

**STUDENT FIELD TRIPS
TRANSPORTATION PROVIDED BY
NON-DISTRICT VEHICLES/DRIVERS**

A permission form must be completed by each student's parent/legal guardian each time a field trip is taken involving transportation of students on non-school transportation vehicles by non-district drivers.

An alternate activity must be planned at the student's school for those students whose parents do not wish for them to participate in the field trip.

The T-14-E-1 (Field Trip Permission Form) is to be signed by the parent/legal guardian for each participating student who is being driven by a non-district driver in their personal vehicle. The T-14-E-2 (Field Trip Driver Form) is to be signed by any non-district driver transporting students in their personal vehicle.
