PART 5 SET 2

We interviewed six residents at Taman Kemian about the Consequences of Flash Flood. Read the notes below and answer the questions that follow.

Taman Kemian Residence about Consequences of Flash Flood

<p>A SEKARAN,45 years old, It caused massive traffic jams in and around Taman Kemian. We should focus on the poor drainage system in our taman. We need to improvise it to prevent floods.</p>
<p>B FATIMAH,60years old, Many houses in our taman were affected. It was the worst flood and even schools were badly affected. Some people lost all their belongings in the flash flood. We need to prevent builders building houses around rivers .River flows are blocked due to dumping grounds.</p>
<p>C JULITA,45 years old, Our roads had plenty of holes or open drains that were covered with water. Our children and all of us were stranded in our homes as we were afraid to move around .We might fall or get injured. We really hope authorities will take immediate actions and cover the open holes and drains.</p>
<p>D PETER, 34 years old, We lost most of our vehicles. We could not move our vehicles because there was no early warning of the flash flood. We were afraid to move our vehicles because the fast-moving floodwater can easily sweep our vehicles away. We request for early flash flood warning.</p>
<p>E AH CHUI,20years old, Most of us were evacuated to the flood relief centers around our area. But sadly there were only two.We need more, we cramped ourselves while waiting for help. It was so uncomfortable.</p>
<p>F RAZALI,23 years old, We hardly got any urgent help because there were no alternative pathways for us to move our help to arrive. We starved for food but luckily the flood receded within a couple of hours. We need more alternative pathways to move or for help to reach us during floods.</p>
