

Dear Friends,

Here is a library of resources. Thanks to all of the amazing harm reductionists, activists, researchers, and generous teachers in our movement.

If you are looking for **webinars**, visit

<https://docs.google.com/document/d/1L-M0eHwo7ETC9LcFKTmbuwQefYWiPr8G/edit?usp=sharing&ouid=105445293448770452463&rtpof=true&sd=true>

This resource library is stored and updated here:

https://docs.google.com/document/d/1pfU9pCSaDk99GEGv_2DovOYj1p_h97zv/edit?usp=sharing&ouid=105445293448770452463&rtpof=true&sd=true

Additions, suggestions, feedback, edits, corrections much appreciated terrymcbridemorris@gmail.com

Thank you for your life saving work and activism!

TRAINING AND TECHNICAL ASSISTANCE SUPPORT FOR HARM REDUCTION PROGRAMS National Harm Reduction Coalition Online Learning Center https://harmreduction.org/our-work/training-capacity-building/online-training-institute/ National Harm Reduction Coalition Capacity Building https://harmreduction.org/our-work/training-capacity-building/ training@harmreduction.org Want a harm reduction expert to train your team? We deliver virtual training to companies and organizations. Our team of trainers represents a breadth of professional and lived experience second to none. We've been sharing harm reduction strategies in partnership with community-based organizations, health departments, and coalitions for over 25 years. Customized training tailored to your group. Interactive workshops to keep your team engaged. Courses created	

by passionate people with real experience. Entertaining, educational, and enlightening content informed by lived experiences.

National Harm Reduction Coalition Technical Assistance & Operational Support

Many harm reduction organizations have grown out of grassroots efforts: local leaders launching programs to keep those they love safe from harm. These community and regional groups often need additional resources and support to develop or update programming. Our team will work closely with yours to develop the program that will best meet the unique needs of your community. Ready to work together to grow your program, or tackle a new opportunity?

National Harm Reduction Coalition Implementation Guides Sometimes you just need a blueprint to follow. We've condensed twenty-five years of learnings from leading and supporting harm reduction programs into these powerful guides.

If you're launching a syringe service or naloxone distribution project, check out these manuals for step-by-step implementation training.

CDC NASTAD NATIONAL HARM REDUCTION TECHNICAL ASSISTANCE CENTER: PROGRAM LAUNCH

<https://www.youtube.com/watch?v=YwHILs0aNHQ>

Recorded March 9th, 2021 | This webinar was held to officially launch the CDC's new system to request and receive technical assistance (TA) for syringe services programs (SSPs) and announce new TA Providers. The purpose was to describe the technical assistance program and demonstrate using the system, in addition to virtually meet TA providers, learn about content areas covered, and the TA process.

NASTAD: National Harm Reduction Technical Assistance Center Webinar and Virtual Town Hall

<https://www.youtube.com/watch?v=K5JFveBQCW0&t=2910s> This webinar, held on Thursday, March 26th at 12 PM - 1:30 PM EST introduced NASTAD's National Harm Reduction Technical Assistance Center. It provides an overview of the project, the types of technical assistance available, who and what kind of organizations can request TA, and answers to questions related to the new resource. After the presentation, there was discussion of current and emerging technical assistance needs of Syringe Services Programs (SSPs) and Drug User Health programs that will be used to help guide our TA initiatives and ongoing efforts.

NASTAD: Request TA Reach out to NASTAD's Drug User Health team with questions or to request technical assistance on grant writing and funding, and sustainability for Syringe Services Programs (SSPs) DrugUserHealthTA@nastad.org <https://nastad.org/technical-assistance>

NASTAD National Harm Reduction TA Center seeks to build on proven methods of harm reduction technical assistance delivery-- programmatic resources, peer support and mentoring, demonstration and program models-- to provide coordinated TA to new and established community-led harm reduction efforts, including syringe service programs (SSPs) across the United States and territories.

NASTAD Regional TA <https://nastad.org/regional-harm-reduction-ta>

NASTAD Racial Equity Collaborative for Drug User Health (The Collaborative)

<https://nastad.org/racial-equity-collaborative> is a pilot program developed by NASTAD. The Collaborative was created to support BIPOC harm reductionists around the United States, who have

historically lacked sufficient institutional resources to hold leadership positions in health departments, community-based organizations, and everywhere in between. Diversity is often encouraged; however, BIPOC individuals have had to navigate predominantly white-led and at times institutionally harmful spaces with limited to no support. Applications for the 2021 cohort are currently closed. Please check back for more information about future cohort applications. Email DrugUserHealthTA@nastad.org if you have any questions.

AIDS UNITED Capacity Building <https://aidsunited.org/capacity-building/> Reach out to our team at cba@aidsunited.org to discuss how AIDS United can assist you in your work to end the HIV epidemic in the United States.
