## LEADERSHIP PROGRAM

### **Sisterhood Application Announcement Outreach Toolkit for allies and friends**

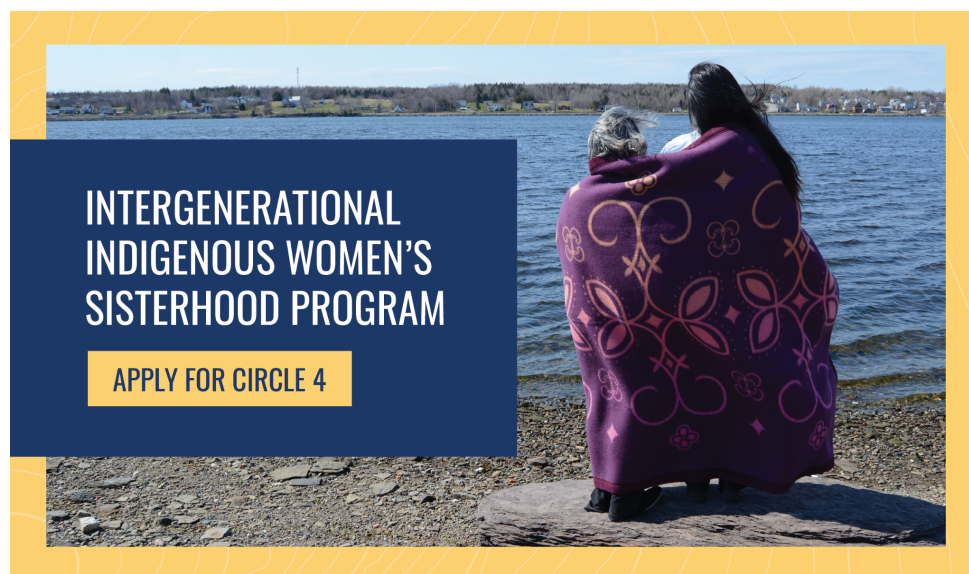

Spirit Aligned Leadership Program is a Native Elder Woman-led organization that elevates the lives, voices, and dreams of Indigenous women who seek to share their traditional knowledge and experiences. Our purpose is to help ensure healing power, knowledge, and traditions are transferred across generations.

We're pleased to share that we are now welcoming applicants for Circle 4 of the Intergenerational Indigenous Women's Sisterhood Program—a leadership program that allows Indigenous Women Elders to share their unique cultural knowledge with younger Indigenous women.

**Help us spread the word and grow the community of Spirit Aligned Indigenous Women Leaders!**

Applications will be accepted until December 13, 2021. Please help us connect with people who can help us with our vision of elevating the lives, voices, and dreams of Indigenous women.

**We've created some outreach messages you can use to share via text message, social media or email. Please feel free to customize.**
