

Student Annual Verification

All students must have an Annual Verification completed before the start of a new school year to update student information, sign annual release agreements, and update health information. Annual Verifications are completed through the Infinite Campus Parent Portal.

- Please use Firefox, Chrome, or Safari browsers. Online Registration is not compatible with Internet Explorer
- It is recommended to complete the verification using a computer instead of a mobile device.
- Annual Verifications can only be completed by Guardians in the students' primary residence.
