

Privacy Policy of TensorBuilds

Effective Date: 7/9/2024

Company Overview

TensorBuilds is an AI software brand founded by Rohan Marar. As a startup, it is operated by:

1. Rohan Marar, Founder
2. Prathmesh Gawali, Co-Founder
3. Shravan Chandrachud, Executive Partner

We are committed to providing innovative AI-driven products and services that offer value and cater to the latest advancements in AI technology.

TensorBuilds was formerly named Algoinvest.

Scope of This Policy

This privacy policy outlines the rights and obligations of TensorBuilds concerning the collection, use, and protection of customer data related to its products, services, and online platforms. By using TensorBuilds's offerings, you agree to the terms outlined in this policy.

Data Collection and Use

TensorBuilds may collect personal data including, but not limited to:

- Contact information (such as email addresses)
- Usage data related to the products and services provided
- Payment information for purchasing products or services

Data collected will primarily be used for:

- Improving and refining TensorBuilds products and services
- Offering customer support and resolving issues
- Delivering updates, promotions, and new features related to the business

User Rights and Responsibilities

Customers who use TensorBuilds products and services have the following rights:

- **Data Access:** You may request access to any personal data collected about you.
- **Data Deletion:** You can request that any personal information be deleted, subject to legal obligations.
- **Data Modification:** If any of your information is inaccurate or outdated, you have the right to request corrections.

TensorBuilds is committed to maintaining the security of all customer data and will take reasonable measures to protect it from unauthorized access, disclosure, or misuse.

All Rights Reserved

All rights related to the products, services, and intellectual property created and provided by TensorBuilds are reserved by us. This includes:

- **Ownership:** All projects, including minimum viable products (MVPs) and other AI-based tools, remain the intellectual property of TensorBuilds. The TensorBuilds trademark and company name and company logo are fully reserved.
- **Distribution:** Unauthorized reproduction, distribution, or resale of TensorBuilds's products and services is strictly prohibited, and is liable to legal proceedings if violated.
- **Modifications:** Any modifications or alterations to TensorBuilds products or services without prior consent are forbidden, and are liable to legal proceedings.
- **Payment for product buying :** SaaS offerings by TensorBuilds follow a one-time purchase or freemium, or subscription based payment. Once a client or customer has finished a payment transaction successfully, we offer a full refund guarantee, but subject to certain terms and conditions . For personal grievances and product complaints(in case the product is malfunctioning), contact personally at algoinvest@gmail.com ,or DM us here : <https://www.linkedin.com/in/rohan-marar-77515a1bb/>
- **Contributions by interns:** TensorBuilds has a broad internship program and has offered multiple internships to people for a broad range of tasks, under ML/DL dev and Front-end web development .As such, all associated code submissions, projects and tasks assigned to interns are sole intellectual property of TensorBuilds.
- **Payment :** Payment to and from interns is absolute. Frontend interns have to pay an entry fee of 50/- rs up-front, and ML devs can apply for free. Based upon satisfactory code submissions and task completions, determined as per the efficiency and validity of code submitted, interns will receive 100/- rs (module 1 for ML dev and all frontend web devs), and 75/- rs for module 2 under ML dev. We have a full refund policy in case the submissions are not satisfactory, subject to certain terms and conditions.

Disclaimer

TensorBuilds's offerings are subject to rapid development and deployment cycles. While every effort is made to ensure the highest level of customer satisfaction, all products and services are provided "as is" without warranties of any kind, either expressed or implied.

Changes to the Privacy Policy

TensorBuilds reserves the right to update or change this privacy policy at any time, in accordance with new legal requirements or internal business practices. Users will be notified of any significant changes via email or by notice on the website.
