PROJECT EVALUATION: What preparation was involved? What was done at the project? Was the project successful? Should we do the project again? Please feel free to add any other information. Please write on the back of this paper! ©

This project took place on our Connect the K's Social which was held on November 10, 2024. At our social event it was a part of our service project. We asked members if they could make thanksgiving cards with a sweet message for senior citizens to read. Members from our K family were able to contribute to at least one card. This project later continued to be worked on after the social by our club members which helped us to make a total of 85 cards for our senior citizens friends at Hale Anuenue! On the day of thanksgiving our club president dropped off the cards to Hale Anuenue and personally handed them to each resident. They were very appreciative and happy! Overall this project was very successful and we thank everyone who had contributed to making a card!
