6141.51 ADVANCED COURSES OR PROGRAMS, ELIGIBILITY CRITERIA FOR ENROLLMENT

The Board seeks an equitable course enrollment policy that limits prerequisites and entrance requirements to those that are directly related to a student's potential for success. Therefore, multiple measures must be used to identify students for advanced coursework so that no single measure excludes their participation.

Advanced courses or programs must comply with applicable District policies and state standards and this policy must be in accordance with SDE promulgated guidance.

The Superintendent or his/her designee shall ensure the development and/or identification of program stipulations, eligibility criteria, student attendance and discipline standards/expectations and criteria for continuation in advanced courses or programs, and shall ensure the development and/or identification of procedures for students encountering difficulty and/or wishing to drop advanced courses.

Evaluation

The Board will review annually data on student participation in advanced courses or programs, the data shall be disaggregated by gender, ethnicity, and free/reduced lunch participation. Such data will be used during the planning process for course and program offerings in the upcoming school year.
