

Green Chemistry

JVInvenTeams Activity Guide

For a preview of the supplies needed for the guide, download the [Materials List](#).

Purchasing the Invention Kit:

The invention kit is designed for 20 students and two educators, and contains most materials and tools. Kits may only be purchased with a credit card. Purchase orders unfortunately cannot be accepted at this time. Invention kit costs do not include shipping. The Green Chemistry Invention kit costs \$425.00.

*Shipping costs from our east coast distributor for each JV InvenTeam kit range between \$20 and \$120 depending on location and kit.

1) Email a request to order the kit to: info-lemelson@mit.edu

Please include your name, mailing address, phone number and # of kits you are looking to purchase.
