42 brother Widner needs no introduction Just hallu Praise the name of Yahweh hallelujah hallelujah hallelujah huah Hallelujah can we just take a minute in here for those that aren't slain and if you're in the floor you can stay in the floor that's all right I want to ask everybody just to stretch your hands up this way and let's pray a blessing on these musicians and singers for their Ministry Hallelujah father in the name of Yeshua I just pray right now that you would pour out just a beautiful just thick presence over these ministers for their service in in here father to welcome your presence

43 in here God I pray blessings on every one of them God touch them use them increase their talent and ability father I thank you for every minstral every person that serve today father I pray blessings on them all in the name of Yeshua thank you guys so beautiful hallelujah praise the name of Yahweh my title this morning is Show Me Your Glory yes I felt the father say okay I felt him say Okay Hallelujah wow there is no substitute for the real thing Hallelujah we don't need no fog machine in this place wow praise the name of Yahweh man you know in in in this kind of move of God you like me you

44 could easily think if I could just get my family here if I could just get my friends here to experience this then then they would be changed and and the father spoke and said I'm changing lives I'm changing lives but last night last night as well as this morning I I believe I picked up on the same thing that your pastor did and that is at another appointed time on the day of Pentecost in Acts chapter 2 the glory of God was manifest in the place it was it covered the place it filled the house where they were sitting and the people who were in tune to the spirit experienced a new thing that they

45 had never experienced before but you know what there were people unfortunately there were two people standing next to each other and one of them said how is it we hear every man in our own tongue in every nation where we were born speaking the wonderful works of God but you know what right next to that person was somebody who made fun and said it's not real they're drunk I've never seen a drunk person be overcome with the spirit of Yahweh and speak in my own native language when they didn't know it so so what does that tell me it tells me that not everybody is going to experience the glory you

46 have to be in a position to experience the glory and praise the name of Yahweh a lot of y'all felt it this morning hallelujah thank you Father For Your Glory Hallelujah I come to ask you to show your glory and you sure did praise the name of of Yahweh I was just speaking with the folks who came all the way from Scotland and I said well I hope it was worth it I think it's worth it glory to God hallelujah hallelujah um my my background is being in the back um growing up you know I I don't have a cute picture of me when I was 14 with a toe on and a suit called to preach the gospel like your

47 pastor no at 14 I was I was building the Church website I was the behind the scenes guy you know running the sound running the media uh playing the bass with the band anything behind the scenes that I could help uh anything I could do like that never never behind a pull pit I haven't been behind a pull pit since the last time your pastor invited me so uh this this is a gift and a blessing and I thank you at at at body of Messiah we gather around the dinner table and we open the word of God and pray together and we turn on WE bluet tooth to the boom box and put some music on and kneel in the

48 floor and pray so my goodness uh Aaron I'll say it again you make me sick you make me sick praise God for your for your gifts and for the whole band that was beautiful that was awesome s

since that's where I come from being a behind the scenes kind of guy my heart goes out I just I feel such a kindred spirit with all the elders I love all of y'all so much and and I know I was talking to brother Ricky out in the hallway how during the class you know he saw the the speaker start you know clearing her throat and in the class back there and didn't hesitate ran to get something to drink uh that

49 that's my heart to and I I love that I honor the Skeleton Crew I honor the Skeleton Crew you guys are awesome I don't know sister Pat maybe slain in the spirit somewhere or helping out somewhere but all the beautiful decorations uh bless her heart yeah I uh I I want I wanted you to hear it from somebody he didn't ask me to say anything but God bless you guys can we give can we give the home Crew The Skeleton Crew a hand thank you this could not happen without without your efforts yeah yep sister Cali you're [Laughter] included thank you guys y'all are awesome praise Yahweh I'm telling you uh

50 Wednesday night when your pastor was as I said harvesting all of the Corn and chucking all of the Corn and not leaving any for me I actually looked at my wife and I said Slow Down Holy Ghost because you know what I'm going to talk about today I'm going to talk about Babylon I'm going to talk about grapes and branches and and Samson like Bishop Smith last night I kept saying slow down Holy Ghost save some uh so yes show me your Your Glory uh this this is for all of the behind the scenes people and and people people like me that get in these kinds of situations and say why why how what are we

51 doing here God what what can we do for you you know just I just want to be used in whatever way pleases you so I was trying to hear from the spirit what do you want me to say uh what can I speak to this audience sandwiched between the great pastor vaugh and Bishop Smith who I admire you know I said I just want to hear from you and you know what it doesn't matter he can speak through a donkey so you know he can use anybody uh so the Torah portion which is what I want to come to you from uh for the last day of sukot it comes from Exodus 33 you don't have to turn there um you already familiar

52 with this story this is where Moses comes to Yahweh and he prays one of my favorite prayers in all of scripture he says if I have found favor in your sight have you said that to your father if I have found favor in your sight show me your ways that I may know you in order to find favor in your sight you hear the circle he says if I have found favor in your sight show me your ways that I may know you that I may find more favor in your sight such a beautiful Circle that is I pray that almost every time we get together at Shabbat I love to tell my father if you will teach me how to live so that I

53 can please you then father I will do it and Yahweh responds in the way with the message that we all want to hear his response to Moses's prayer is my presence will go with you and then he says you have found favor in your sight and that's where we get our title Moses comes back and he says okay Show Me Your Glory now this is not lost on me that it happens in the order that it does that he prays this prayer you know how many people want the glory but they don't want his ways you can't have it like that you can't have it like that how many people can't even stand to listen to his ways no we love

54 it we know that Yeshua said in John 14:15 if you love me what keep my Commandments I like the heart of Moses he says father father if you love me teach me your Commandments that was his heart well it wasn't until Moses cut two more tablets and he went back up to Mount Si that Yahweh passed before him and this is how he manifested his glory and I love this uh when the father was just dropping this on my spirit I was just sitting in sitting in front of my computer covered with chills and I'm like Lauren Lauren come here listen this is so awesome this is so awesome look at the glory of God we

55 think that we need to have that the room needs to fill with smoke and it can I have seen it I

have experienced it myself I have seen the Manifest glory of God but when Moses asked the father to show him his glory he said here let me hide you behind this rock and you want some Glory I'm going give it to you he says listen to what I have to say he said this is the father speaking he says Yahweh Yahweh a god merciful and gracious slow to anger and abounding in steadfast love and faithfulness keeping steadfast love for thousands forgiving iniquity and transgression and sin but who will by no means

56 clear the guilty visiting the iniquity of the fathers on the children and the children's children to the third and the fourth generation that's the glory of God see there's no mention of a blinding light although there may have been one there's no mention of an Angelic choir appearing and singing and and there may have been one there's no mention of thunder or lightning or smoke a volcano and earthquake none of those things are mentioned so what did Moses experience when the glory passed by him can I tell you that this event may be the time when the father came down to the Earth we've talked

57 about this before how do we deal with this situation this may be the closest that mankind has ever come to experiencing the glory of God on the earth this is no minor event that happened and this is how he manifested himself you would expect fire and quaking and all these other things but what do we know what actually happened from scripture he heard the name of Yahweh he heard the character of Yahweh I'm telling you what Thunder and earthquakes are cool they're good and all but you want to talk about power let's talk about power for a second talk about the almighty Sovereign of the universe

58 Limitless Authority total omnipotence over everything and everyone and the first word that he describes himself with is merciful oh that just gives me chills just to say it out loud the all powerful is full of compassion oh that's so beautiful that is better than lightning he is gracious he is slow to anger his steadfast love and faithfulness are abounding the glory of God is his character revealed in his name houses in land are great silver and gold yes sign me up but if we could only ask the ruler of the universe for one thing if we were smart we'd say Mercy Mercy father have mercy on me and

59 Hallelujah I have good news he is merciful he is a merciful god Hallelujah Yahweh proceeds to give Moses a list of instructions after this he starts telling him about the Commandments to keep the feasts and immediately we move into the collection for the Tabernacle he said all right I've shown you my glory let's get to work let's get after it and look what he he tells him to do he says let let's build this temporary shelter for the almighty don't you think it's interesting that the creator of the universe did not ask for a Monumental Tower made of gold and diamonds and platinum now he says I

