew.

Dan: Well, the deal was we wouldn't vote for him. We didn't vote for him. We voted for Fiore with him. Not my problem he went home instead. So we did honour the deal.

Drew glared at Dan.

Drew: I don't like your gameplay.

Dan just looked confused.

Dan: But it's working great. Don't you get it, Drew? This is the only way to win the game.

Drew: You're wrong. You can win the game playing honourably too.

Dan: But I am playing honourably. I honoured the deal with Alec, remember.

**Drew: Dan is playing in a way that I don't like. I think he thinks this is his only shot at winning. But he's wrong. And I'm going to show him that he is.**

Dan wandered over to Fiore.

Dan: Would you be interested in an alliance with me?

Fiore: Sure, now go away. I hate people and that includes you.

Dan: Fine, I'm going.

Dan gave Fiore a funny look but did as she asked.

**Fiore: I hate all of these people. I know Dan saved me from getting eliminated but he's an asshole too. Everyone is. He just wants to use me to get further. But I agreed to an alliance with him because I don't have a choice. This is the only chance I have at fixing my miserable existence.**

**Dan: I think Fiore is still bitter about being frozen. But I can use that to my advantage.**

Later...

Jensen: So, today, the challenge is simple. In your teams, you will play a game of Monopoly. Whichever team wins the Monopoly game gets the immunity. The losers will vote someone out.

Later still...

Nick: We will give you 2000 dollars for Mayfair and Park Lane.

Dan: Done.

Grett: No, that's a terrible deal.

Fiore: Well, it's too late. Dan already accepted the deal. So, suck it up, asshole.

Fiore smiled at Grett and received a glare in response.

**Grett: I'm remembering why I hate Fiore so much now.**

**Fiore: Being mean is fun. Besides, everyone here deserves it.**

Ellie: Nick, why the hell did you give the other team that much money?

Nick: Ellie, don't you know anything about Monopoly? With these two properties, we get a ton of rent with hotels here.

**Ellie: Nick sucks at Monopoly. And in general.**

Ellie looked shocked at Nick's stupidity.

Ellie: But we won't be able to stick hotels there because you spent all our bloody money. And to top it all off, you only get 2000 dollars for a hotel on Mayfair, anyway. Which in case you don't remember is the amount you just blew on the trade, you idiot.

**Nick: Ellie didn't have to snap at me like that. I'm only trying to help the team win. And I'm really trying for once.**

Tom: Ugh, I don't feel good.

Tom then passed out.

**Fiore: Hopefully, he's dead. I think the poison from those berries finally killed him.**

**Drew: No, not Tom. What happened to him anyway? Wait, was it that juice? Oh, Fiore poisoned him with the berries.**

**Ellie: Well, if Tom dies I'm safe so... I feel a little bad though.**

**Dan: I should have told Tom about the poison berries. Especially after he drank the juice. But I couldn't do that without admitting I knew that they were poisonous. And since I swapped the drinks, Tom would blame me for poisoning him.**

Grett: Dang it, we just went bankrupt and lost.

Nick: I knew we should have done that trade earlier.

Grett sighed.

**Grett: Nick is a moron. But at least, he'll vote with me tonight.**

Jensen: Loser team 1 wins immunity.

Fiore: In your face, assholes.

Dan: Yeah, we won a challenge.

Drew: Great.

**Drew: I kind of wanted us to lose so we could kick Fiore out but anyway. I hope Tom is ok.**

Jensen dragged Tom off as Ellie turned to Grett.

Ellie: Do you think he'll survive?

Grett: Well, he only drank half the juice so maybe. But those berries are dangerous if you eat any so...

Ellie: Hmmm.

**Ellie: I just realised that Fiore gathered those berries in order to poison someone. And she probably wasn't aiming for Tom. Oh well, she still knowingly poisoned him. She really is an irredeemable monster.**

Later... at the Loser 2 team camp...

Grett: So, should we vote for Ellie or Tom? Because if Tom survives and comes back, those 2 will definitely vote for each other.

Nick: Vote for Tom. If he comes back, he's probably going to be pissed about getting poisoned and I'd rather not deal with that.

Grett: Isn't Ellie more dangerous?

Nick: No. I at least know how Ellie works.

Grett: Well, I want to vote for Ellie.

Nick: And I don't. So you can piss off, Grett.

**Nick: I don't know anything about bloody Tom. Don't they say keep your friends close and your enemies closer? So since Ellie annoyed me today in the monopoly game, she is my enemy and I should keep her in.**

**Grett: Nick, you idiot. We need to vote for the same person. Otherwise, Ellie and Tom could kick one of us out. But I think I should be fine either way. Because there is no way Ellie and Tom wouldn't vote for each other.**

Ellie walked over to Grett and Nick. She smiled at them.

Ellie: Are you guys going to vote for Tom? Assuming he doesn't die, of course.

Nick: Yes, oh, by the way. Grett and I are dating now.

Ellie looked shocked and a bit upset at this.

Ellie: Um, I'm happy for you guys.

**Ellie: I am happy for them. I'm just upset because I've probably ruined my relationship with Gabby and for what, a little bit of money. It wasn't worth it. I know that now.**

Ellie left as Grett glared at Nick.

Grett: Nick, you idiot. Why the hell did you say we were voting for Tom?

Nick: Because we are. I mean, you're welcome to not vote for him. But if you do that, it's going to make it hard to continue our relationship.

**Nick: This relationship is a lot of work.**

**Grett: I'm trying so hard to be nice this season. But Nick is being a dropkick as usual.**

Later...

Jensen: Alright, it's elimination time.

Ellie: But, where is Tom?

Tom then stumbled in.

Grett: Tom, you're alive.

Tom: Yes, no thanks to any of you. How many of you knew that juice was poisonous before I drank it?

Grett looked guilty but then had an idea.

Grett: Tom, listen. Dan must have known that juice was poisonous. That's why he wanted you and Alec to swap drinks.

Ellie: And the berries were from Fiore.

Tom looked mad but then sighed.

Tom: I guess I can't really blame any of you. Fiore's the one who actually poisoned me. And Dan knew but swapped the drinks anyway. So, it's their fault.

Ellie: Dan also left me with a bear.

**Tom: Knowing what I know now, Dan probably did leave Ellie with the bear. That being said, I have to vote for Ellie to survive.**

Nick: Is that what you were upset about earlier when I mentioned Grett and I were dating?

Ellie suddenly looked nervous.

Ellie: Um, no. Not exactly.

**Ellie: No. This is not good. If Tom tells everyone I cheated on Gabby with Jake now, I'm toast.**

Tom: Ellie was upset because she cheated on Gabby with Jake twice. And only ended things because she got money out of it. You guys mentioning your new relationship probably upset her.

Grett: What, Ellie? Is this true?

Ellie: It's true. But it happened 5 years ago and...

Grett whispered to Nick. He whispered back. Grett sighed.

Jensen: Time to vote, losers.

**Tom: Ellie. I hate you. I have to vote for you anyway if I want to stay.**

**Ellie: I vote Tom. Did you seriously have to tell Grett and Nick what I did? I already apologised to you.**

**Grett: Ellie needs help. Oh, I don't know who to vote for.**

**Nick: My vote goes to you. Sorry, but you're not very fun to be around.**

Jensen: Ok, I'm reading the votes. First vote is for mystery guy, so Tom. Next vote is for desperate face, so Ellie. Next vote is for fat lady, so Grett.

Grett: What? Who voted for me?

Nick started laughing causing Grett to glare at him.

Grett: It was you.

Nick: So, it won't matter.

Jensen: So, we have one vote for Ellie, one for Tom and one for Grett. The second person voted out of Disventure Camp Season 3 All Stars is mystery guy. Tom, you're out.

Tom: What? But I got poisoned trying to help the team. And Ellie literally ruined my relationship with Jake. Ugh, bye then, I guess.

Tom walked out slowly.

**Tom: Seems like everyone is a snake this season. Oh well, at least I survived the poison juice. And I don't have to see Ellie anymore.**

### **Episode 5: A letter of Sadness**

Jensen: Welcome back to Disventure Camp Season 3 All Stars.

At the loser 2 team camp...

Ellie: I can't thank you enough for keeping me in, Grett.

Grett: Shut up. I didn't do it for you. I did it for stupid Nick to make sure we voted for the same person. And then he went and voted for me just to be funny. God, I hate him.

Ellie gave Grett a strange look.

Ellie: Aren't you dating him though?

Grett: Oh, that's just a rubbish idea Nick had. I'm just pretending to date him. I don't actually want to.

Ellie: Oh.

**Ellie: Grett just stuffed up. If I tell Nick that Grett doesn't want to date him, he'll lose it. And then I can vote Grett out with Nick.**

**Grett: I probably shouldn't have told Ellie that. Oops.**

Grett: Anyway, you better not tell Nick what I just told you.

Ellie: Why not? Pretending to date someone when you hate them is messed up.

Grett: You don't get to judge me after what you did.

Ellie: But I apologised to Tom already.

Grett glared at Ellie as she stomped towards her and got right in her face.

Grett: Listen here, you shit head. Apologizing to Tom doesn't fix the problem. You ruined his relationship with Jake, I reckon. And for what? So Jake would pay you? Do you even realise how bad that sounds? Does Gabby even know that you cheated on her? Probably not. And you did it twice. I hope Gabby kills you when she finds out.

**Grett: Well, so much for me being nice.**

**Ellie: Grett, I already know I screwed up. But it was 5 years ago and it doesn't even involve you. So, shut up. Besides, anyway, you couldn't make me feel any worse.**

Ellie: How dare you suggest that Gabby kills me. You know what, Grett. I may be a terrible person but at least I'm trying to fix my mistakes. I'm going to write a letter to Gabby right now that tells her what I did. Then she'll be upset but at least I'll have told her the truth.

Nick then walked past holding a sheet of paper.

Nick: Um, Ellie. You might want to read this.

Grett jumped on Ellie and the two of them rolled around on the grass while they attacked each other.

Nick: Ellie, this bit of paper is from Jensen. He asked me to give it to you.

Ellie: Not now, Nick. I'm sure the paper can wait. I'm too busy fighting Grett because she can't seem to understand that this isn't her business.

Nick: It's from Gabby.

Ellie and Grett immediately stopped fighting and got up.

Grett looked at Ellie.

Grett: Sorry, I attacked you.

Ellie: It's fine. I get why you did.

**Ellie: Ugh, Grett's even more annoying than Tom was.**

**Grett: I apologised to Ellie because if that bit of paper is from Gabby, well, let's just say I don't need to punish her anymore.**

Nick passed Ellie the paper.

Ellie: Um, can I read this in private?

Nick: Sure, come on, Grett. Let's go date some more.

Grett groaned but followed Nick as he wandered off.

**Nick: I must admit. Dating Grett is quite fun. I only voted for her last time because I didn't know who to vote for between Ellie and Tom after what Tom said.**

Ellie started to read the paper.

Dear Ellie.

I just found out what you did from Tom of all people. I can't believe you would cheat on me twice. And then not tell me. Were you ever going to tell me? And you know what the worst part is, Ellie. I've been busy planning our wedding for years and all the while, you've been off cheating on me and trying to hide it. Our relationship is over. I'll never forgive you for this.

Ellie cried before she read more.

Unless of course, you fix Tom and Jake's relationship and you quit the show today. You probably won't be allowed to quit so just get yourself voted out. If I hear from Tom at the end of the day that you fixed their relationship and booted yourself out, I'll forgive you. Your choice, Ellie. Yours truly, Gabby.

**Ellie: How am I supposed to do this though? And especially in a day. Whatever, I have to try. Gabby, I promise I will attempt to make things right.**

Meanwhile... at the Loser 1 team camp...

Drew: You tried to kill Tom by poisoning him with the berries? Didn't you, you little monster?

Fiore: No, I was trying to kill Alec. But then fucking Dan got them to switch drinks. I was so pissed when Tom drunk the death juice instead. But anyway, Dan somewhat redeemed himself when he saved me with Alec's immunity totem. And now, we're going to vote you out.

Drew: What, Dan would never vote with you.

Fiore: Why'd he save me, then? Face it, Drew. You have already lost.

Drew: He saved you because he thinks that behaving badly is the only way to win.

Fiore smiled at Drew.

Fiore: Well, guess what. He's right. The only reason I haven't won this fucking show yet is because I haven't behaved badly enough.

Drew: What? Fiore, you can't be serious.

Fiore: I'm always serious. Deadly serious.

**Drew: Fiore isn't normal. I need to stop Dan from following her.**

**Fiore: Drew's an idiot. Obviously, the person who wins has to behave badly. Why would everyone treat me like the fucking devil if this wasn't true? I obviously have received shit treatment from everyone because that's how you win.**

Drew: Fiore, listen. Your life doesn't have to be like this.

Fiore: What the hell does that mean? My entire life has been shit and this show certainly hasn't helped. And everyone acts like I'm the fucking problem for some reason. Even my parents.

