

Latin Preposition Mini Poster

Step 1: take a regular piece of paper (8.5 x 11) and divide it into 8 sections:

Step 2: In each box you are going to write one Latin preposition from the list given below and illustrate it.

Remember the owls on my google slide presentation?
So like that - with one illustration and one preposition in each box.

Feel free to come up with your own characters, symbols, shapes or whatever you want to use to illustrate the prepositions - make it colorful too. A grade will be given for accuracy and for visual impact/neatness - but don't worry if you don't think of yourself as an artist. I am not grading your drawing abilities! I hope that this exercise will help you to remember the prepositions in Latin and also exactly what a preposition is in English.

Here are the prepositions you can choose from:

prope	sub	circum	super	pro	ad
e, ex	cum	contra	ab	per	trans
in					

N.B. in Latin "in" can mean both "in" and "on".
(nota bene = note well, pay special attention to)

Key:

prope = near	sub = under	circum = around	super = on top of
pro = in front of	ad = to, towards	e,ex = out of	cum = with
contra = against	ab = away from	per = through	trans = across
in = in	in = on
