

From: Timothy Willard, Marine Corps Corporal for life, performing my duty to protect the Constitution despite the fact I'm 100% disabled mentally and physically from an old work injury.

I have cervical stenosis possibly stage 3 which is deadly or can turn you into a quadriplegic. I'm dizzy as hell whenever I stand up that's one of the symptoms.

Please don't judge me on missing commas or run on sentences without proper punctuation because it hurts really bad to go back and edit every change that spell check made to my message because I have to sit up to do it and it's excruciatingly painful.

The fight against fascism is not over and here is how to win it with the law peacefully.

The phone number to the Headquarters of the FBI is 202-324-3000 keep trying till you get a person. You can also email the FBI at UCR-NIBRS@fbi.gov. Use this one or both. Criminal.Division@usdoj.gov

I finally got through to the headquarters of the FBI and got them to listen to me.

I turned Donald Trump in for the first two crimes I'm going to turn him in for.

Title 18 USCA Section 371 Fraud against the US.

Every time he tells a lie on TV he commits this crime and so does Fox News and all right wing media when they repeat the lies in print or just about any other manner, read the law. Then read section 2385 advocating overthrow of government and see how nicely these two laws fit together in direct support of the big lie conspiracy.

I also turned him in for Title 18 USCA Section 1512 Retaliation against Victim, Witness, Informant or Juror.

Donald Trump is guilty as hell of this in the E G Carroll Case. Many times over also breaking section 371 Fraud against the US and Section 1031 major fraud at the same time.

To the head office of the FBI now let's see if they do anything about it as I continue to turn him in for more crimes.

So I followed up and you can listen to the 10 or more crimes I turned in Trump and his Republican minions for that the FBI is ignoring. 8 minute call just click the link.

I'm looking for people who are willing to read this stuff listen to the recorded phone calls to the FBI main office and join in my movement and share it daily. Otherwise I'm simply focusing my

friends list by removing anyone that doesn't help by blocking them permanently and deleting them and if they spread misinformation on any of my posts they will be blocked deleted and their fake messages their lies will be deleted from any post I make..
