Hiii bbu ♥

Hmm.. What to say xD Let's go with the easiest and most obvious thing to say first: HAPPY BIRTHDAY !! I hope your birthday MEPs have made you super duper happy, because you really do deserve all the happiness the world has to offer on your special day ^^ You gotta tell me what presents you got and all that stuff! I hope you have an amazing day -snuggles- ♥

Now we're gonna get into the rambling and cheesiness cause you know that's my talent xD Ahh, can you believe that in December, we will have known eachother for two years? It really doesn't feel like it's been that long, though ^^ Time flies, right? I'm really glad that I was able to meet you >w< I know for a fact that my life would probably be very different if you never came into it, so thank you for just accepting my weird stalker..ness, when you first met me xD You were one of the first people that I got very close to here on YouTube, and it was really fun being able to "improve together" ♥ EVEN THOUGH YOU'RE LEAGUESSSS AHEAD OF ME NOW, SO TALENTEDDDDD

QAQ I love your editing so much, both the old and the new! I'm so proud of you for how far you've come since you first started ♥ Thank you for putting up with me and my rambling all the time, and not questioning my.. weirdness xD I know I'm super overbearing ehehe ^^" I feel really comfortable around you honestly, and I've told you a lot of things that I haven't told anybody else before. It means so much to me to have someone like you that I can put my trust into ♥ You're an amazing friend! Thank you being there for me and for always looking out for me when I needed it, I really appreciate your concern for my wellbeing, and I think it's something special when I can say I feel like you care about me more than a lot of the people I know in real life do xD I know we have kind of drifted apart in these past months, but I hope you know you're still really special to me and you always will be ^^ You've changed my life a lot more than you know, and I want nothing but the best for you. I hope your future will be as bright as the smiles you have put on my face before ♥ Hehe I know that probably sounds super cheesy and I probably just made you cringe or something, but I diddd warn you I was gonna go full out here xD I know Kealy already piles plenty of love on you (STILL THE #1 KASPER SHIPPER HERE OKAY) but I think just for today you can have some of mine too as extra cause it's your birthday xD You deserve all the love in the worldddd ♥ So once again, happy birthday !! I love you so much Jasper~ Have a wonderful day -snuggles- ♥

happy birthday jasper!! its been two years since we've first met and i honestly love getting to know you. if you hadnt reached out to me on tumblr that day two years ago, i wouldn't have such a wonderful friend like i do now. you're such an amazing person and i'm really happy that we're friends — even though i have really bad communication skills so sorry about that!! — but i love you and i hope you have a wonderful birthday!!!

love, bri (the kuroo lover) <3
