

[How to set up Discord/create an account](#)

[Video tutorial: How To Set Up Discord Account](#)

Step 1: Go to discordapp.com.

Step 2: Select **Open Discord** in your browser.

Step 3: Enter the username you want to use and select the arrow.

Step 4: Complete the Captcha as directed.

Step 5: A popup will appear and give you the option to Get Started with creating a new server, skip ahead to finish creating your account. **Select “X”** to skip this.

Step 6: Discord will then ask you to claim and secure your account by entering your email address and setting a password. When done, **select “Claim Account”**.

Step 7: A popup will appear to offer a download link for the Discord desktop application, **select “X”** to skip this for now.

Step 8: To complete the account creation process, log into your email account and find the **confirmation email**. **Select the link** within that email to verify your new Discord account.