Drew: Because you are the problem. Look, you got frozen at the end of season 2. You want to know why no one helped you?

Fiore glared at Drew.

Fiore: I already know why. Because you're all assholes who care more about your own problems than me. The world is full of assholes, Drew. The sooner you realise that everyone hates everyone you'll...

Drew: The reason no one helped you wasn't because we don't care about people. It was because we don't care about you. And we don't care about you, Fiore. Because you may as well not be human. You're basically a monster trapped in a human's body. I've never seen a human as deplorable as you.

Fiore: You fucking asshole. Are you seriously trying to tell me that I don't deserve to be called a human?

Drew: Yes.

Fiore tried to slap Drew in the face but he ducked before he ran off.

Fiore: Get back here, you asshole.

**Fiore: Why can't anyone just accept me? I may be a monster but it doesn't mean I deserve to be frozen for years on end.**

**Drew: On the first season of the show, I originally thought Fiore was adorable. But she isn't. She's deplorable. I may have been a bit too harsh but I think Fiore needed to hear it.**

Meanwhile...

Dan was in the production tent watching footage.

**Dan: Yeah, so I hacked into the production tent computer and guess what I found. Footage of the entire season so far. Unfortunately, it isn't very helpful as it also includes like 10 hours of Fiore being frozen. And I can't fast forward.**

Later...

Jensen: Today, we have a special challenge.

Nick rolled his eyes.

Nick: Oh, great. What is it?

**Nick: I know from experience that if this show ever surprises you, it's always lame.**

Jensen just ignored Nick.

Jensen: What if I told you the eliminated contestants get to watch the show on a big TV as it continues on.

Ellie: What?

**Ellie: No. No. No. Now Tom is going to know what I have to do to fix my relationship with Gabby. And he's going to block me from doing it because he's a dick. Dang it, he'll know I said that too.**

Nick: What, but that's stupid. They'll learn all our dirty secrets.

Jensen: Well, they have already been eliminated so it won't matter. They might hate you though.

Fiore looked furious at this as Jensen continued.

Jensen: I'm joking. The eliminated contestants aren't watching. They will be back to watch the final though.

Dan: So, this was just a joke.

Jensen: Yes, just like how someone hacking into the production tent computer and trying to snoop was a joke.

Jensen gave Dan a menacing look as he frowned.

**Dan: Dang it. I got busted. Fine, I won't do that again. I just don't want to lose to something dumb yet again.**

Jensen: Now the challenge is very simple. There isn't one. Everyone will go to elimination right now and you will vote someone out as a group. You don't have to vote for people on your team either.

Uproar from the contestants was heard.

Grett: This is a dumb twist. Like really dumb.

Fiore: You've got to be shitting me. If I lose because of this, I'll fucking kill you, Jensen.

Jensen: Need I remind you that you're frozen in ice? If I took your robot suit away, I could end you very easily.

Fiore pouted but decided to shut up.

**Fiore: I fucking hate Jensen and everyone else for that matter.**

Dan: Why are the twists this season so freaking dumb? This is unfair.

Jensen: This is All Stars. Not fair stars. Now vote.

Ellie: Wait, guys. Please vote for me. I ruined things with Gabby, and Jake and Tom for that matter. I need to go home and fix it. Please.

Everyone looked suspiciously at Ellie.

**Dan: Ellie has an immunity totem. Doesn't she? You never just ask people to vote for you. I'm not falling for this.**

Jensen: Go vote, now.

**Fiore: Ugh, I vote Ellie. Since it's my best chance of surviving. But why does every twist seem to fuck me over? It's like the universe wants me to die.**

**Dan: Not voting Ellie as I bet she has a totem.**

**Drew: This twist is awesome. Because now I can vote Fiore out.**

**Grett: I'm not voting out someone on my team. So, goodbye Fiore.**

**Nick: This is dumb. I hate this game.**

Jensen: Ok, I'll read the votes. First vote is for demon child, so Fiore. Second vote is also for demon child. So that's two votes Fiore.

Fiore glared at everyone and was visibly shaking in anger.

Nick: Geez, Fiore's pissed.

Jensen: Desperate face, so Ellie. Another desperate face. One vote for notebook, so Drew.

Drew: What? Fiore, was that you?

Fiore growled in response.

Fiore: No, it wasn't.

Dan: It was me.

Jensen: Ok, so, we have two votes for Fiore, two for Ellie and one for Drew. The third person voted out of Disventure Camp Season 3 All Stars is... Desperate face. Ellie, you're out.

Grett: What? That can't be right.

Ellie: It's right. I voted for myself.

Everyone's jaw dropped.

Ellie: I need to fix things with Gabby, and Tom. And Jake. See you guys.

Grett: Jensen, Ellie shouldn't be allowed to vote for herself. That's stupid and against the rules.

Jensen: Hmm, I'll allow it. It's funny.

Ellie walked out.

**Ellie: Some things are more important than money. Gabby, I will fix things with you. I promise. No more doing scummy things for money. I learnt my lesson.**

### **Episode 6: Reunion of the Not Stars**

Jensen: Welcome back to Disventure Camp Season 3 All Stars.

Jensen and Mini Derek stood in the cabin.

Mini Derek: Today is a bit different.

Jensen smiled for a moment.

Jensen: Yeah, it is. Because today, I'm throwing a party for all the previous contestants that were so pathetic that I couldn't invite them back for All Stars. The Not Stars, if you will.

Mini Derek: What about Jake and Miriam?

Jensen: Oh yeah. Them too. And here come the Not Stars now. Everyone entered the cabin and stood in front of Jensen. Some looked happy. Others did not.

Jensen: Hey, guys. Welcome to the reunion party.

Will looked around to see one random balloon in the corner.

Will: Um, this looks like a pretty lame party.

Ashley: Yeah, couldn't you have tried a bit harder?

Jensen glared at Ashley and Will.

Jensen: Silence, you losers. Just be glad you got invited to a party at all. As the people who didn't qualify for All Stars, you're lucky I'll even talk to you.

Will: Sorry, you're right.

**Will: Looking around at the cabin we are in and the other people here got me thinking. Did Fiore get invited to All Stars? Because isn't this the cabin where she was frozen? She's not here.**

Ashley: Well, I'm not sorry. I should have been invited back to All Stars.

Jensen just laughed at Ashley.

Jensen: Sorry, Trashley. But you were way too shit at the game to come back. Your average placement across two seasons is twelfth. Out of 14 people. That's really shit.

Will: Hey, you can't talk to her like that.

Jensen looked stunned but recovered.

Jensen: Since when does scaredy pants here defend people? Wow. Anyway, you're right. I apologise, Trashley.

Ashley: Hey, stop calling me that.

**Will: I defended Ashley because she's my girlfriend and also because I'm not scared anymore. Mostly.**

Jensen: Anyway, the point of this party is for you guys to decide who you don't want to win this all stars season. You will vote and whoever you pick will receive a penalty if they make the final.

Jake: Well, uh, is Fiore in it?

Gabby glared at Jake.

Gabby: Everyone who isn't here is in it, Jake. Or should I say, Mr Fake.

**Gabby: Jake took my Ellie away from me. So, I'm letting him have it.**

Jensen: Gabby is correct. Everyone who isn't here is in it. Or was in it. 3 people have been eliminated so far.

**Jake: Why did Gabby call me Mr Fake? I'm not fake. I don't know what's going on.**

Lill: Wait, but how does that work? Did you manage to unfreeze Fiore? Is she ok?

Jensen: No and no. I installed her in a robot suit that is eye operated. Since she still has eye movement even while frozen, she can somewhat move around. The suit even allows her to glare, cry, talk, etc.

Miriam: So, you turned her into a bloody robot?

Jensen: Yes.

**Miriam: I'm glad I wasn't invited back. I already won. Besides, Jensen is annoying and I certainly wouldn't want to deal with Fiore in a robot suit at this age. Even if she is still frozen.**

Lill: That's just cruel. You can't just freeze a little girl for 10 years and then stick her in a robot suit. Just so she can compete on your show. And then be like, good luck. You should be ashamed, Jensen.

Jensen: Fiore only got frozen because none of you helped her. And that includes you, Lill.

Lill had a guilty look on her face.

Lill: I suppose I can't argue with that. But you should be trying to help her.

Jensen: I did. Do you know how much that robot suit cost? And it was extremely difficult to install Fiore in there without her dying.

**Lill: Look, I hate Fiore too but Jensen should try harder to help her. She's still just a child.**

Jake: Wait, voting for who we want to lose is dumb. Because most of us will just vote for Fiore.

Gabby: Don't you mean all of us, Jake?

Jake: No, because I'm voting for Ellie.

Gabby gave Jake a nasty look.

Gabby: What? Stuff you, Jake. I know what you did. And now you want to penalise Ellie just because you got busted. Did Tom suddenly come home and yell at you about it?

Jake glared back towards Gabby.

Jake: I don't know what you are talking about. And I don't like your tone, missy.

Gabby: Oh, for crying out loud. Just admit it already, you stupid goose.

Jake: Admit what?

**Jake: I seriously have no idea what Gabby is on about. She seems very upset though.**

Gabby: That's it. I've had it with you. Jake cheated on Tom with fucking Ellie. Twice.

**Gabby: It felt good to expose Jake. Even if I'm still upset.**

Everyone looked stunned.

Ashley: I'm sorry. Gabby.

**Ashley: Gabby doesn't deserve that. I don't know what I would do if Will ever cheated on me. Probably cry. Or attack the person who he cheated on me with. Or both.**

Miriam: Is this true, Jake?

Jake: Well, no. Not exactly.

Jake looked nervous while Gabby looked beyond angry.

Jake: You see, Ellie did come over. She asked me for money since I had won season 2. But you know, since I don't like Ellie that much, I said no. But Ellie was desperate and willing to do anything for money. So I told Tom this when Ellie wasn't around. Tom suggested that I should see how far Ellie would go. We came up with the idea of seeing if Ellie would cheat on you, Gabby. And then she actually did...

Jake paused and looked at Gabby. He smiled at her but she glared back.

Jake: So no, I didn't cheat on Tom. Because he was ok with this experiment. We never expected Ellie to actually do it. I'm sorry, Gabby.

Gabby: Are you seriously trying to tell me that Tom was in on this too? That you didn't cheat on Tom because he knew? That you were exploiting my desperate Ellie, just trying to see what she'd do? That's it. I'm leaving. I hate you and Tom. You leave my Ellie alone.

**Gabby: I can't believe this. So Jake and Tom were just messing with Ellie like she's a toy. And yet, their relationship is fine, it's mine that's stuffed.**

Gabby went to storm out but Jensen stopped her.

Jensen: You still have to vote for someone to get that penalty, Gabby.

Gabby: I vote for stupid Tom.

Gabby then left, slamming the door behind her.

Miriam: Jake, what you and Tom did was uncool. You hurt Gabby and now she feels bad.

**Miriam: Jake and Tom stuffed up again. But what else is new. I just hope they learnt their lesson.**

Jake: I know. I'm sorry. And I'm sure Tom is sorry too.

Jake started to cry as Ashley looked confused.

**Jake: I'm sorry, Gabby. I hope you and Ellie can fix your relationship.**

Ashley: How did Gabby find out about this?

Jensen: I can answer that one for you. See, as host of all stars, I know everything and have footage of everything. But basically, Ellie told Tom and then Tom got eliminated. And he told Gabby, I'm guessing.

Ashley: Hold on a minute. Why didn't Tom tell Gabby the proper story then? Because she clearly didn't know.

Lill: He probably just didn't want to upset her more.

Ashley: Well, that's stupid. People should tell the truth. Just not around Alec.

Will: What happened with Alec?

Ashley: Dang it. I shouldn't have opened my mouth, should I? But basically it was just after you won season 2, Jake. I was on the frozen lake looking at the hole Fiore fell in. Alec showed up and wondered what I was doing. One thing led to another and I told Alec that Fiore deserves to be frozen forever. And then he snapped and pushed me into the hole in the ice. I tried to climb out but Alec pushed me in again. And then the ice froze over, trapping me underwater. I panicked and pressed my hands against the ice, trying to find a way out. But there wasn't one. Alec just looked at me like he didn't care. He left me there for about 2 minutes before I passed out. When I came to, I was back at the cabin with Alec. He said sorry, followed by still think Fiore deserves to be frozen forever? I didn't answer and just got out of there as fast as I could. Which wasn't that fast since I almost drowned.

Everyone looked stunned, especially Will.

Will: Why didn't you tell me this?

Ashley: Well, I didn't want to worry you. Besides, I'm over it now. That was 10 years ago.

**Ashley: Alec, I hate you. Not quite as much as Fiore but still a lot. And I'm still not over it. You almost drowned me.**

Jensen: Well, as stunning as that story was, it's time for you to vote on who gets the penalty. Gabby voted for Tom but the rest of you need to vote now.

**Miriam: Well, after the stories I heard, I have to vote Alec.**

**Jake: Ellie, because you didn't have to cheat on Gabby. Even if Tom and I influenced you.**

**Ashley: Fiore, I vote for you. Since I'm pretty sure that Alec only did what he did because he was defending you.**

**Will: I vote Alec. Poor Ashley. That would have been so scary.**

**Lill: Alec, I vote for you. Since unlike Fiore, you are an adult. You should behave better. To be fair, she should too but anyway.**

Jensen: Alright, you voted for Alec. I can now reveal that he isn't in the game anymore, anyway.

Miriam: So, no penalty then.

Jensen: Not unless Alec returns and makes the final.

Miriam: Drat. What was the point in all this then?

Jensen: Well, really the point was just to have another dumb twist for the show.

Miriam looked unamused.

**Miriam: This was a rubbish party.**

### **Episode 7: Laser Cave**

Jensen: Welcome back to Disventure Camp Season 3 All Stars.

Jensen: Well done, guys. You made the merge. You guys have somewhat proven that you aren't hopeless. You can now sleep in the cabin. No more teams, no more camps.

Dan: Yes. I finally made the merge. Woo hoo.

**Dan: Now that I've made the merge for once, nothing will stop me from winning. Nothing.**

Later... at the cabin...

Drew: Dan, why did you vote for me? I thought we were friends.

Dan smiled at Drew.

Dan: We are friends, outside of the game. But in it, we must play to win. And that means being friends with no one.

**Drew: What? Dan has lost the plot. He's literally becoming Fiore and he doesn't even realise.**

Drew: But Dan, we can be friends while playing the game. I'm concerned that you are becoming Fiore without realising.

Dan just looked stunned.

Dan: Excuse me? I am not like Fiore. I'm just playing the game.

Drew: But you're being mean and doing bad stuff. You knowingly swapped the drinks so Tom drank poisonous juice. And you didn't even tell him about it.

Dan: Wait, how do you know about that?

Drew: Because it's obvious, Dan. Why else would you swap the drinks like that?

Dan: I didn't want Alec to drink the juice because he was on our team. I was trying to be a team player.

Drew: Are you serious? Being a team player doesn't mean killing the other team.

**Drew: I think I've lost Dan. Friendly Dan, please come back. New Dan sucks.**

Dan: Well, it's not my fault someone used poison berries.

Drew: I can't believe you, Dan. You've let your ego get in the way of being a good person.

Drew stomped off as Dan looked confused.

**Dan: I don't get why Drew is mad. Someone had to drink the poison juice. And I didn't even force Tom to drink it. I don't get it. I hope he doesn't find out about the bear thing.**

Grett and Nick wandered up to Dan while kissing. Grett looked uncomfortable.

Dan: Are you guys dating?

Nick: Yes. We are.

**Grett: I'm only putting up with this to keep Nick on side. Even though he hasn't voted with me once this season.**

**Nick: Grett and I had a talk. And we decided to progress our relationship to the kissing stage.**

Nick then glared at Dan.

Nick: Did you leave Ellie with a bear?

Dan: Um, no.

Dan looked nervous before sighing.

Dan: I mean, no, I didn't.

Grett: We don't believe you, do we, Nick?

Nick: No, we don't. Stop taking the piss, Dan.

**Dan: This is not good. Grett and Nick will vote together. If they team up with Drew they can vote me out. I have to get them to target Fiore instead.**

Fiore was hiding behind a bush and heard all this. She smiled.

**Fiore: Nick and Grett hate Dan now. So all I need to do is vote with them and Dan will be out. Hahaha.**

Fiore wandered up to Nick and Grett.

Fiore: Hey guys. Would you be interested in an alliance?

Nick: We don't trust you at all.

Fiore: Oh, come on. I know you fucking hate Dan right now.

Grett: Maybe so, but we hate you more.

Fiore: Fine, go die then. Assholes.

Fiore stomped off.

Nick: We need to vote her off.

Grett: Yeah, she's just too volatile. Who knows what she'll do next?

Nick: If we destroy her robot suit somehow, she won't be able to do anything. Then we can vote her frozen ass out.

Grett: Ok, I'll try and injure her at the challenge.

**Grett: I know I said I'd play nice. But well, this is All Stars. No one is nice here.**

Later...

Jensen: The challenge today is simple.

Fiore: There better not be another dumb twist.

Jensen: There isn't. Not today.

Fiore: Thank god.

Drew: So what's the challenge?

Jensen: The challenge is to go into this cave.

Jensen pointed at the cave behind him.

Jensen: Once in the cave, you will see a bunch of lasers. Past all of the lasers is a button. First person to press the button gets immunity.

Nick: This sounds piss easy. What's the catch?

Jensen: First catch is that the lasers are deadly. So if you touch one, you'll probably faint. Anyone who faints is out of the challenge. If everyone faints, then no one gets immunity.

Nick: It still sounds piss easy.

Drew: Nick, shut up.

Jensen: No, no. Nick wants it to be harder. So every so often, I will enter the cave and push someone into a laser.

**Fiore: This challenge sounds like crap. If I get hit by a laser, it will probably go right through the robot suit and melt the ice a bit. Which would lead to me dying. So I can't even do the fucking challenge without risking my life.**

**Nick: The challenges should be harder. This is All Stars. The winner should have to work for it. Even if I hate work.**

Fiore: I refuse to enter the cave.

All the other contestants entered the cave while Fiore sat outside and sulked. This was until Jensen picked her up.

Fiore: Put me down, you asshole.

Jensen: Ok. As you wish.

Jensen smiled before throwing Fiore as far into the cave as he could. Fiore landed with a thud, right in between 4 deadly lasers. Fiore tried to get up but soon realised she was surrounded. She managed to sit up before she glared at Jensen.

Fiore: Shit, You could have killed me. If one of these laser touches me, I'll die.

Jensen: Well, you deserve death anyway so...

Fiore: Fuck you.

Jensen just laughed in response.

Fiore: Aaaaah.

Fiore screamed as Grett landed on her and attempted to push her into a laser.

Fiore: Are you trying to kill me?

Grett: No, but I am trying to destroy your robot suit.

Fiore: But that will probably fucking kill me too. If I thaw out, I'll die, Grett. Is that what you want?

Grett was lying on top of Fiore, trying to drag her towards a laser. Fiore desperately tried to kick Grett off but to no avail.

**Grett: Before you ask, no, I'm not actually going to kill her. But Fiore doesn't need to know that.**

**Fiore: Grett, you piece of shit. If I survive this challenge, you're dead.**

Dan heard Fiore screeching as she squirmed. Grett had her dangerously close to the laser now. Dan sighed.

Dan: Don't worry, Fiore. I'm coming.

Dan ran back towards Fiore.

Drew: Dan, what are you doing?

Dan: Proving to you I'm not a monster like Fiore. I'm going to help her.

Drew: But...

Dan: No buts.

**Drew: When I said Dan was becoming Fiore and he needed to stop, I didn't mean for him to put himself in danger like that just to help her.**

**Dan: Obviously, I don't care about helping Fiore. But I need Drew to not vote for me. Fiore will obviously vote for Grett after this. Grett will vote for Fiore. So then if Drew votes with me, I'll be safe. Forget Nick. He doesn't matter.**

Nick was standing up near the button trying to work out how to get past the final group of lasers in order to press it.

Nick: This challenge is so much work.

Jensen ran into the cave and immediately started jumping lasers as he ran towards Nick.

Nick: Oh, you've got to be taking the piss.

Jensen arrived in front of Nick and tried to push him into the laser. But Nick pushed back causing him to stumble backwards. Jensen stumbled into Drew knocking him into a laser. Drew cried out before fainting.

Jensen glared at Nick but then turned around and started leaving the cave.

Jensen: Drew is out.

**Nick: Sorry, Drew. But I'm not losing the challenge because of bloody Jensen. Besides, I almost pissed myself, that was so funny.**

Just as Grett managed to push Fiore into the laser, Dan arrived and jumped on Grett. He managed to drag Grett off Fiore. This allowed Fiore to get up. It was then that Fiore realised the laser had melted a hole in her robot suit. It didn't seem like it had touched the ice though.

Fiore: Shit, my suit has a hole in it.

**Fiore: Grett caused this. If that ice melts, I'm dead. I have to plug the hole somehow.**

Grett then managed to throw Dan into a laser causing him to cry out before fainting.

Jensen: Dan is out.

Grett glared at Fiore. Fiore glared back before she snapped.

Fiore: You bitch. Why does everyone think I deserve death?

Grett looked scared at the look Fiore was giving her.

Grett: I wasn't trying to kill you. I just...

Fiore: Shut up and die, you bitch.

Fiore pushed Grett backwards into the laser causing Grett to faint.

Jensen: Grett is out.

Fiore started to drag Grett's body through more lasers.

Nick saw this and glared at her.

Nick: Oi. You stupid brat. You can't do that to my girlfriend.

Fiore: Shut up, Nick. This doesn't concern you.

Nick: Well, it does because you killing Grett would ruin my plans.

Fiore smiled at Nick.

Fiore: Too late. I think she's dead.

Grett's body had burst into flames as multiple lasers started to fry her.

Nick freaked at this.

**Nick: Fiore is a wanker. Nothing else. I don't know how she lives with herself.**

Nick ran back to help Grett but he tripped over a laser and promptly fainted.

Jensen: Nick is out. Well, Fiore. Everyone else is out. So if you can press that button, you'll get the immunity.

However, Fiore was distracted as she could see the ice where the hole in her robot suit was. It was starting to melt. Fiore started to feel faint. And so without thinking, she ran straight for the button. She pressed the button before she collapsed on the ground.

Jensen: Fiore wins immunity.

Fiore: Jensen, please. Plug the hole, I'm dying. Please.

**Fiore: I'm actually going to die.**

Jensen turned the lasers off before coming over to look at the damage to Fiore's robot suit.

Jensen: Hmm. You'll survive if I plug it a little.

Fiore then fainted as Jensen freaked out a little.

Jensen: Shit, I can't have the immunity winner dying. Mini Derek, get in here and patch Fiore up now. I'll deal with Grett.

Mini Derek entered the cave and started to patch the hole in Fiore's robot suit.

Later... at the cabin...

Nick, Drew and Dan had woken up and were discussing who to vote for.

Nick: Well, Jensen said Fiore won immunity.

Dan: Unfortunately, yes.

Nick: Which means I'm voting for you, Dan.

Dan: Why? All I tried to do was prove I'm not a horrible person by helping Fiore.

Nick: Yes, but she's a monster, Dan. Besides, you helping her allowed her to fry Grett. Grett could be dead for all we know.

Dan: Well, Fiore could be dead too. Did you see the hole Grett left in her robot suit?

Nick: Whatever, Dan. I'm voting for you.

Dan: I'm voting for you then.

Dan and Nick smiled at Drew.

Nick: And what are you doing?

Dan: Yes, what are you doing?

Drew: I don't know.

**Nick: What do you mean, you don't know? Drew, just vote for bloody Dan and be done with it.**

**Dan: I've come too far to lose now. If Fiore and Grett die, I'm just out. Because Nick and Drew are going to vote for me. There's only one thing I can do.**

Dan: Drew, Nick left Ellie with a bear.

Drew: What?

Nick: No, I bloody didn't. That was Dan.

Dan: Drew, you can trust me. I'm your friend.

Drew: I don't know who to trust anymore.

**Drew: Dan has done a bunch of terrible things this season. But then he went back for Fiore. So I have no idea who left Ellie with the bear or who to vote for. Gosh, this is hard.**

Later...

Jensen: Alright, it's elimination time.

Drew: Are Fiore and Grett alright?

Jensen: Um, no. They're not. Fiore is clinging to life but appears to be screwed. And Grett is stable enough but still got barbecued pretty badly. So, it's just you three voting tonight. Get to it.

**Nick: Dan, you are a wanker as well. Go home before I spit in your juice.**

**Dan: I vote for Nick. I was trying to show I'm a team player but Nick can't comprehend that.**

**Drew: This may be a mistake but everyone deserves a second chance. I vote for you.**

Jensen: Ok, we have 1 vote for pompous idiot, that's Nick.

Nick glared at Jensen.

Jensen: One vote for nerd, so Dan.

Dan: Nerd, really? That's the best stupid name you could give me?

Jensen: Shut up, Nerd.

Dan and Nick looked nervous. Drew looked nervous too.

Jensen: The fourth person voted out of Disventure Camp Season 3 All Stars is... pompous idiot. Nick, you're out.

Nick: Drew, you bloody moron. You seriously believed Dan over me?

Drew: I wouldn't say I believe Dan, but he did go back for Fiore. I respect that. Besides, I'm sure he didn't intend to leave Ellie with a bear.

Dan smiled at Drew.

Dan: Thanks, Friend.

Drew: You're welcome, friend.

Nick left with an annoyed look on his face.

**Nick: This show just makes people selfish. Some people need to take a good look at themselves and behave better. Dan, I don't know what you're doing but I don't appreciate it. I hope Grett is ok.**

### **Episode 8: The Super Difficult Obstacle Course.**

Jensen: Welcome back to Disventure Camp Season 3 All Stars.

