

Hey chat, I want to write some extra content for my {LocationAndPropertyType} using the ARB formula.

Here's some context to help you write:

People tend to love my campground because:

1. {UniqueFeatureOfYourProperty}
2. {UniqueFeatureOfYourProperty}
3. {UniqueFeatureOfYourProperty}

Example:

Hey chat, I want to write some extra content for my northern Wisconsin campground called "Outdoor Adventures" using the ARB formula.

Here's some context to help you write:

People tend to love my campground because:

1. We are right off world class mountain biking trails.
2. We have onsite showers with hot water.
3. There's a nearby lake to cool off during the hot days.
