Athens City Schools Learning Resources Checklist

Purpose: A tool to determine if a resource (lesson, textbook, app, game, video, etc.) not on the curated resource list meets essential criteria.

	Yes	No	N/A
Is the **CONTENT**….			
● Accurate: Is the content presented free of error, free of bias, or outdated material that could confuse or mislead students.			
● Adequate: Is the content provided addressing the intended standards/learning goals and/or integrating other subjects?			
● Appropriate: Is the content appropriate for the target audience?			
● Availability: Is this a digital resource or an OER?			
Is the **TECHNOLOGY**…..			
● Appropriate: Does the use of the technology relate to standards?			
● Appropriate: Does the use of technology deepen learning and increase engagement? SAMR			
● Accessible: Does the technology work on the intended device and are any add-ons needed (software, plug ins, etc.)			
● Accessible: Does technology support accommodations for learners with cognitive, developmental, or physical disabilities?			
● Accessible: Does the resource require a student account or login?			
● Accessible: Can the resource be accessed offline? How will students without internet access utilize the resource outside of school if needed?			
Is the **DESIGN**…			
● Motivating: Does the resource address standards in an engaging way for the target audience?			
● User-Friendly: ○ Student: Is the resource easy to use with the targeted audience? ○ Teacher: Is the resource easy for the teacher to understand and support student use?			
THINK ABOUT…			
What are the positive aspects of this resource?			
What are the challenges of this resource?			
Is the resource a feasible choice? (Do I have enough books, or would it require excessive copies?)