Mini Derek: We have some good news. Fiore and Grett are alive.

Jensen: Not sure I'd say that's good news for the other contestants, but yes, they both survived.

Mini Derek: Now today is a little different again because there won't be a...

Jensen: Shut up, Mini Derek.

Jensen picked him up and chucked him away.

Mini Derek: Ow.

Jensen: You heard nothing.

Later... at the cabin...

Fiore and Grett walked in to see Dan and Drew playing cards.

Drew looked at Grett. She was fairly burnt but otherwise fine. He glanced at Fiore. She looked miserable but psychologically fine. Her robot suit had been patched up significantly.

Drew: Are you guys alright?

Grett: Fine.

Fiore: Ugh, I suppose.

Dan: I'm glad you guys are ok.

Grett and Fiore glared at Dan.

Fiore: That's shit and you know it, Dan. You don't care about me at all. Why would you? You just needed to save me so Drew wouldn't vote for you. I see right through you.

Grett: And I'm pissed with you, too. Fiore wouldn't have been able to attempt to kill me if it wasn't for you. And you voted Nick out.

Dan: But, I had to do that. I'm just playing the game.

**Dan: Wow, they're really mad. I expect this from Fiore but I don't understand why Grett is pissed with me. That was her fault, not mine. Besides anyway, I'm just playing the game.**

**Fiore: I'm alive so I guess I should be happy. But I'm not. And you want to know why. Because fucking Grett could have killed me and no one here gives a shit. Why won't anyone care about me? I'm human too.**

**Grett: Fiore, you are going to hell. I don't know how yet. But you will suffer a brutal fate. More brutal than being frozen, I mean. Fancy trying to kill me like that. Geez.**

**Drew: Well, this is a horrible final four. But I think Dan and I can team up against Grett or Fiore. And then I can win this thing, the right way. And prove to everyone that you don't have to be nasty in order to win.**

Later...

Jensen: As a reward for making it this far, there will be no elimination tonight. Today, you shall be playing for an immunity totem instead.

Drew: Hmm, a totem in the final 4. That sounds unfair.

Jensen: Why do people keep expecting fairness? This is All Stars. It's designed to be unfair.

Drew: But it feels like almost every day has a twist. I feel like there has been too many twists. Have we even had a regular elimination yet?

Jensen: Shut up, Drew. I'm the host of the show so if you want to win, you'll follow my rules and not question them. Is that understood?

Jensen glared at Drew. He nervously smiled back.

Drew: Um, it's fine.

**Drew: Too many twists for my liking.**

**Dan: I'm glad Drew wants the show to be more fair. Because that makes it easier for me to win. Because Drew is distracted. I think he needs to put his game face back on.**

Jensen: So, the challenge is, finishing this super difficult obstacle course.

Jensen pointed behind him at the course. The constants stared at the course. It was split into 4 sections. With each section looking deadly.

Grett: Um, this looks like a death trap.

Jensen: Hahaha. You don't have to take part in this one. You can sit out if you wish. But someone else will get the totem.

Grett looked at the course again. The first section had a bunch of wooden ladders to climb up but also had nasty looking saws to avoid. The second section was some sort of rope swing over a pit of crocodiles. The third section had a bunch of spikes and annoying looking crows. And the last section looked like a rickety bridge with lava around it.

Grett: Yeah, I'm sitting out. I'm not doing this.

**Grett: With all the burns and stuff I copped yesterday I'm not doing something this dangerous. I don't need the totem, anyway. As long as Fiore doesn't get it, I'm safe.**

Fiore: I'm not doing it either.

Jensen: Seriously?

Fiore: I can't fucking do this in a robot suit.

**Fiore: Why are all the challenges so physically demanding, lately? It's almost like the challenges weren't designed for a frozen little girl in a robot suit.**

Jensen: Fine. Dan and Drew. Are both of you going to try it?

Drew shook his head while Dan looked blankly at Jensen.

Dan: I'd rather not.

Jensen: What? You can't all wimp out. No one gets the totem if none of you do it.

Dan: Whatever.

Drew: It's just too dangerous, Jensen.

Jensen: Oh. You guys are all stupid losers. None of you deserve to win. In fact, none of you deserve to win so much that it's time for another twist. I asked the eliminated contestants if any of them would attempt the course. Two of them said no because they are busy trying to fix their personal lives. And one of them said no because they are over the show. As if I care about any of that. But anyway, the last one said yes. So, if this contestant can finish the course without me having to rescue them, I'll let them rejoin the game.

Fiore: You can't do that, you asshole.

Jensen: None of you would attempt the course, remember? Anyway, here is our eliminated contestant now.

Alec then walked in causing Fiore to scream.

**Fiore: You've got to be fucking joking. Why the hell does it have to be him?**

Alec: Hello, guys. I'm hopeful I can win my place back in the game. And then, maybe kick out some people who don't deserve to be here.

He glared at Fiore and Dan after saying this.

**Dan: At least it's Alec and not Ellie or Tom. Ellie would still be bitter about the bear thing and Tom would be bitter about the poison thing. But the worst thing I did to Alec was steal his totem so... Wait, why did Alec glare at me?**

**Drew: This show is so unfair. How am I supposed to show everyone that you can win by playing nice when people who aren't nice rejoin? Ugh, I hope Alec fails the course.**

Alec stood at the start of the course. He seemed determined. Fiore looked furious, Dan looked confused while Drew looked annoyed. And Grett looked interested.

Grett: Go, Alec. Go.

Everyone gave Grett a strange look, including Alec.

**Grett: If Alec rejoins I can team up with him and Drew to vote Fiore out. So I want him to rejoin. Because if he doesn't, I think it will be me and Drew versus Dan and Fiore.**

Jensen: Alright, Alec. You may start now. Good luck. You'll need it.

Alec: Ok, I'm off.

Alec started to climb the ladders in the first section. He stopped to wait for the saws to pass before continuing.

**Alec: This course is ridiculous. But I would like to rejoin the game. I'll never understand why on earth Fiore and Dan have survived this long.**

The saws moved enough for Alec to get past them. He arrived at the rope swing.

Grett: Don't look down.

Drew: Do look down.

Fiore: Oh, just fall in the crocodile pit already. I want to watch you suffer.

Alec: Shut up, Fiore.

Alec grabbed the rope and awkwardly swung across. It wasn't pretty but he made it across.

Drew: Come on, this is stupid. How is he doing this?

Alec was crawling along a platform as the crows from the third section attacked him. He slowly crawled around the spikes and eventually made it to section 4. He stood up and stared at the final obstacle. He looked in particular at the lava.

Alec: I hope that's fake lava.

Jensen: Do you dare to find out?

Alec took off one of his shoes and tossed in the lava but it bounced straight back up to him. He caught it and smiled. He then put his shoe back on.

Alec: Haha, so it is fake lava.

Jensen: Dang it, you weren't supposed to work that out.

Alec: Which means this last obstacle is free.

**Alec: All I have to do is not fall off the bridge and I'll be back in the game.**

Grett: Wow, he's actually going to do it.

Drew: Unfortunately, it looks that way.

Fiore: Fuck this.

Fiore then ran over to the start of the course and started climbing the ladders.

Drew: What is she doing?

Dan: She's probably trying to stop Alec from winning.

Drew: But he's almost at the end.

Fiore was then seen trying to remove one of the saws from the ladder.

Grett: Fiore, what the hell are you doing?

Fiore finally managed to free the saw. It was starting to cut into her robot suit but Fiore didn't care.

Fiore: I'm killing Alec so he can't return. That's what I'm doing.

**Grett: Is she literally going to throw that saw at Alec?**

**Dan: Oh dear. And people keep getting mad at me for some reason, I've never done anything like this.**

**Drew: Like I said a while back, Fiore is not normal.**

**Fiore: Goodbye, Alec. I hate you more than Ashley at this point.**

Fiore jumped off the ladders and then ran around the course to near where Alec was. She stood in the fake lava and chucked the saw at his head. Alec wasn't facing her so he had no idea the saw was coming.

Grett: Alec, duck now.

Alec was confused and subsequently turned to face Grett. Which meant that the saw hit him in the shoulder instead of the head.

Alec: Shit. Fiore...

Alec then fainted as Fiore tried to climb onto the bridge to finish him off.

**Fiore: Hitting him in the head would have killed him. But unfortunately, Grett just had to warn him. Whatever, at least he isn't returning now.**

Jensen: Yeah, that's a fail. Mini Derek, go help Alec and stop Fiore killing him, please.

Mini Derek suddenly jumped on the bridge that Fiore had just managed to get on and started dragging her away.

Jensen: So ah, Alec won't be returning to the game now. Since he didn't finish the course.

Grett: Only because Fiore chucked a freaking saw at him. She should be penalised for that.

Jensen: Hahaha. Don't worry. She will be.

**Grett: I think after that everyone will be voting Fiore out next when we have an elimination. No one ever does that. Not even me.**

Later...

Mini Derek: There you go. All patched up. No saw in your shoulder. You'll be right now.

Alec: Thank you. It still hurts though.

Mini Derek: I imagine it would. You still don't get to return though.

Alec had a huge bandage stretched across his shoulder. He glanced at it and sighed.

**Alec: Everyone was right about you, Fiore. I don't know why I ever defended you. When I said I wished my son was more like you all those years ago, well, I take that back. Daniel is a much better human than you will ever be.**

### **Episode 9: Haunted House**

Jensen: Welcome back to Disventure Camp Season 3 All Stars.

At the cabin...

Grett: You're a psycho, Fiore.

Fiore: Tell me something I don't know. I don't care, Grett.

Grett: Fiore, listen. Surely, there is more to you than just hating everyone and killing people.

Fiore: I've never killed anyone. In real life.

Grett: You know what I mean. You've certainly tried to. Why?

Fiore: Why do you think? Because everyone is a fucking asshole and I just can't deal with it, anymore. I just want my torment to end.

Fiore started to cry as Grett looked stunned.

**Grett: I was trying to tolerate Fiore so I could try and get her vote. But now, I actually feel a little sorry for her. She's been to hell and back and probably just wants a friend. She just has no bloody idea how to show it.**

Grett smiled at Fiore. Fiore frowned at her in response.

Grett: Fiore, it's ok. You just need a friend.

Fiore: No, I don't. Why does everyone want to...

Grett: Fiore, look. You're a terrible person. But it doesn't mean you can't change. Look at me, I changed. I've been much nicer this season.

Fiore: No, you haven't, you stupid bitch. What about when you tried to kill me in the cave? I almost died.

Grett: I'm sorry about that. I was just trying to destroy your robot suit so Nick and I could vote you out easily.

Fiore glared at Grett but Grett continued to smile as if nothing happened.

Grett: And I forgive you for trying to kill me in the cave as well.

**Grett: Ok, that part is a lie. But Fiore needs a friend. And if I can be that friend, maybe she'll take me to the final. And then if I win, maybe I can help her a little.**

**Fiore: Oh, this is so great. Now, I've got Grett acting like she wants to be my friend. I guess I have no choice but to accept that for now. I have to win the show to fix my life. I just have to.**

Fiore: Would you be my friend?

Grett: Sure.

Fiore: Thanks.

Grett: You need someone you can rely on.

Fiore: I guess I do, yeah.

**Fiore: It sure as hell isn't you.**

Meanwhile...

Dan: Uh, what did you think about what happened to Alec yesterday?

Drew: I've been trying not to think about it.

Dan: Still think I'm turning into Fiore?

Drew: No, you would never be as bad as her. I'm sorry, Dan.

Dan: It's fine. We just need to stick together. Against her, yeah.

Drew: Yeah.

They smiled at each other.

**Dan: Drew is a nice guy. But's he's a bit naive. Obviously, I want to go to the final with Fiore if I can. Because she is the easiest to beat. However, Fiore is so volatile that I need to make sure Drew votes with me. Just in case.**

**Drew: I think I got friend Dan back. This is why you always give people another chance.**

Grett then wandered over to Dan and Drew.

Grett: I can't believe I'm saying this but I think Fiore just wants people to accept her and stop being so harsh towards her. I think she thinks that everyone hates her and her life is over as a result.

Drew: Grett, Fiore just got in your head. She doesn't care about improving herself.

Grett: No, I know that. All I'm saying is Fiore needs a friend. And subsequently, I'm voting for you, Dan.

Dan: Are you kidding? Weren't you the one who was pissed at me for helping Fiore in the first place?

**Dan: Other people are dumb. Why would Grett want to vote me out when Fiore almost killed her? I don't understand this at all.**

Grett: That was before I realised how broken she is. She just wants to have a life, Dan.

Drew: Well, maybe she should have thought about that 10 years ago. Instead of behaving like a monster all the time.

Grett glared at Drew.

Grett: Don't you guys get it? She behaves like a monster because everyone treats her as one. She's probably never known anything different.