60 tell you what let's get some Ram skins and Dam red and I'm going to I'm going to lead by example so the next thing that happened is the infinite Master of the Universe who dwells in unapproachable light said let's set up a popup tent so I can be close to my kids how's that for Glory do you want to see the glory of God hallelujah the glory of God it might not look like what you think so let's take a minute and check the record and see if Yahweh is known for doing things like we think he should well you already know the answer I submit to you exhibit a we'll start with the commander of the

61 armies of the king of Syria the Bible says he was a great man a mighty man of Valor highly respected and favored you know who I'm talking about he had a problem he was a leper but non hears that there is a man of God in Israel so he gets his whole big Caravan together he's got horses he's got chariots and silver and gifts and all of this and you know the story he goes to the door and the prophet doesn't even come to the door he sends his servant he says oh you want a word I got a word go jump in the dirty River non is furious and he says whoa whoa whoa wait a minute I thought you were going to

62 like wave your hands around and invoke the name of your God and all of that well you know what he doesn't do things the way we think he should sometimes I don't think we're going to put him in a box hey big man you're going to have to go squat in the river and you're going to do it over and over and O you're going to make a fool of yourself in front of all these people how bad do you want to see some Glory how bad do you want it if you want his glory what do you have to do you have to give up man's Glory it's not pretty when people are falling out in the floor and dropping all of each other

63 you don't you don't feel dignified when your shirt comes untucked on one side and and you're crying on yourself but do you want to see his glory I want to see his glory it's going to cost us something though when we do do that and we got some examples of that today if you want to see his glory you got to trade something see Yeshua taught us that when we give alms and we do kind things for people we don't get on Facebook and start playing our trumpet and Blasting our horn no he says the father who sees in secret will reward you the question is are you willing to trade man's glory for God's

64 glory I think I'm in a room full of people that would say yes to that hallelujah hallelujah you would think you would think that he would introduce the King of Kings the savior of the world the son of the Living God somewhere other than in a feeding trough in a Manger it doesn't sound very glorious oh but it was it was glorious and he didn't call the older more mature wise sages of the first century to be apostles no instead he called a bunch of young fishermen who argued over who was the greatest and he made them Fishers of Men and it was glorious yeah he doesn't do things the way we think he

65 should even the prophet Samuel got caught up in this when he looked at the tall handsome and strong eliab and he thought in his heart he said surely the Lord's anointed is standing before me and Yahweh spoke to Samuel you know what he said he said I don't see like you see Samuel I'm not looking at that I'm looking at this and one by one Jesse's Sons passed before him and Samuel being the prophet and the man of God that he is he's counting four NOP five six seven ah seven God's perfect number this is the one right do you have another son what happened to number seven here I thought that was the

66 number of perfection oh Jesse says well there is another one but the redheaded runt is out with the Sheep you don't want to see him well got to admit I didn't see that coming I don't think Samuel did either did you ever catch David was the eighth son how appropriate that the man who would prefigure the kingdom of God would be the eighth son you know we get so focused we get so focused on Perfection sometimes that we can't see past it what a weird statement what could possibly be better than Perfection oh how about eternity how about eternity Yeshua lived his life in Perfection so that we could

67 live ours forever how glorious is that hallelujah hallelujah uh Yahweh likes to hide his glory I'm convinced in really strange places I'll tell you about a fun conversation ation I had why do we circumcise our sons on the eighth day if you want to do that today let me tell you it's kind of hard uh to get Hospital doesn't want to help you you you know why it's weird why are you doing that so I called all through the phone book I wanted my son to be circumcised on the eighth day uh I finally found a Jewish doctor who was willing to do it and boy that was a weird conversation let me tell you I

68 went to this man and I said yes I would like my son circumcised on the eth day because uh we too are Abraham's seed and of course the question started flying and I said uh no sir I'm not Jewish and uh neither was Abraham I told him I I am Christ's therefore I am Abraham's seed and therefore I and my son are heirs according to the promises now I want my son circumcised on the eighth day because you know what one day on the eighth day there's going to be a removal of all the Flesh and only those who are in Covenant are going to be able to take part of

this this this is just a symbol this is just

69 a reminder no one day my son is going to have to stand before his maker and he's going to have to circumcise his heart because true circumcision is of the heart Mr Jewish doctor that circumcision doesn't make you Jewish it doesn't make him Jewish either no the true Jew is one inwardly oh yeah circumcision is that of the heart in the spirit because the thing is one day on the eighth day when all flesh is cut off we're not going to be looking to see who got snipped you won't be able to see that but you will see who had their heart right what a strange way to hide the glory of God Yahweh taught

70 us that he made the world in seven days and that there would be seven days in every week teaching us that life is a cycle and one day it will end but guess what on the eighth day there will be great change and when it's over it'll be Crystal Clear it'll be plain for everyone to see who is his what a strange way to hide the Glorious message of Eternity that's white fire right there in circumcision see not every man of God is going to have that musical Pentecostal powerful style that your pastor is so blessed with sometimes he will call a humble runaway stuttering man who went not from the

71 popper to the Palace but from the palace to the Wilderness and he'll use that man to lead the whole house of Israel out oh yeah he does a lot of things that don't make sense to the Natural man the Bible says that he gives the kingdom to the poor in spirit he Comforts those who mourn he tells the persecuted people to Rejoice what is this he chooses the foolish things of the world to confound the wise he chooses weak things and speaking of weak things I wonder how many of you have thought about this before I believe that he picked ped a scrawny hippie named Samson to decimate decimate the

72 Philistines a lot of us we look at the Children's coloring books and we think you know Samson was Arnold Schwarzenegger when he was Mr Universe you know beef cake well if Samson looked like Arnold why do you think anybody would ever ask him the question Samson wherein do thy great strength lie now what are you talking about I brought all the guns with me today no I don't think so I don't think Samson was a bodybuilder how does Yahweh get any glory in that now Yahweh likes to take Shepherds and make them Kings that's what he likes to do he likes to take a rebellious Prophet who gets on a boat

73 going the exact opposite way of where he was told he says no no no I'm going to make you the greatest evangelist that ever lived boom how's that for Glory are you getting the picture yet the glory of God it's a surprising thing every time it shows up it's seems to me like he he enjoys taking the weak and the small things and he likes to make it strong and then he says when I'm going to flex I'm going to do it in secret think about it the idea that the father would send his son to die although it's not lost on me either that he prayed every day that it wouldn't happen as your pastor pointed out

74 rightfully he would send his son to do that instead of overthrowing Rome that was just too much out out of the box for the religious folk of yeshua's day but the word of God tells me that it is the glory of God it is the glory of God to conceal a thing but you know what it is for us it's the glory of us Kings to search it out to dig it out hallelujah oh yeah I love to dig into the word praise God that that white fire that's what's up give me the white fire so since we're in this beautiful Feast of Tabernacles let's talk a little bit about the Tabernacle I believe there are probably some honest

75 people in here I will not ask you to raise your hands but folks who would admit that when you're reading through the back of Exodus uh you know you don't always feel like running the aisles doing cartwheels and speaking in tongues but the truth is what I have learned from the pattern is that the best treasure is hidden in the unlikeliest of places let's talk for a second I bet you never heard a message about the courtyard of the Tabernacle everybody wants to skip past

the courtyard everybody wants to run in and let's talk about the labor let's talk about the altar but slow down for a second

76 and take a look at the courtyard around the tent of meeting for just a second you might read that passage and just blow right through it that says oh it's supposed to be wrapped in fine twined linen okay continuing on but hang on just a second did you hear what I just said the Tabernacle it was wrapped in fine twined linen see when Joseph was promoted in Egypt by Pharaoh the Bible says Pharaoh wrapped him in fine linen on the day of atonement the priest did not wear his usual get up on this one day he would be wrapped in fine white linen very true to character my friend thank you oh oh that's

77 good thank you no when Ezekiel and Daniel they saw angels show up Messengers from Heaven the Bible says they were wrapped in linen when Yeshua died he was wrapped in a linen shroud it's everywhere in Revelation chapter 19 the Bible says when the armies of Heaven Come to make war riding on those horses we have literally one detail about them they are wrapped in pure fine linen so linen is for Kings linen is for the heavenly host and the Saints of the most high God in Revelation 19:7 and 8 it says let us rejoice and exalt and give him the glory for the marriage of the Lamb has come and his bride

78 has made herself ready it was granted her to clothe herself in fine linen bright and pure for the fine linen is the righteous Deeds of the Saints wait a minute hang on a second so you're telling me the house of God was wrapped in fine linen and when the bride is revealed she is wrapped in fine linen too and linen represents righteousness as soon as I was reading that this this old song popped in my head uh I wonder if anyone other than Pastor remembers this you remember this old song this train is Bound for Glory this train anybody know that one this train is Bound for Glory this train this

79 train is Bound for Glory if you want to ride you got to you got to be holy that's right you better start practicing now because if he wants to wrap his bride in righteousness then let me tell you John said little children let no one deceive you he who practices righteousness is righteous as he is righteous oh yeah and not only that the gate that you walk in through the Bible says that it was made of blue blue and purple and Scarlet and white and oh man we could just dig on those colors for hours and find so much treasure but regardless of what those are all about you couldn't even enter his

80 gates with Thanksgiving in your heart and you couldn't enter his courts with praise unless you were clean right there are specific things you can't just do and roll up in the presence of the almighty Yahweh no you had to abstain from certain activities you had you couldn't do everything you wanted to do and even then you still had to wash yourself in water and then you still couldn't come in till the next day so where's the glory in this well after talking about that now let's have a discussion about what we're going to do tomorrow morning at 10:00 why the Bible says we need to turn from

81 lawlessness and then be baptized in the name of yua for the remission of our sins look you got to do that if you even want to step in into the outer courts okay so we want to argue over Matthew 28:19 and acts 23:8 but Yeshua said I am the door and if anyone enters through me he will be saved why are we arguing over stupid semantics when the only way you could come to God in the shadow picture was to come come through the door you had to stop sinning you had to wash and be clean and go through the door I mean if that's the shadow picture what are you doing you missed the white fire if you are

82 trying to go in any other way than the name of Yeshua then you're trying to climb in through another door the Bible says you're a thief and a robber and all of that Glory was hidden in the linen curtains that wrapped around the Tabernacle so the father has set a pattern not many wise not many mighty and not many noble are called okay so this is where I bring a word of

encouragement to everybody that's here if you look in the mirror every day and in your reflection you see a powerful brilliant Natural Born leader then congratulations you have arrived but if you look in the mirror and you

83 think my goodness the more I learn the more I realize I need help Father help me if you look in the mirror and you think oh Wretched Man that I am God be merciful and gracious to me and if like me you get up in the morning before you're scheduled to preach a Tabernacles and you say why would you let me do this when there are so many people with more Talent more skill more experience then congratulations because it sounds like he might be able to get Glory out of you congratulations welcome because last time I checked the Bible says that we are to Humble ourselves under the Mighty hand of God

84 so that at the proper time he may exalt you he opposes the proud but what do the humble get the humble get Grace Hallelujah all right here we go Isaiah 57 and 15 for thus says the one who is high and lifted up who inhabits eternity whose name is Holy I dwell in the high and holy place and also with him who is of a contrite and a lowly Spirit to revive the spirit of the lowly and to revive the heart of the contrite so we're praying Show Me Your Glory you want to get where the glory is there are only two places that you can go you're going to have to position yourself in one of two places so

85 let's go with option one first option one is to climb up to the high and holy place to ascend above the height of the cloud to Heaven above the stars of God to set your throne on high and sit in the Mount of assembly in the far reaches of the north does that sound familiar anybody have you heard this before another guy tried that he was known as the day star the son of the Dawn but the Bible says he is going to be cast out like a loathed branch a Lo clothed branch and this is where Pastor was stepping all over my message because uh this is about the king of Babylon in Isaiah 14 what an odd

86 insult an odd judgment or a punishment to say you're going to be cast out like a loathed branch and when I was reading that I'm like why father why are we here what is this and then all of a sudden it popped in my head I remembered a prophecy about another Branch one who had come forth as has a Shute the Bible says from the stump of Jesse that righteous Branch with very humble beginnings grew up to be a uh he grew up to Bear much fruit but the other guy the one who tried to be like the most high the Bible says that he has the fate of any ordinary Branch like I would find in my pasture tree you

