

OBJECT

1.

- Hit 10k with copywriting in the shortest time possible.
- By hitting 10k
- The deadline is June

2

- The first checkpoint is reaching a client and making the first money, right now I'm learning and gaining every day some information about this skill. Right now I'm studying and working with my friend 3-4 hours a day,
- The only thing that I'm not reaching my goal is that I need to work harder, so I plan every day and start studying more.
- Not doing many outreaches is another reason, I need to make more outreaches throughout the day.

B

- Receiving No's from companies because of my age.
- Studying harder than before, sacrificing my time, knowing how to overcome problems, every time stressing if my copy will work or not.
- I have every resource I need, I have business mastery or social media communication, to learn how to talk and do cold outreaches, and copywriting section to learn a valuable skill to make more and more money.

Calendar Work

- Having the first client: the first 2 weeks of February
- Make the first 1k (beginning of March)

- Making outreaches, studying so I can get more knowledge
-