**Drew: No, Grett. It is you who doesn't get it. People treat Fiore as a monster because she is. Sure, she might be a broken frozen little girl now. But she only ended up here because of her actions.**

Drew: I get it just fine. You are the one who doesn't get it. Fiore can't just behave like the devil and then be like, oh, but everyone else was mean to me. Yes, we were mean but she was meaner for longer. Way longer.

Grett: But Fiore doesn't know any better.

It was then that Fiore wandered over.

Fiore: Guys, listen. I know you all hate me. But I'd like to remind you that we're in the final four. You should all want to go to the final against me because you'll win.

Fiore looked down before she continued.

Fiore: And I really do just want to fix my life. Even if it's my fault it sucks. I just don't know what to do. How to behave. I don't know. No one ever taught me. I know I'm messed up. Can we please start again?

**Fiore: I overheard Grett saying I don't know any better. Ugh, of course I fucking do. But if pretending I don't gets me in the final, then that's what I'll do.**

Drew: I'm not taking you to the final. Not after what you did to Alec. That was messed up.

Fiore: Seriously? None of you liked Alec anyway. I didn't even kill him.

Dan: Only because you missed. If Alec hadn't moved slightly, he'd be dead.

Fiore: I'm sorry, ok. I just couldn't stand him because he was blaming me for...

Drew: Fiore, for the last time, he was blaming you because it was your fault.

Fiore: You didn't even let me finish.

Drew: Monsters don't get to finish.

Fiore began to tremble as she walked off.

Grett: I can't believe you guys.

**Grett: How the hell is Fiore supposed to function when these morons won't even try and understand her? The good news is that I'm pretty sure Fiore will vote with me. That means we can force a draw. Because the two guys are obviously voting for her.**

Later...

Jensen: Alright, it's challenge time.

Dan: Hopefully, we can actually do it this time. Unlike the obstacle course.

Jensen: You losers could have done it if you hadn't chickened out.

Drew: We chickened out because it was too crazy.

Jensen: Alec tried it and almost finished it. Speaking of which, Fiore, you deserve a penalty for trying to kill Alec like that. So, you can't vote at the next elimination. Because I said so.

Fiore glared at Jensen but he just laughed.

Fiore: You asshole. How the hell am I supposed to survive a final four vote if I can't fucking vote? That means if two people vote for me, I always lose. And that's very likely.

Jensen: Win immunity, then.

**Fiore: Nothing ever goes my way. The hosts have never taken someone's vote away for bad behaviour. So why the hell does it have to happen to me right now? Jensen just hates me like everyone does.**

Grett: So uh, what's the challenge?

Jensen just smiled before throwing something towards the contestants.

Everyone fainted.

Later...

The contestants woke up and stared at each other. They were in some sort of very dark corridor and couldn't see much.

Fiore: This looks scary.

Dan: It's just a virtual reality challenge. I bet the goal is the same as it always is. Kill everyone in order to be the last one standing.

**Dan: Fiore not being able to vote this next elimination changes my plans. I was going to try and keep her in and kick Grett out. But that has like zero chance of happening now.**

Drew: Well, as long as you don't start killing people in order to win the challenge.

Dan: But, but, but, that's the whole point of the challenge.

Grett: No, the point of the challenge is to outlast the others. I'm sure something else will kill us. You don't have to.

**Grett: I don't want Dan killing me for immunity. Even if it is virtual.**

**Drew: Virtual reality challenges are stupid. If this even is one. It looks very real.**

Fiore snuck off as Dan, Drew and Grett argued.

**Fiore: Winning immunity is the only way I survive the elimination tonight. So I snuck off. Those assholes can't kill me if they can't find me.**

Fiore arrived at a door but didn't notice due to it being too dark. She ran into it and fell over. She groaned before she tried to open the door. The door creaked opened. Fiore entered the small room. Then a strange voice spoke up.

Strange Voice: Hello, Fiore.

Fiore looked around but could see nothing. She freaked out a little before she managed to calm down.

Fiore: Who the hell are you?

Strange Voice: I'm not answering that, Fiore.

Fiore: Ugh, you asshole.

Strange Voice: Why are you a monster, Fiore?

Fiore: I'm not answering that, you stupid fucking voice.

Strange Voice: If you want to win this challenge, you must answer the question, Fiore.

Fiore: Ugh, this is stupid. I'm leaving.

Fiore went to leave but the door had shut behind her. She tried to open it but then realised she couldn't. Fiore sat on the floor, glaring into the distance.

Fiore: Let me out of here, you asshole.

Strange Voice: Not until you answer the question, Fiore.

Fiore: Ugh, fine. What was the stupid question, again?

Strange voice: Why are you a monster, Fiore?

Fiore: Because everyone deserves to die. Can I go now?

Strange Voice: No, I need a better answer, Fiore.

Fiore: Aaaah, I hate this show. I hate it, I hate, I hate it.

Meanwhile...

Dan and Drew had wandered off in search of Fiore.

Drew: This corridor is way too dark.

Dan: It's supposed to be. The hosts are obviously trying to scare us.

Drew: And this wall seems loose. Like it could fall on us at any moment.

Dan: Hmm, that is interesting. And scary.

Drew: Why did we ditch Grett again?

Dan: Because we can't have Grett winning immunity. Otherwise, we'll be forced to vote for Fiore.

Drew looked confused but Dan couldn't see that in the darkness.

Drew: But we should be voting for Fiore, anyway.

Dan: Drew, if one of us makes the final two against Fiore, we win. So we can't vote her out.

Drew: But she's horrible.

Dan: Yes, but I want to win the game. And this is the only way. I'm not losing to something dumb again.

Drew: But I don't...

Dan: Just like when I kill you now, I don't mean you any harm. It's virtual reality after all.

Drew: What? It's not virtual reality, Dan. I think this is real. Besides, even if it was virtual reality, why would you kill your friend?

Dan: Because in this game, we're not friends, hahaha.

**Drew: Dan's lost it.**

Dan smirked at Drew but due to the darkness Drew couldn't see. Drew was scared and ran away from Dan. He didn't get far, crashing into the corridor wall and falling on his face. Before he could get up, Dan tugged at the top of the top of the already loose wall. Drew let out a scream as part of the wall flattened him. He tried to struggle but Dan just continued ripping the wall down and burying Drew with it.

Drew: Dan, what the hell...

Dan: Sorry, Drew. I mean you no harm. I'm just playing the game.

Drew then fainted.

Meanwhile...

Jensen and Mini Derek were watching footage of the challenge.

Jensen: Oh dear. Better go intervene again. Since it isn't virtual reality.

Mini Derek: Thank goodness we watch the challenges and record them. So that we can catch nonsense like this.

Jensen: Yeah, we can't have contestants die on the show. I'd be in the shit otherwise.

Mini Derek: Aren't you already?

Jensen: Shut up. Anyway, the episode is ending early again.

**Dan: Ok, I know this looks bad. But it is virtual reality and I have to kill Drew. Because Drew can't win the immunity. Otherwise, I will lose. Fiore can't vote. Grett is obviously voting me. Drew's going to**

**vote for Fiore. Which means I would have to vote Fiore to be safe. And I don't want to vote for Fiore as she's the only one I can beat in the final.**

### **Episode 10: Haunted by the Past**

Jensen: Welcome back to Disventure Camp Season 3 All Stars. Last time, the episode was cut short again.

Mini Derek: Yes. We are now wandering through these dark corridors in order to reach Drew. So we can save him before Dan kills him.

Jensen: Well, I am. You should be back at the production tent, you stupid robot. I never told you to follow me.

Mini Derek: But...

Jensen glared at Mini Derek.

Jensen: No buts. Go. Now.

Mini Derek walked off.

Jensen: Anyway, everyone is still doing the challenge.

Meanwhile...

Grett had entered a small room. She looked around but didn't see anything.

Strange Voice: Hello, Grett.

Grett jumped but then composed herself.

Grett: Hello, is this part of the challenge?

Strange Voice: Yes, Grett.

Grett: Of course it is.

**Grett: This is dumb. I bet this mysterious voice is going to try and make me do something stupid. Unless Fiore wins immunity I should be safe. So I don't need to try in the challenge anyway. Which means I won't.**

Grett: I'm not trying the challenge.

Strange Voice: Are you sure, Grett?

Grett: Fairly. What is the challenge, anyway?

Strange Voice: To escape this haunted house. But in order to do that, you must answer a question, Grett.

Grett: What's the question?

Strange Voice: Do you really think you're behaved better this season, Grett?

Grett: What sort of question is that? Of course, I have behaved better this season.

Strange Voice: Even when you attacked Ellie, Grett?

Grett: Yes, I even apologised.

Strange Voice: And what about when you attacked Fiore in the cave, Grett?

Grett: Well, she's a psycho so, you know. Besides, I apologised there too.

Strange Voice: But did you mean it, Grett?

Grett looked conflicted.

**Grett: Ok, so maybe I didn't really mean it. I wanted Fiore to trust me and that meant saying sorry. But I wouldn't say that I am sorry for attacking her, especially since Fiore then barbequed me in response.**

Meanwhile...

Jensen: So you see Dan, it's not a virtual reality challenge.

Dan looked nervous but then sighed.

Dan: I see. Thanks for telling me. I wish you'd told me that before I did this to Drew, but anyway.

Dan pointed to the pile of rubble Drew was buried under. Jensen just laughed.

Jensen: He'll be fine. You didn't kill him, yet. He might be pissed with you though.

Dan sighed before walking off.

**Dan: It turns out the challenge is not virtual reality. That means me trying to kill Drew was real. Drew's going to be upset with me. I need to remind him that we are friends so he doesn't vote for me.**

Dan wandered into a small room.

Strange Voice: Hello, Dan.

Dan looked confused but calm.

Dan: Hello, random voice.

Strange Voice: Why are you this seasons main villain, Dan?

Dan: What? But... I'm not. I'm playing honourably.

Strange Voice: Hahaha. No, you're not, Dan.

Dan: Yes, I am.

**Dan: This random voice is trying to tell me I'm a villain. But I haven't even done anything too bad. Everything I've done has been done in order to win the game.**

Strange Voice: Admit it, you are a villain, Dan.

Dan: No, I'm not. I seriously don't understand.

Strange Voice: You left Ellie with a bear and knowingly got Tom to drink poison and didn't tell him. And then you just tried to kill Drew for immunity. Still think you're not a villain, Dan?

Dan: Yes, those things were bad. But I couldn't fight off a bear for Ellie. Have you seen my body? It's a twig. I was ensuring my own safety. As for the Tom thing, Alec would have been poisoned instead if I had done nothing. I was protecting him as he was on my team. And the Drew thing, well, I thought this challenge was virtual reality. None of this makes me a villain.

**Dan: I am not a villain. I'm just not.**

Meanwhile...

Strange Voice: Why are you a monster, Fiore?

Fiore looked pissed. She tried again to leave the small room she was trapped in. But of course, she couldn't. And so she threw another tantrum.

Fiore: You stupid asshole. Whoever you are, you better let me out of here right now or I'll...

Strange Voice: Just answer the question, Fiore.

Fiore: Why should I? This is a stupid fucking show anyway. This show has made my shit life even shitter.

Strange Voice: Care to elaborate, Fiore?

Fiore: On what? My life being shit? Fine. I may as well tell you. My parents never loved me, in fact, no one ever has. I've never even celebrated a birthday, not properly. I only know I'm six because my parents would go on about the six years of torture I gave them. And then they basically disowned me when I went to come on the show the first time. Things didn't go well at all in the six months between seasons one and two. Then I got frozen and I haven't seen my parents since.

Fiore looked down before continuing.

Fiore: I know everyone hates me because of my behaviour. And I know that's my fault. But you know what, I'm human too and it's about time people accepted that. I'm not going to change because everyone thinks I should. If that makes me a monster, then fine. I'm a fucking monster who doesn't care about anything other than herself. I don't care about anyone and every time I say I do, it's complete shit. Because I don't. My parents were assholes, yes. But only because of me and my behaviour.

Fiore then smiled for once.

Fiore: Thank you, stupid voice. You made me remember what's important. That being to be yourself, no matter how much people hate you for it.

Strange Voice: I don't know what to say, Fiore.

Fiore: Just say you'll let me go.

Strange Voice: I'll do one better. You just won immunity, Fiore.

Fiore: Yes, that means I'll be in the final 3. Take that, Jensen, you asshole.

**Fiore: This challenge sucked balls. Whatever, at least I won. Ignore all the stupid sap I just said. Yeah, it was true but I don't care. And no one else should either.**

Later... outside the cabin...

Drew had woken up and was standing with the other contestants as Jensen talked to them.

Jensen: So, Fiore won immunity but she still can't vote.

Dan: What was the challenge?

Jensen: To give a satisfactory answer to the strange voice when it asked you your difficult question.

Dan: But that's stupid. Besides, anyway, I did that.

Jensen: Not according to the strange voice.

**Dan: Dumbest challenge of all time. Give a satisfactory answer to the random voice, Dan. How the hell was I supposed to know what it wanted? And the challenge was never explained.**

Drew: Dan, stop complaining. At least you got to do the challenge. I didn't even get a chance to win as you tried to kill me.

