

## Pro+ membership Convince your boss

Hey [**Manager**],

I just heard about Finance Alliance's [Pro+ membership plan](#).

I'd love to subscribe and use their workshops and resources to continuously develop my finance knowledge and skills, and bring those benefits back to the business.

I'll use the workshops and resources available to centralize my development. More specifically, I want to use what I learn to [**specific use case** - e.g. develop a more efficient financial modeling process]. The goal is to [**direct objective** - e.g. improve the accuracy of our sales forecasts].

It's \$1,999/year. Can I expense it?

Thanks for considering my request.

[**Your name**]
