

## Faculty Credit for Prior Learning (CPL) Checklist

1. Review the [Palomar CPL website](#) and the resources to familiarize yourself with CPL.
2. Contact the CPL Coordinator at [cpl@palomar.edu](mailto:cpl@palomar.edu)
3. Meet with the CPL Coordinator:
  - i. Evaluate the course(s) using a CPL Inventory/Crosswalk spreadsheet (provided by the coordinator).
  - ii. Review and possibly strengthen the course SLOs to support effective CPL assessment.
  - iii. Determine the method(s) of assessment that best suit this course.
4. If you determine that the course is a great fit for CPL, inform your department Chair and colleagues and bring them into the conversation.
5. If Portfolio Review or Credit by Exam is a method of assessment for your course, collaborate with at least one other faculty discipline expert to develop a rubric or exam. (A CPL Portfolio rubric template will be provided for you.)
6. If Industry Certification or Military Transcript is a method of assessment for your course, you will need to provide a copy of the certificate and/or military transcript information to the CPL Coordinator. The Coordinator can also help you determine which military transcripts align with your course learning outcomes by using the [ACE \(American council on Education\)](#) website as a resource.
7. Once these steps have been completed, your CPL Inventory Spreadsheet and assessment materials/methods will be reviewed to make sure they meet transfer eligibility requirements, and then a [CPL Eligibility Approval Form](#) will be signed by you, your Department Chair, the Articulation Officer and the CPL Coordinator.
8. The CPL course will be added to the CPL Website and Course List page.
9. The CPL Coordinator will take the next steps to provide any necessary materials to student services, for example, adding an industry certification or military transcript to our database.
10. Students will then be able to start their CPL process
  - a. Submit the [CPL petition eForm](#) on the CPL website
  - b. Meet with the CPL counselor to create an education plan (required by Title 5)
  - c. Work with the discipline faculty if doing an exam or portfolio assessment
11. The exam will move through the [CPL petition eForm approval process](#).
  - a. If a student is required to take an exam or provide a portfolio to earn CPL for your course, a special section of the course will be created in Canvas where the student can upload their work and the instructor can evaluate it.
12. Faculty will post the grade for the exam or portfolio assessment in the CPL petition form.
13. The student will accept or decline the grade for the exam or portfolio in the CPL petition form.
14. If the student accepts the grade, the faculty will also post the grade in eservices/MyPalomar
15. Records will post the Industry Certificate or Military Transcript credit to the student's transcript. This grade will then show on the student's transcript as prior learning assessment, with the method of assessment clearly annotated.