Dan: I'm sorry, Drew. I thought it was virtual reality.

Drew: But I told you it wasn't. And yet, you attacked me anyway. Are you even sorry?

Dan: Yeah, why wouldn't I be?

Drew just looked mad.

**Drew: Dan is literally just budget Fiore at this point.**

**Dan: I don't get it. I apologised to Drew. What more does he want? It was just a misunderstanding.**

Drew: You're just like Fiore.

This got glares from Dan and Fiore. Grett just laughed.

Dan: Excuse me? I'm nothing like her.

Fiore: Yeah, he's a shit head who should know better. I'm only six so I don't...

Dan glared at Fiore.

Dan: Oh, that's baloney, Fiore. Don't you dare suggest that you don't know any better. Because you do. Besides, I'm not behaving like you. I'm just playing the game.

**Fiore: Dan is a dumbass. Does he seriously think trying to kill Drew is just playing the game?**

Grett: Fiore's only six. She still has time to learn how to behave.

Fiore: No, you know what. Dan is right. I do know better but I don't give a shit. Especially now. Dan knows better too. He just won't admit it.

Grett: Fiore, there's still time to fix you. We can...

Fiore: Shut up, Grett.

Grett: But Fiore, you wanted a friend.

Fiore: I said shut up, you stupid cow.

Grett just looked sad before heading into the cabin.

**Grett: I'm lost. Didn't Fiore want to be my friend recently? Wait, that was all fake. This was all just so I wouldn't vote for her. But now she has immunity so she doesn't care. I hate you again, Fiore. I can't believe I was thinking you were genuine.**

Later...

Jensen: Alright, it's time for the final elimination.

Drew: Final elimination?

Jensen: Yes. Because two people will be eliminated tonight.

Drew: What? You can't do that.

Dan: Yeah, that's so stupid.

Grett: Why didn't you tell us this earlier?

Dan, Drew and Grett all looked upset while Fiore was smiling.

**Fiore: Thank god I won immunity. There is no way I would have survived a double boot otherwise. Especially since I can't vote.**

**Drew: This sucks. Now I have to vote Dan out.**

**Dan: How is this even going to work? Dang it, I just lost to something really stupid again, didn't I?**

Grett: So, um. How the hell is this going to work?

Jensen: I'm glad you asked. Fiore can't vote. So Dan, Drew and Grett, you guys will vote. And the two people who receive votes will be eliminated.

**Grett: That's so bullshit.**

Drew: What if we all vote for a different person so it's a 1 to 1 to 1 tie?

Jensen: Then I eliminate all three of you and Fiore wins the show right now.

Fiore smiled at this. Everyone else glared at her.

Dan: Now, this has got to be the dumbest twist of all time.

Drew: Wait, can we at least talk before we vote?

Jensen: Hmm, ok. I guess you can.

Drew: Right, Dan. I'm voting for you.

Dan: Wait, but Drew, if you vote for me, I'll vote for you. And Grett will be in the final against Fiore. Is that what you want?

Drew: No.

**Drew: So to make the final, I need Dan to vote for Grett. And given he tried to kill me today, I don't think that's happening.**

Grett: How about Fiore tells each one of us who to vote for? That way things are kept fair.

Drew: Yeah, I guess that's fine.

Fiore: Yes, do that, please.

Dan: Seriously? That doesn't work. Fiore would just make us all vote for a different person and she'd win the show.

Fiore glared at Dan.

Fiore: Well, I'm sure at least one of you won't do what I say, anyway.

Fiore whispered to Drew and Grett. Dan just looked bewildered.

Dan: Are we seriously doing this?

Drew: Well, do you have a better idea, Dan?

Dan glared at Drew but then sighed.

Dan: No. I suppose not.

Dan then leaned over so Fiore could whisper to him.

Jensen: Ok, losers. For the final time, get voting.

**Drew: Fiore told me to vote Dan. Which means she told Grett to vote for me. Which means that Dan should be voting Grett and we'll all lose. So I'm voting for...**

**Grett: Should I do what Fiore told me to or not? I have no idea.**

**Dan: I'm voting for you. That's not what Fiore told me to do but I'm not listening to her.**

Jensen: Ok, I'm reading the votes. First vote is for Notebook. Drew, that's you.

Drew: Dang it.

Jensen: Next vote is for fat lady, so Grett.

Grett glared at Dan.

Grett: You moron, you were supposed to vote for Drew.

Dan: I did vote for Drew though.

Drew: What? But... so you try to kill me and then you vote me out. Why?

Dan: I'm just playing...

Drew glared at Dan.

Drew: Yeah, yeah, just playing the game.

Jensen: And the last vote is for Notebook. Which means Drew got two votes and Grett got one. So, congratulations to Fiore and Dan. You guys are the final two.

Dan: Yes, I made the final.

Fiore: Eh, I've been here twice already. I'll celebrate when I win.

Drew: You know what, Dan. I hope Fiore beats you.

Fiore looked shocked at this before somewhat smiling at Drew.

Fiore: Really?

Drew: Yes, I hate you but at least you're honest about being a monster. Dan won't even admit it.

Dan: Because I haven't done anything, you idiot.

Grett: Well, bye then. I hope both of you lose somehow.

Grett and Drew walked out.

**Drew: Dan is not who he was. I hate new Dan.**

**Grett: I feel like that double boot twist was supposed to wreck Fiore but then she won immunity. Whatever, at least I played better this season.**

### **Episode 11: The Best of the Worst**

Jensen: Welcome back to Disventure Camp Season 3 All Stars.

Mini Derek: Today is a little different again.

Jensen: Yes, it is. All the eliminated contestants are back to give their thoughts on the finalists.

**Alec: Seriously. Fiore's in the final again. Against Dan. You're joking. Dan shouldn't have even been invited back to All Stars in the first place. Because he's a loser. He never even merged. And Fiore, well... I don't think I need to explain why I hate her. At least she's good at the game. Unlike Dan. Who do I want to win? I guess Dan, but I hate both options to be honest.**

**Tom: Can't say I'm surprised. This season had too many stupid people on it. Like Ellie who ruined my game. If you're wondering, I did fix things with Jake, although I'm really confused on what happened there. Because according to him, he never cheated on me. But Ellie said he did. Anyway, I want Dan to win since although I think he behaved badly, he's not Fiore.**

**Ellie: Good news is that Gabby forgave me. I turned up at her house and she forgave me like that. I am curious though. Did something happen to cause that? Because I thought I'd have to do more to get Gabby's trust back. I tried to ask Gabby but she wouldn't tell me what happened. As for the game, I can't believe I'm saying this but I want Fiore to win. Because Dan left me with a bear.**

**Nick: This season was dumb. Bloody Dan and Fiore. Bunch of wankers. I mean, I didn't care about winning but I would have liked people to stop taking the piss. But of course, they didn't. And so they voted me out like the idiots I thought they were. I want Dan to win as Fiore barbequed my girlfriend. Even if we weren't serious, that still hurt.**

**Drew: I want Fiore to win. Since although she's an irredeemable monster, at least she is upfront about it. When she's caught out, anyway. I trusted Dan but all he did was use me and make me feel bad. Then he tried to kill me and then he voted me out. I want Fiore to win so Dan realises he screwed up and we can be friends again.**

**Grett: I don't know who I want to win. They both suck. If I have to choose, I guess I want Fiore to win. Because she's six. Dan should know better.**

Jensen stood in front of the eliminated contestants. Some looked happy, while others certainly didn't.

Jensen: In the near future, our two finalists, the nerd and the demon child will compete in one last challenge. And the winner of that will get the one million dollar prize.

Alec: We know all this already. Is there an option for both of them to lose? I hate Fiore but Dan isn't much better.

Jensen: Considering you came last this season, I'd shut up, Alec.

Alec: I only came last because Dan stole my immunity totem. And I only missed out on returning because Fiore tried to decapitate me with a saw.

Jensen: Whatever, you still sucked.

Ellie: Even Tom was a better player than you.

Alec gave a strange look towards Ellie before he sighed.

Alec: He literally wasn't. I mean, this season maybe but...

Tom: What do you mean by that, Ellie?

Ellie: I just mean that you didn't let the past get in the way of your game. Given Fiore tried to kill Alec from what I just heard, I'm guessing he did let the past effect him.

Drew: He definitely did. He was quite unpleasant in fact.

**Alec: This is stupid. Why is everybody criticizing me when Fiore was literally the cause of the problem? And Dan certainly didn't help.**

Tom: Wait, but Ellie... didn't you ruin my game by bringing up the past?

Ellie smiled at Tom. He just gave her a look of confusion.

Ellie: Yes, I did bring up the past and the fact that Jake cheated on Tom with me twice.

Everyone who hadn't heard this before looked stunned.

Drew: What the hell?

Ellie: But I didn't ruin your game, Tom. You did that yourself.

Tom: Just to be clear to everyone, Jake and I are back together. He insists the cheating never happened and I believe him.

**Tom: I do. I do believe Jake. I have no idea what Ellie is playing at. Her story makes no sense to me.**

Ellie then gave Tom a confused look.

Ellie: Why the hell did I literally vote myself out then? I had to quit the game to salvage my relationship with Gabby. Which is fair because of the cheating that I know I did. If anyone cares, we fixed things. But the cheating definitely happened. And I apologise again for it.

**Ellie: Tom is an idiot. I ruined my game to fix my terrible error in judgement and try to get Gabby's forgiveness. But Tom is insistent that it never happened. I don't get it.**

Tom: Ellie, it's fine. How about we just agree to disagree and focus on the future? Maybe, we can be friends.

**Tom: I don't really care but I'll give Ellie another chance.**

Ellie: Fine. But you need to communicate with Jake better.

Tom: I could say the same about you and Gabby.

Ellie: But yes, I agree. Clean slate.

Ellie and Tom smiled at each other.

Grett: Relationship drama is great and all, but is there a reason we're here?

Jensen: Well, you guys will watch the final. And one of you will have extra involvement in it.

**Grett: Extra involvement? Could I still win some money? That would be awesome.**

Nick: Grett, I'm glad to see you survived getting barbecued by Fiore.

Grett: Yes, I'm fine now.

Nick: Do you want to continue things on the outside?

Ellie smirked as Grett looked stunned.

**Nick: I can't believe I'm saying this but I actually enjoyed dating Grett by the end of my time as an All Stars contestant. And I'd love to see where things go.**

Grett: Yes, actually. Let's continue. I'd love that.

Grett smiled at Nick while Ellie looked shocked.

Ellie: What happened to hating his guts?

Grett: Well, Nick is actually quite interesting and once he got eliminated, I did miss him.

**Grett: Nick may be annoying but he has a certain charm as well. Besides, he's heaps less annoying than Dan or Fiore. I quite like him, actually.**

**Nick: Grett wants to continue things, yay. In which case, coming back for All Stars wasn't a complete waste of time after all.**

Drew: Jensen, you said something about one of us being more involved in the final? Can we still win money?

Jensen: No, you can't win money. Yes, one of you will have extra involvement in the final. I can't say anymore yet but you guys must now vote. Who do you want to have the extra involvement? Vote now.

**Alec: This is a weird twist. I'm assuming that whoever we vote for probably gets to help the finalist of their choice win. And so I vote for Drew because he'll help Dan and Fiore will lose.**

**Tom: Voting for Ellie to prove that I forgive her even though the cheating never happened. So, all she actually did was lie.**

**Ellie: I guess I vote for Tom. To apologise again for the cheating and to help prove to Gabby that everything is fixed.**

**Nick: Grett, I vote for you. You've always wanted to make the final. This isn't quite the same but I can't wait to see what you do.**

**Grett: Nick, you joker. I vote for you. Just go out there and be yourself. Even if that makes you look stupid.**

**Drew: My vote is for you since I think you deserve it. You behaved honourably given the circumstances.**

Jensen: Alright, you have voted. The person who gets the extra involvement in the final is Ellie.

Ellie: Me? Really? Why?

Alec: Ugh, people probably want to see if you'll do anything stupid.

Ellie rolled her eyes at Alec.

Ellie: Well uh. Thanks, guys.

Jensen: Ellie, you'll find out what you get to do tonight when the final starts.

Ellie: Ok, I look forward to it.

**Ellie: No idea why people voted for me. I am very eager to see what I get to do. Maybe I can influence who wins. Oh, this is exciting.**

**Episode 12: The Final Twist**

Jensen: Welcome back to Disventure Camp Season 3 All Stars.

Mini Derek: Tonight is the final.

Jensen: All the eliminated contestants are back to watch the final.

Mini Derek: The camp has been transformed into a race track. It took forever to set up, but this final challenge is going to be awesome.

Jensen: And deadly.

Jensen coughed.

Jensen: I mean, not too unsafe, haha.

The eliminated contestants sat on the sidelines of the racetrack and stared at the course. They were in two groups. The supporting Fiore group and the supporting Dan group.

