To prepare for this meeting, please:			
Schedule -2:15 -3:00 PM			
Time	Minutes	Activity	
2:15-3:30		- KORU group meeting 2:15-3:30 - Math PD on common anchor charts - PD with T. Pellegrino on RDW - Learning walk- gallery walk on instructional priorities - During GLM - All PD's have been placed in google classroom under a PD section. - Future math PD - Omayra & Judy looking at number sense and building among grades as well as word problem strategies. This will be done during the June 5 after school 1 hour PD or during the May 15th half day. - Data Cycle #4	

		○ Will focus on writing and being able to look at student growth from the beginning of the year until now. Look at the gaps and be able to fill those in for next year. ○ The literacy commitment and pieces can drive the data cycle #4 mtg. ○ What should the focus of the writing piece be? What genre? We need to give CRT's time to do a pre and a post. ○ Possible google sheet where CRT's could add their pre and post scores so it can be shared and easily reviewed. ○ Next year: could add a writing column in the School 35 data sheets. ● Admin has been looking at the master schedule for next year. Instead of a separate writing time, it has been built in to reflect a readers writers workshop. There has been a new time in the schedule next year to reflect a start date of 7:15 where CRT's need to be in their room ready to accept students and have breakfast. Academic Culture ● Need to finalize due dates on slide 66. ● Some next steps are already occurring with Fillmore and admin.
		Make a motion to meet every other Monday for the remainder of the school year to complete the SIP. - Vanessa motions - Holberton seconds - All in favor
		May 15 is teacher transfer. - Rankings have already been sent.
		May 5 is the next staffing mtg.
