

## **FJSHS Parent Update: 4/14/22**

# **Spring Break**

**Parent Update Video:** <https://youtu.be/DKbuE3rpP0Q>

### **Spring Break:**

We will not have school on Friday, April 15th and Monday, April 18th.

### **MCA testing:**

MCA testing comes every spring in the follow grades and areas:

7th grade: Reading and Math

8th grade: Reading, Math, and Science

10th grade: Reading

11th grade: Math

High School: Science for those students enrolled in Biology (mostly 10th grade)

Here are the weeks students can expect to be testing:

April 19-22: Reading

April 25-29: Math

May 2-6: Science

Help your student prepare for these tests by getting plenty of sleep and a good breakfast - remember, we have a hot breakfast served for free every morning!

### **Prom and Post Prom:**

Prom is fast approaching for students and a lot of information has been shared the past few weeks. The sign-up for grand march and guest permission forms were due today, April 8th, but the document below gives information about times and expectations going forward related to prom and post prom.

### **Mock Crash:**

We have been working in collaboration with local law enforcement to bring a Mock Crash demonstration to our juniors and seniors. This demonstration helps our students see the importance of safe, distraction free, and chemical free driving. We have also invited other area schools to participate in this event. This event will be held on **Wednesday, April 20th.**

### **Foriegn Exchange Student hosting:**

We work with a couple of different foriegn exchange student organizations and they are always looking for host families. One organization is Nacel Open Door and they are seeking host families for exchange students arriving in the fall, 2022-2023 to attend high school. Many boys and girls to choose from. Contact Julianne Antes at 507-304-2143 for more information.

### **New Building Update:**

Progress continues with many different contractractors at work - HVAC crew, electricians, cement crew, and more. Soon we will have some pictures of the classrooms walled in.

### **Get help with classes:**

The opportunities from last semester will continue for semester 2. This has been a great opportunity for students to self-advocate in their learning and not get behind. Please contact the

main office or your student's teachers if you have any questions about these additional learning opportunities. A "choice board" explaining the different options is linked here:
