

INSTRUCTION**WALLINGFORD SCHOOL DISTRICT DEVICE PROTECTION PLAN FORM**

Date: _____ Grade: _____ School: _____

Name of Student: _____ Student ID Number: _____

Like textbooks, team uniforms and other school property issued to your child, there is a responsibility to take appropriate care of these valuable resources. The District Issued Device is no different but it does represent a cost to the district and consequent liability to students and parents. We have a warranty in place to cover the District Issued Devices covered for manufacturing defects, but we know loss and accidents may also happen, even when students take good care of the device. In these instances, district policies, state regulations and practices require a fine be levied to cover the repair or replacement cost of district property. With District Issued Devices the cost of loss or damage is lower than many other technology tools, but it can still be significant.

In response, the district has developed a **voluntary** Protection Plan Program for District Issued Devices.

One Year District Issued Device Protection Cost: \$30.00
