11-29-2022 Trustland Minutes

Welcome

Those in attendance

Bryson Young

Traelle Gailey

Shelly Wasson

Mishala Pilling

Jeff Hall

Karen Morgan-Was there for visual but struggled with sound. Talked after meeting for recap.

Addressed Money change from last year and that there was addition $7,450

Because of the change in staff Bulkley leaving and Newkirk there was an additional $7,450 that could be used.

It was proposed that it be applied to the original $10,500 for Teton Science school.

The school had increased their cost post last years funding approval. Therefor the school needed to cover the cost. In addition the school had many parents request scholarships for students struggling with the cost.

We proposed the money go toward this. It was voted and seconded by all members present.

Moving Forward

This must be presented to the school board.

Once approved, we will meet next year to plan next years meeting. Mr. Hall will plan and send out meeting info next February for March 2023.
