

Privacy Policy for PriceInHours – Convert Prices Into Work Hours

Last Updated: May 5, 2025

Thank you for using **PriceInHours – Convert Prices Into Work Hours** ("the Extension"), a Chrome extension developed by [Your Name or Company Name] ("we," "us," or "our"). This Privacy Policy explains how we handle your information when you use the Extension. Our goal is to be transparent about our practices and ensure your privacy is protected.

1. Information We Collect

The PriceInHours – Convert Prices Into Work Hours Extension **does not collect, store, or transmit any personal information** about you. The Extension operates locally on your device and performs its function of converting prices into work hours based on user-provided inputs (e.g., hourly wage or price data) without storing or sharing this information.

Data Processed Locally

- **User Inputs:** The Extension may process data you manually enter, such as an hourly wage or price, to perform the conversion calculation. This data is processed in real-time on your device and is not saved, stored, or transmitted to any external servers.
- **Website Content:** The Extension may read price-related information from webpages you visit to perform conversions. This data is processed locally and is not collected, stored, or shared.

2. How We Use Your Information

Since the Extension does not collect or store personal information, no data is used for purposes such as analytics, advertising, or sharing with third parties. The sole purpose of the Extension is to provide you with a tool to convert prices into work hours based on the inputs you provide.

3. Data Sharing

We do not share any data with third parties because the Extension does not collect or store any data. No information is transmitted to us or any external entities.

4. Permissions

The Extension may request certain permissions to function properly, such as:

- **Access to webpage content:** To read price information on websites and perform conversions.
- **Storage:** To temporarily store user preferences Locally (e.g., default hourly wage) on your device, if applicable.

These permissions are used solely to enable the Extension's core functionality and do not involve collecting or transmitting personal data.

5. Security

As the Extension operates locally and does not collect or transmit data, there is no risk of data breaches related to personal information. We are committed to maintaining the security of the Extension by following best practices in development and providing updates to address any potential vulnerabilities.

6. Third-Party Services

The Extension does not integrate with or rely on any third-party services, APIs, or analytics tools that could collect or process user data.

7. Children's Privacy

The Extension is not directed at children under the age of 13. We do not knowingly collect or process any information from children. If you are a parent or guardian and believe your child has used the Extension, please contact us at [Your Contact Email].

8. Changes to This Privacy Policy

We may update this Privacy Policy from time to time to reflect changes in the Extension's functionality or legal requirements. If changes are made, we will update the "Last Updated" date at the top of this policy. You are encouraged to review this Privacy Policy periodically to stay informed.

9. Contact Us

If you have any questions, concerns, or feedback about this Privacy Policy or the Extension, please contact us at:
