

# Movie Notes for:

## “Attack of the Crab Monsters”

1. Today's movie is "Attack of the Crab Monsters" -- obviously a classic.
2. Animated beginning.
3. Octopods, but little on the way of crabs.
4. Roger Corman -- it must be good.
5. Start with a bible quote ...
6. Lots of people on that little boat.
7. Was it a 3 hour tour?
8. Calling for ghosts.
9. It is awfully deep in the shallows.
10. He was cut in half.
11. I hope that beheading isn't a bad sign.
12. Something in the air is wrong, but we're not worried.
13. The Professor excusing himself from the doctor.
14. Lost with all hands is an old story, but not a bad sign.
15. Those explosions clearly don't mean anything.
16. This landslide isn't a bad sign.
17. We walked down to the beach so we could walk up to the cliff.
18. They are on the island to see what happened on the island.
19. Got a rundown of the people on the island.
20. Everyone likes to watch stock footage.
21. Boom! Plane goes boom.
22. The professor is once again working the radio.
23. Going over the journal.
24. 5 foot worm that was impossible to cut, but it was cut.
25. The journal ends.
26. Explosions again. Perhaps releasing the worms.
27. Those mice are squeaking.
28. Someone is having Rice Krispies.
29. Lets slowly pan into the darkness.
30. Were we seeing anything?
31. Just the wind.
32. This tank is a substitute for the ocean.
33. Stock footage and tank footage works well together.
34. Along comes a man, and off she swims.
35. A shipwreck.

36. Gathering stuff. Such a tense scene or not.
37. Lets go up so we can talk about what we just saw -- you know exposition.
38. I used a black rock to navigate, but the rock must have moved.
39. You are a geologist, you should know about geology.
40. That is all that was important for the first day.
41. Awake Martha -- it is McClain!
42. Help me Spock... I mean Martha.
43. Just wander off in the dark without waking anyone. You know...
44. It is the middle of the night, I am going into the pit. Not waiting until light.
45. Haven't they noticed that earthquakes are preceded by some explosions?
46. Into the pit he falls.
47. I have fallen and I can't get up.
48. They must connect to the sea caves because it was created from below.
49. Are you hiding something? Maybe, but I won't tell you.
50. Suddenly daytime.
51. The professor was throwing a rock at a crab, but was prevented from hitting it.
52. Splosion then quake. Everyone can tell that.
53. I am going in and closing the door, and you can't stop me.
54. Come quickly...help me Spock.
55. Climb the rope, no need of explanation.
56. We will wait at the door, and not run away.
57. Light a lamp, and I will go in to investigate.
58. I can use the radio without power ... except the radio is broken.
59. Jokes -- I've got plenty.
60. I can make guesses, but I am saying it is electricity.
61. Why isn't there a mountain there?
62. It is outside of nature as we know it.
63. Now, let us fetch the doctor.
64. Off goes the hand.
65. We followed the voice of the doctor.
66. Jules falls asleep to his own french speech.
67. Playing poker with dynamite, while smoking. Good thinking.
68. Sounds like clicking a stick on a fence, but it looks like a giant crab.
69. Come to the pit, but don't tell anyone!
70. Doesn't anyone use common sense in this movie? You lost your hand.
71. The crabs do great impressions.
72. We ate his brains to gain their knowledge.
73. What does it mean?
74. The tent is destroyed and the dynamite is gone.
75. We should sleep now because everything happens at night.
76. They can transmit through metal.
77. We are going to the caves, because we are not very bright for scientists.
78. We are here, you go first so you can die.

79. Grenades!
80. We have a specimen's arm
81. Dyn-o-mite!
82. You have tried to destroy me, but now you're in trouble.
83. It can eat its brain and gain its knowledge as I said.
84. We must kill it! If it bleeds ...
85. Take a look at this. Let's shock the crab.
86. It is a crab of negative charge.
87. It has decided not to sleep during this day.
88. We have to dive to set the traps.
89. No, they are diving to escape.
90. It is lonesome in here, so I am going to flirt.
91. Into the water, I have awakened the kraken -- cracker.
92. We were supposed to distract it, but instead we were just standing around.
93. Through this narrow crack.
94. Exciting music for swimming...
95. So, did their trap work?
96. Nope.
97. Mr. Crab was monologuing.
98. Where will he be when the island sinks into the sea?
99. She is awfully flirty with the Professor.
100. We have reception but not transmission.
101. Dale and I aren't married, but I will flirt with you all day long.
102. Oil! We have struck oil.
103. Like luring a fish...
104. They both end up in a cave, but neither gets suspicious.
105. Hoist by his own trap.
106. He lit the oil, because crude burns so well.
107. we will have the knowledge of all men.
108. More earthquakes, and rising seas.
109. Can the crabs swim? Not very smart.
110. 6 grenades and a toolbox.
111. Watch it Hank! That didn't work.
112. Chop chop with the hatchet.
113. Hank saves the day with the antenna.
114. No more flirting for you.