Drew: Um, this looks exceedingly dangerous.

Jensen: Well, I'll be right here to make sure that no one dies.

**Drew: I'm glad I don't have to do this. This looks like trouble waiting to happen.**

Jensen: And now here come our finalists. We have Dan and Fiore.

Fiore and Dan then arrived and went and stood at the start line. Dan looked nervous. While Fiore looked annoyed. They both looked at the racetrack. Fiore got more annoyed while Dan just looked confused. Fiore then smiled for once when she looked over at the eliminated contestants and realised she had Grett, Drew and Ellie supporting her.

Fiore: Wow, I actually have some support for once. Thanks, guys.

Grett: Don't think we're actually supporting you.

Drew: Yeah, we just want Dan to lose.

Ellie: Dan left me with a bear. So I'm supporting you even though I hate you.

Dan: Ellie, I'm sorry about the bear thing.

Fiore snickered.

Dan glared at her.

Dan: What's so funny about that?

Fiore whispered to Dan. Dan then looked annoyed.

Dan: I just found that Fiore made the bear attack you.

Fiore: No, you asshole. I woke up the bear so it would attack both of you. Not just Ellie.

Ellie: Seriously?

Ellie glared at Fiore and Dan.

Ellie: You guys both suck.

**Ellie: Ok, so Fiore may well have caused the bear attack. But I expect this garbage from her. What I don't expect is for Dan to see a bear attack me and then still decide to run off anyway.**

Dan: Me? But I didn't do anything. Ellie, I...

Ellie: Didn't do anything? Come on, Dan. You can't seriously believe that.

Tom: What about when you swapped the drinks so I got the poisonous juice? And then didn't tell me about it.

Dan looked horrified.

Dan: How did you find out about...

Tom: You're not slick, Dan. I know Fiore supplied the poison berries but you should have told me that you knew the juice was poisonous.

**Tom: Dan stuffed up. Plain and simple.**

Alec then glared at everyone.

Alec: Wait, no one told me the juice was poisonous when I was going to drink it.

Drew: I seem to remember that you refused to drink the juice.

Alec: Yes, but....

Alec then glared at Fiore. She glared back.

Alec: Hold on a minute. You tried to poison me. Dan saved me by swapping the drinks. Thanks, Dan.

Dan: Um, thanks.

Fiore: So what if I tried to poison you, Alec? That's no worse than you leaving me frozen for 10 years.

Alec: Are you still on that? That was your fault.

Fiore: Well, you being the biggest asshole ever was your fault. That's why your family hates you.

Alec: Shut up, Fiore. Don't push me.

Fiore: Oh, fuck you. I can push you if I feel like it. Serves you right. You're the problem, Alec.

**Alec: I was never the problem, Fiore.**

**Fiore: I hate everyone. I swear to god, when I win the show, everyone is going to wish they treated me better. I'm going to destroy them all and enjoy it. In fact, I'll enjoy it a lot.**

Nick: Oi. You tried to kill Grett, too. You're a wanker, Fiore. A big bloody wanker who...

Fiore: Does anyone else want me to kill them? Currently you're all on the death list.

Nick: Haha. You couldn't kill me. Fiore, don't you get it? If you kill everyone, that doesn't fix your life. That won't help you.

Grett: Yeah, behaving worse and worse isn't going to fix your problems.

Fiore: Whatever, I don't care. Now shut up and let me win this stupid show.

**Grett: Yeah, there's just no helping Fiore. She's too messed up to help.**

**Nick: Stuff you, Fiore. Dan's a wanker too but I respect him slightly. I hope he crushes you, literally.**

Jensen: Now, the challenge is simple. You guys will ride a horse along this racetrack to the finish line. There are plenty of obstacles including rings of fire, random sinkholes and a snake pit. The first person to cross the finish line with their horse wins Disventure Camp Season 3 All Stars and the million dollars.

Jensen stepped aside to reveal three horses. Two regular sized ones and a small stubborn looking one.

Fiore: Let me guess. I get the shit small horse.

Jensen: Yes, that's right.

Fiore: Ugh, fine. Whatever. Dan can't ride a horse either. Can you, Dan?

Fiore smiled at him as Dan frowned.

Dan: No. Wait, why are there three horses?

Jensen started laughing and couldn't stop. When he eventually calmed down, he smiled.

Jensen: Haha. The eliminated contestants voted earlier to choose one person to have a special role in the final. Now, they voted for Ellie. So, Ellie. Come up here and stand next to Fiore and Dan.

Ellie: Wait? Hold on. Do I get to join the race, too?

Jensen: Yes, there's one final twist. That being that Ellie will race with you as well. If Ellie wins, no one gets any money.

Dan: Seriously, so now I have to beat Fiore and Ellie to win?

Jensen: Yes.

Fiore: Ugh, this is so fucking dumb. Why the hell is everyone making it impossible for me to win?

Jensen: Because, we hate you.

Dan: Are you capable of designing twists that aren't ridiculously unfair?

Jensen: No. Why would I be? Dumb twists are fun. Besides, we were going to have a different twist but it didn't pan out.

Tom: What was the old twist?

Jensen: I got the loser previous contestants who weren't invited to All Stars together and I threw a reunion party for them. At the party, they voted for who they really didn't want to win. They knew

nothing about how the game was going or who was still in it. The idea was whoever the majority voted for would receive a penalty in the final. But that person didn't make the final.

Tom looked confused.

Tom: They didn't vote for Fiore?

**Tom: What on Earth. I would have definitely voted for Fiore if I'd been there. I wonder if it was a good party. I always like a good doughnut.**

Jensen: No, they didn't.

Alec: Who did they vote for then?

Jensen: You.

Alec: Why the hell am I so disliked? I'm a good person.

All the other contestants started laughing.

Jensen: They voted for you because of the Ashley thing.

Alec looked guilty at this before sighing.

Alec: I guess that's fair. Hopefully, Ashley doesn't hate me too much.

Grett: What did you do?

Alec: I buried her in the frozen lake. I was trying to scare her so she'd stop suggesting Fiore deserved to be frozen forever. I fished her out after she passed out at least. When Ashley came to I apologised, but she just bolted.

Ellie: Alec, you idiot. Don't you realise how dumb that sounds? Ashley could have drowned.

Fiore: Unfortunately, she didn't. You should have just left her there. Gutless asshole, that's what you are.

Everyone glared at Fiore. She just smiled, confusing people.

Fiore: Everyone hates me anyway. I may as well have fun.

**Alec: Ashley was right, Fiore. You deserve everything you get.**

**Grett: Note to self, never go to a frozen lake with Alec. Ever.**

Ellie went and stood in position with a determined look on her face.

Jensen: One more thing before we start the final. When you cross the finish line with your horse, it must be alive in order for you to win. If your horse dies, you lose. If none of the horses survive, Ellie will win by default and no one will get any money.

Ellie looked happy to hear this, Dan was frowning and Fiore looked angry.

**Ellie: I don't like Fiore or Dan. So I'm going to beat both of them so no one gets any money. I'm going to do Gabby proud.**

**Dan: This is stupid. Ellie shouldn't have a chance to make everyone lose. I played the game really well to get here. I am not losing to something dumb.**

**Fiore: Ugh, this sucks. If I kill Ellie and Dan's horse, I'll be the only one who can win the money. But that only works if my horse survives which is unlikely. Especially, since I got the shit horse.**

### **Episode 13: The Biggest Snake**

Jensen: Welcome back to Disventure Camp Season 3 All Stars. Dan, Fiore and Ellie are about to start the race that will determine if anyone wins the money or not. It looks all the eliminated contestants are supporting Ellie.

Dan: Seriously? I haven't done anything. I was just playing the game.

Fiore: Oh, come on, Dan. You've literally behaved terribly. In fact, you're the main villain of the season.

Dan: I am not a villain. I have played the game honourably. And I will win honourably as well.

Ellie: Oh please. You haven't been honourable at all. You left me...

Dan: With a bear. I know. I'm sorry. But everything I did was justified unlike psycho girl over here.

Dan pointed at Fiore who glared at him.

Fiore: You've got to be joking. How the hell can you possibly think you were justified. If your shit behaviour is justified, mine is too.

Ellie: Look, guys. You were both not justified. I feel Dan is a reasonable person who lost his way ever since the bear thing. And Fiore, well, you're a psycho.

Jensen: And go, start the race.

Ellie took off on her horse. Dan looked stunned that she could ride a horse so well.

**Dan: Dang it. I didn't know Ellie could ride a horse like that. I have to sabotage her somehow.**

As Ellie disappeared into the distance, Dan turned to Fiore. She was trying but failing to push her horse forward.

Fiore: Ugh, my stupid horse doesn't want to move.

Dan: Would you like some help?

Fiore looked at Dan strangely before sighing.

Fiore: Fine, but don't try anything or I'll kill you.

Dan: Ok, ok.

Dan picked up Fiore's smaller horse before pointing her in the direction of his horse.

Dan: I'll carry your horse but you have to push mine.

Fiore pouted before looking at Dan in annoyance. Dan just stared blankly back at her.

Fiore: You're kidding, right?

Dan: No.

Fiore: I couldn't even fucking push my little shit horse. How the hell am I going to push your fat horses ass?

Dan: Fiore, shut up. Listen here. We need to work together to sabotage Ellie so one of us can win the money, yeah. So start pushing my horse and quit whining. It will move easier than yours, anyway. My horse isn't stubborn.

Fiore glared at Dan but did as he said. She started to push Dan's horse and Dan's horse did walk forward as a result.

**Fiore: I hate this. But Dan is right. We have to sabotage Ellie. And we have to work together in order to do so. Then I can feed Dan to the snakes and win this shit show for once.**

Meanwhile...

Tom: This final is very boring so far. Ellie is miles ahead of Dan and Fiore.

Nick: Good. I don't want either of those piss takers to win.

Grett: If Ellie doesn't stop them, I'm going to be annoyed.

Alec smirked at Grett.

Alec: You're always annoyed.

Everyone laughed except Grett.

Grett: Oh, come on. And you're not.

Alec: That's right. I'm not. Yes, I'm pissed with Fiore but outside of her, I'm fine around everyone else.

**Grett: That's bullshit, Alec.**

**Alec: I can deal with people just fine. I just typically choose not to.**

Nick: That's rubbish, mate. You hate me.

Alec: No, Nick. You hate me. I merely don't associate with you because you're an idiot. But I don't hate you.

Nick: Aaaaah. You piss taker. You take that back.

Alec rolled his eyes at Nick.

Alec: Fine, I retract the statement. Are you happy now?

Nick: I suppose.

**Nick: Alec is the idiot, not me. I'm actually very clever. Everyone else is wrong.**

Drew: I hope Dan loses so we can be friends again.

Grett: That's poo. Friends are overrated.

Drew: No, friends are very important for a healthy life.

Tom: Well, too bad Dan doesn't realise that.

Drew: I'm sure he will when he loses.

Tom: Fiore didn't.

Drew: I refuse to view Fiore as a human. She's a monster or alien or...

Alec: The spawn of Satan herself.

Drew: Exactly. But Dan is still a human underneath so I'm sure he'll realise he's being stupid eventually.

**Tom: Considering Dan appears to helping Fiore, I think Drew is in for a shock. Not everyone pulls an Ellie and apologises for things that never happened. She did not cheat with Jake.**

**Drew: Dan will realise he's wrong. Even if he wins. I just know it.**

Meanwhile...

Ellie was trying to ride her horse between two sinkholes. But of course, her horse then trod in one and began to sink.

Ellie: Dang it.

Ellie jumped off the sinking horse and stood at the edge of the sinkhole. She reached out to try and grab her struggling horse. But it was useless as her horse was already buried up to its neck in the sinkhole.

**Ellie: Yeah, my horse is screwed. Looks like I have to destroy Dan and Fiore's horses in order to win then. I'm not just going to let my horse die without a fight though.**

Ellie lay down and tried to reach out her arm towards the horse. Unfortunately, for Ellie, Dan and Fiore arrived at that moment.

Dan: Come on, Fiore. We can pass Ellie now. She appears to be having difficulties with her horse.

Fiore didn't listen, instead ditching Dan's horse and running towards Ellie. Ellie heard her approaching and tried to get up when she realised what Fiore was going to do. But it was too late as Fiore pushed Ellie headfirst into the muddy sinkhole. Within seconds, Ellie was gone. Only her feet remained visible, splashing hopelessly on the surface of the sinkhole. Fiore stood at the edge of the sinkhole smiling as Ellie and her horse were pulled further into the bog. Within moments, they were gone altogether. Dan stood on the other side of the sinkhole and glared at Fiore.

Fiore: Goodbye, Ellie.

Dan: Was drowning Ellie in the freaking bog really necessary?

Fiore: Duh. Yes. Because now she can't stop one of us from winning the money.

Dan: You don't deserve money, you little monster..

Fiore: Give me a break, Dan. You would have done the same thing.