87 know branch falls where does it go it goes to the burn pile okay so that's option one hopefully you see that this is not what you want to sign up for so let's go with door number two what do we have we see that the same God who would leave his throne and come down to Moses makes the same offer to you and me people of a lowly and a contrite spirit because he says whoever shall humble himself as this little child Yeshua said the same is the greatest in the Kingdom of Heaven bear with me he also said in John 15:6 if a man of abide not in me he too is cast forth as a branch and is withered and Men

88 gather them and cast them into the fire and they are burned so I started seeing a connection between these branches here see Yahweh can't get any Glory just like I said earlier about Samson he can't get any Glory about the from the day star see that's a reference to Venus I'm sure pastors covered all of this in great detail but Venus is so bright that you can still will see it when the sun comes out you can see it in the morning and in the evening oh instead of choosing the day star he chooses a Shute from a stump who became a Vine who spread out and produced branches and that's us that's what

89 we are the father says I can work with that he comes and he dresses the vine it's not our job hear me it's not our job to prune the vine I'm just going to leave that out there because the father knows exactly how many leaves to cut to make sure the sun gets to the fruit so that we can

have oh yeah it's not our job that needs to set in see the thing is grape vine uh they have this tendency to produce a lot of leaves and if you just leave it the way it is then the shade will cause the fruit not to grow so the father comes in and he prunes and he cuts the leaves away so we have to endure a little

90 bit of sunshine a little bit of heat and he know knows what's best Hallelujah so he provides the light he prunes Yeshua is the vine he has to provide the living water and all of a sudden we start producing grapes and when that happens who gets the glory Yeshua is the vine and Yahweh is the dresser so there's one difference between us and the devil and that is we know that our Branch ain't going to make it if we don't stay connected that's it if we recognize that the glory goes to the the one who carries the grapes into the storehouse then he can use us here's a nugget I believe you're going to

91 love this if you haven't heard this before do you know when grapes are harvested in Israel it starts at the end of August and it goes through the middle of October right now during the fall Feast it's just a coincidence I'm sure and not only that did you know that grapes are not harvested in the day I learned this they're harvested at midnight the Reapers go out with their lamps while everyone else is asleep and the glory that has been produced in all of those abiding branches is harvested in secret like a cry going out at midnight how beautiful is that wow so beautiful but there's another

92 Vine and Pastor spoke about this in Revelation 4 14 it says that the Clusters that come from the vine of the Earth are going to be gathered also and they are going to be cast into the great wine press of the wrath of God now would be a great time to remember that Yeshua said I am not of this world and my kingdom is not of this world either I got to tell you I'm not a date Setter but I think an argument could be made that what you can learn about harvesting grapes might give us a clue as to how important these appointed times are my friends Hallelujah so when I was pondering on all of this and

93 thinking about the branches and how we're all connected to some Vine and we're all producing some kind of fruit I was sitting there and I was just so excited after hearing oh man the grapes are harvested at midnight this is amazing where are we going next holy ghost what what else you got and it doesn't happen often but as I was sitting there I heard of a voice just as clear as day uh the spirit spoke to me and said all branches are going to burn and I and I was stunned and well wait a minute uh that doesn't make any sense because it's the loathed branch that is cast in the fire and it's the

94 branches that are from the vine of the earth that are going to be gathered and burned how how is it that we're we're all going to burn and I start arguing with the father and I said I I need something that talks about Tabernacles get me back on track here make sure this is appropriate and I really I felt the spirit nudge me and say that's what I'm talking about and I thought what does a burning branch have to do with a tabernacle and when I asked that question boom in my mind's eye I saw the manora in Exodus 25 I wonder if you've ever picked up on this this absolutely blew my mind in Exodus 25

95 Yahweh tells Moses to make a candlestick that's what the word says it's how the manora is described one Candlestick of pure gold of beaten work and in the next verse it says and six branches shall come out of the sides of it whoa a big smile Came Upon my face what are you telling me Father what do these branches do they burn see these branches burn but they don't burn up what are we do instead the oil in these branches became light for the holy Place Hallelujah I have never thought of the manora in this way hallelujah what I don't know I all kinds of thoughts started running through my head

