#### Option A: Video Recording

You will record a video presenting your narrative from 3.05, much like you would in a face-to-face classroom. You are expected to:

- ☐ Recite your full 3.05 fanfiction narrative as if in front of a live audience.
- ☐ Display your visual or multimedia aid from 3.06 during the speech. (You may display the visual from your computer screen. You can also draw or print it out. If necessary, you may change or update your visual from the one used in 3.06.)
- ☐ You may use an online video recording site like [www.loom.com](http://www.loom.com), or you can use the video feature in Educator.
- ☐ **SUBMIT FOR GRADING in the 3.00C Enhanced Creative Connections Project in Educator:** Upload your video or put the link in the comments box.

#### Option B: Voice-Over Presentation

You may use Powerpoint, Google Slides, GoAnimate, or any other similar software that allows you to voice record and display slides and/or animation. This option is for students who do not desire to be on camera. You are expected to:

- ☐ Recite your full 3.05 fanfiction narrative as if to a virtual audience
- ☐ Display a slide or animation presentation with at least one slide/animation per section of the fanfiction narrative. You may use more if necessary. Images and information presented on the slide/animation should correspond or relate to what you are saying in your speech.
- ☐ **SUBMIT FOR GRADING in the 3.00C Enhanced Creative Connections Project in Educator:** Upload your slideshow with the included voice-over recording.
