TVACDB queue

We’re extremely fortunate to have folks interested in contributing commentary info to the site!

To help prevent duplicate effort, below are the seasons/sets of shows that are already in our queue to be posted. Note that shows will not necessarily be posted in this order-- we prioritize posting errors/clarifications, additional commentary info for shows that are already on the site, shows that have commentators in common with shows already on the site, sets that are in print or generally accessible, etc.