**Dan: I would not have done that. That was unnecessarily horrible.**

**Fiore: Goodbye, Ellie. Have fun drowning.**

Meanwhile...

Drew: Oh dear. Jensen, you have to help Ellie.

Jensen: Yeah, she's screwed.

Tom: What? Surely you have some sort of fail safe for this scenario?

Jensen: Not exactly. I think the sinkholes are too strong.

Tom glared at Jensen.

**Tom: I may not like Ellie but she doesn't deserve to drown in a bog.**

Tom: You need better safety practises. Actually, let me rephrase. You need any safety practises. Gabby's going to kill you when she finds out Ellie drowned because of you having no safety standards.

Jensen: Tom, you idiot. Ellie will be fine.

Drew: Wait, that's not what you told me.

**Drew: Jensen, I just want to know one thing. What the hell is going on?**

Nick: Now, you're just lying to save face. Wanker alert. Jensen is taking the piss.

Jensen: It's not my fault Fiore pushed Ellie in the bog.

Grett: No, but it is your fault that the show is so dangerous that this could happen.

Jensen looked nervous.

Jensen: Mini Derek, go try and help Ellie.

The contestants could then see Mini Derek running off to help Ellie.

**Nick: Yeah, Jensen's getting sued. Not by me though. Too much effort.**

Meanwhile...

Ellie had sunk to the bottom of the bog. She had dug around desperately and managed to dig her way out into some sort of underground tunnel.

**Ellie: Well, that sucked. But at least, I'm not about to drown now.**

Ellie walked along the tunnel.

Ellie: I'm sorry that I couldn't save you, horse.

Ellie then saw a snake. She looked up in horror when she realised where she was.

Ellie: I'm under the snake pit. Guys, I'm alive. Can someone send help down here? Guys.

Ellie then had an idea. She groaned at the thought.

Meanwhile...

Fiore had pushed Dan's horse all the way to the snake pit. The finish line was within sight on the other side of the pit. Dan arrived at the snake pit and casually put Fiore's horse down.

Fiore: Now what?

Dan: What do you think? I'm winning the show.

Fiore: Fuck off, Dan. I did not go through all this shit just to get second a third time. Now, we can do this the easy way or the hard way. Which would you like?

Dan: You don't deserve to win.

Fiore just laughed before giving Dan a nasty look.

Fiore: Oh, for fuck's sake. As if you do. Dan, you're an asshole. If I don't deserve to win, you certainly don't. Don't you have a brain? You are the main villain this season. I have behaved horribly as usual but I am upfront about it. You seem insistent on claiming that you have played honourably and deserve to win. Well, Dan, you're a fucking idiot if you actually believe that. Why do you think all the eliminated contestants were supporting Ellie? It's because of one thing. They hate me and they hate you. They may hate you a little less but trust me, even if you win the show, you will lose everything else. Including the respect of everyone you care about.

Dan got on his horse and tried to ride it through the snake pit which was essentially just a big hole filled with dirt and snakes. The snakes tried to attack Dan's horse which led to it speeding up and running. Dan tried to hold on but fell in the snake pit as a result. His horse continued past the snake pit and crossed the finish lane.

Jensen: Dan's horse has crossed the finish lane. So Dan just needs to cross the finish before Fiore and her horse do and he'll win.

Dan tried to fight off the snakes that were trying to coil themselves around him. He was slowly getting closer to the end of the snake pit and the finish line. Meanwhile, Fiore struggled to pick up her horse.

**Fiore: There's only one way I win now.**

Fiore finally managed to pick up her small horse. She tossed it at Dan causing him to screech and fall backwards into the snakes. As Dan tried to get up, Fiore grabbed the biggest snake she could find and tried to shove Dan's head into its mouth.

**Dan: I am not Fiore. I'm not. Stuff like this is the proof.**

Dan: What the hell are you doing?

Fiore: What does it look like I'm doing? If you must know, I'm feeding you to this snake so I can win.

Dan: See, everyone. Fiore is way worse than me.

Dan cried out as the snake starting biting his head. And so, without thinking he kicked his legs out towards Fiore. Fiore wasn't ready for this and she fell forwards in shock. She landed on the snake causing it to stop biting Dan long enough for him to pull his head out of its mouth. The snake then proceeded to attack her instead. However, Fiore was too busy glaring at Dan to notice. Dan watched in horror as the snake proceeded to try and rip Fiore's robot suit off her.

Dan: Um, Fiore. You might want...

Fiore: Don't um, Fiore me. You're just an asshole like everyone else. How dare you...

Dan: Fiore, the snake's eating you.

Fiore looked down in surprise only for the snake to successfully rip off most of her robot suit, revealing the ice underneath. This caused Fiore to scream but she could do little else without the robot suit due to still being frozen. The snake then started to eat her.

Fiore: Shit. Dan, help. Please.

Dan looked at Fiore. Only her head was visible at this point. The rest of her frozen body was lost in the mouth of the snake. Fiore looked back in terror as the snake tried to break the final part of her robot suit. This being the part around her head. Fiore started to cry.

Fiore: I'm so sorry. For everything. I only started behaving like this because my life was so terrible. All I've ever tried to do is fix my life. I see now that I may have gone about it the wrong way. I've pushed everyone away time and time again. I've refused to change, acting like everyone else is the problem. Dan, you were right. You're heaps better than me. I'm a terrible person but please, you have to help me. I swear I'll try to change. I promise. Please.

Dan looked conflicted as the snake finally ripped off the last of Fiore's robot suit, silencing her. All she could do now was give a look of desperation.

Meanwhile...

The eliminated contestants were watching on the sidelines in shock. Alec looked amused but no one else did.

Drew: Is he going to help her?

Grett: I think he should. No one deserves to eaten by a snake.

Tom: Agreed.

**Drew: Come on, Dan. Prove you are a decent person by saving Fiore. Forget about winning the show for a moment and do the right thing.**

Meanwhile...

Dan looked at Fiore and sighed.

**Dan: I knew at this point what I needed to do.**

Dan: I don't believe you. Sorry, Fiore. Down the hatch you go.

And with that, Dan wandered over and pushed Fiore's head firmly into the mouth of the snake. She gave him one final look of terror before the snake swallowed her. The eliminated contestants then saw a Fiore shaped bulge in the stomach of the snake. Everyone except Alec glared at Dan as he crossed the snake pit and made his way to the finish line.

Jensen: And with that, Dan is the winner of Disventure Camp Season 3 All Stars.

Dan: Yes. I did it. See, everyone. I did deserve to be here.

Alec rolled his eyes but then smiled. Everyone else was still glaring at Dan as Jensen passed him one million dollars.

**Dan: I did it. I actually won. I can't quite believe it. Me, the guy with the twig body actually won All Stars. Wild, huh. And I did it all while maintaining my integrity.**

Drew looked upset.

Drew: I hope you're happy, Dan. You won the money but at what cost? Now, everyone hates you.

Dan: What? Why? All I did was play the game. I didn't mean to behave badly or...

Grett: You literally just doomed Fiore by feeding her to a snake.

**Dan: Seriously? That's what this is about. Everyone hates me for that. But Fiore tried to do that to me. I was defending myself. Besides, she was almost devoured anyway. I just put her out of her misery a bit quicker. If anything, I did her a favour.**

Dan: But, you all hated Fiore. She literally drowned Ellie. Tried to kill Alec multiple times. She was a psycho and quite frankly her getting eaten was her fault. I did her a favour by speeding it up a little since she was screwed anyway.

Ellie then crawled out of the snake pit, shocking everyone. She was covered in dirt and mud but otherwise fine.

Ellie stumbled over to the others.

Ellie: Surprise, I'm not dead. No thanks to any of you. It's not your fault though. I blame Fiore for pushing me in the bog in the first place. When I see her again, well, what I say will be quite unpleasant. Where is she, anyway?

Alec: Dan fed her to that big yellow snake. She's dead. And Dan won the show.

Ellie looked stunned before glaring at Dan.

Ellie: Ok, that is messed up. Just because Fiore tried to drown me does not mean you get to feed her to the snake.

**Ellie: Dan, you crossed a line that no one else would cross on purpose. Well, except Fiore.**

Jensen: Fiore isn't dead yet though.

Tom: How the hell would she still be alive?

Jensen: The ice would protect her from the snake's stomach acid a bit. So she wouldn't die instantly. She'd still be alive, slowly melting to death as we speak.

**Nick: As much as I hate Fiore, I wouldn't wish that on anyone.**

Nick gave Dan a nasty look.

Nick: This is your fault, you bloody wanker. You just had to be such a piss taker that you thought winning the show was more important than helping Fiore. But not only that, you wanted to take the piss so much that you fed her to the snake to make sure she couldn't beat you. You're an idiot, Dan.

Meanwhile... inside the snake...

**Fiore: Help, I don't wanna be snake food. Please, someone help. Oh, god.**

Dan: I'm sorry for all my bad behaviour. I was only playing to win the game. I never intended to hurt anyone. All I did was defend myself and play hard in order to win. Nothing that I did was personal. I never meant any harm to anyone. But I'm sorry if you guys interpreted my actions differently.

Tom: You have to be joking. Didn't you harm just about everyone?

Dan: Not intentionally. I was just playing the game.

**Tom: Dan behaved horribly this whole season. I'm honestly glad I got eliminated when I did so I didn't have to deal with it.**

Jensen: I think I thought of a way to save Fiore.

Dan gave Jensen a confused look.

Dan: Why are you helping her?

Jensen: Oh, I'm not. Don't worry. What I'm going to do should keep her alive but it certainly won't help her. She'd be well beyond helping now. Now then, everyone. Listen up. Dan won the season, I hope you all had a terrible time. The season was designed to be a massive pain in the butt. No fun allowed. I had plenty of fun though.

Alec: Figures.

Jensen: Now, come back in three weeks and I'll show you how I saved Fiore.

Three weeks later...

Jensen and the contestants stood in a small room next to one of the cabins.

Alec: Isn't this the room Fiore got frozen in?

Jensen: No, that was a different one. Now shut up. I'm talking now.

Alec glared at Jensen but did as he asked.

Jensen: Look closely at the floor.

All the contestants stared at the floor of the room.

Nick: Um, this is just rock, mate.

Jensen: Look closer.

The contestants looked at the floor again. Alec was the first to realise what he was looking at and he smiled. There, buried in the rocky floor was what looked like a faint outline of Fiore. Well, what was left of her anyway.

Alec: So, is she alive?

Jensen: Yep. For those of you who haven't worked it out, this rocky floor we're standing on is actually Fiore. I managed to preserve her as a fossil. I waited for the snake to poop her out and then I fossilised the poop.

Dan: But that's not possible. You can't just...

Jensen: Well, I did.

Grett: How do you know she's alive?

Jensen smiled before he laughed.

Jensen: I got Mini Derek to read her thoughts. Be warned, they were not pleasant.

Alec: What did she say?

Jensen: Basically, she wished death on all of you. Especially you, Dan.

Dan: I was just playing the game.

Everyone glared at Dan except Alec who nodded.

Jensen: Now Fiore can quite literally do nothing. She can't see or hear or move or scream. She's quite literally just a melted puddle in a rock now. But she can still think. Anyway, I've freaked you out enough now. Scram, enjoy the money, Dan. You'll need it. Everyone walked out until only Dan and Alec were left.

Alec: For what it's worth, I think Fiore deserved it. I don't blame you for feeding her to the snake at all.

Dan smiled at Alec.

Dan: Thanks, man. What about the other so called terrible things I did?

Alec: Eh. You wanted to win the game. You won the game. You weren't a proper asshole to anyone but Fiore. And she did that to herself. So I think you're fine. Enjoy the prize money. You earned it.

Alec turned to leave but then stopped.

Alec: Oh, and Dan.

Dan: Yes, Alec?

Alec: You were right. You did deserve to be invited back for All Stars. I was wrong.

Alec then left, leaving Dan to stare at the Fiore fossil beneath his feet.

**Fiore: Oh please. Just fucking kill me already. This is worse than the ice was. I can't believe I got eaten alive, digested, melted, shat on and turned into a fucking fossil. All I can do now is lie here in absolute torture as a stupid rock. And yet Dan who literally fed a six year old girl to a snake gets to win the money. I wish death on everyone. What did I do that was so wrong that I deserve this shit? You know what the absolute worst part is though. Deep down, I know I can't even blame Dan or Alec or anyone else. I would have fed me to the snake too. This is my fault and I have to accept that. Even if everyone was an asshole towards me.**

**Dan: Well, I won. But now everyone hates me. Except Alec. I really don't get why they hate me. I know I left Ellie with a bear, gave Tom poison juice and didn't tell him, tried to kill Drew for seemingly no reason and fed Fiore to a snake. But I'm serious when I say this. I didn't mean anyone any harm. All of my actions were taken with the intention of ensuring my safety. I did not set out to behave like Fiore and I did not set out to be a villain. I still don't think I did anything wrong. I played honourably and hard and won the game. That's it. Was I a selfish villain? Am I just like Fiore now? I'll let you decide.**