96 what what if the what if the six branches uh represent the two houses of Israel on any other side what if it's what if it's those who came before the light of the world and those who came

after I mean my goodness there are six branches six is the number of man there are seven lights seven lamps and that is the number of per perfection in one manur you have one body and many members wow that's pretty fantastic isn't it especially when you consider the fact that the oil only gets into the lamp by a crushing process and here's the thing it doesn't matter how beautiful the branch is and I'm

97 talking about us what produces light with which is the glory is the oil when it is burning see us branches we can't produce light the branch can't make oil the branch can't make any fire no all the branch is is just a vessel it's just a conduit that as long as it's connected to the source just like a branch on a vine someone else has to provide the oil someone else has to set it on fire but then what a beautiful sight what a beautiful sight when Yahweh takes a branch like you and me and says you're going to burn you're going to burn for me you're going to burn bright or you can burn apart from

98 me and you can burn up what are you going to choose I want to burn bright for him Hallelujah in fact you better make sure that you don't run out of oil because you know that fire is going to use whatever fuel it has access to yeah when the oil runs out you don't want to be singing that old song if you can use anything Lord no you don't want to be singing that because our God is a consuming fire my brothers and sisters we can't make it without the Holy Ghost but you take a branch and you dip it in oil and you set it on fire and it doesn't matter how dark or how deep there will be light this is

99 the glory of God I believe that this is the glory of God on display he is the fire but he chooses to work through branches like you in me how many are glad to be a part as Bishop said last night of God's plan a there is no plan B I love that the glory of God in my opinion is most is most on display when he takes us broken imperfect people and he uses us to accomplish his perfect will that is such a beautiful thing it doesn't make any sense the more we humble ourselves the brighter the fire burns Hallelujah see I think about Samson Bishop talked about Samson last night you know he was it was

100 when he was at his lowest point that he did did the most damage to the enemies of Israel now you know the story of Samson it's it's a it's a wonderful story he's the original you know marvel superhero forget the Hulk let's talk about Samson for a minute you know love to share that stuff with my kids but I don't remember Samson praying rack your brains do you remember him praying I remember he was just caught up in all kinds of distractions most of his life but at the very end when he stood between those two pillars he opened his mouth and he humbled himself and he said father use me one more

101 time use me can you imagine if Samson lived a humble life what he could have done wow let's learn from his mistake I'm wrapping up Pastor the truth is the father only dwells in two places he is in the high and holy place and he is with him who is of a contrite and a lowly heart do you want to be used for His Glory Hallelujah how many branches are in the house we're all going to burn every single one of us are going to burn so let's be a light in the dark Hallelujah Show Me Your Glory praise God thank you very much God bless you glory to God hallelujah awesome let's give brother Widner and

102 God bless you for teaching us the glory of God hallelujah beautiful brother how many want to be used by the glory amen you may be seated brother wadner thank you for your ministry this week our people love you and your family you are you are unofficial family members Hallelujah praise the Lord what a great service we've had this morning many of you will leave here I know many of you come from various backgrounds you don't uh you're not used to a lot of the things you're seeing here today but I can assure you of one thing you'll never forget it you'll never forget it because it is the presence

103 of the Lord amen I have a few announcements honey bring me that bag I had brought

brought in that little bag gift bag I had a gift bag somewhere someone had given me some gifts I know I brought them in amen all the people probably fell all over it and crumpled it all up Hallelujah ain't no telling where it's at um it was a gift bag that I had brought in may be up here well Glory right where where oh in the pull pit Hallelujah [Laughter] Glory brother Widner said something um he was talking about a picture that I had put up on Facebook last night I have never seen that picture before I was

104 going to bed and a boy from my childhood just out of nowhere s this picture of me when I was ordained to preach at 14 and it was as if the father was saying this has been the purpose of your life and it's as if he was showing me the whole picture and I but I want to say something about it that boy that you see I was telling my wife we were so poor I looked at the pants I had on and you could tell there were two sizes too big for me we were so poor and so uh I didn't have a home I grew up without uh the love of a mother uh or the stability of a home I've never knew where home was to this day

105 I don't know where home is I I do know where home is it's at Marcus Drive Hallelujah with my little wife but uh I lived I was that boy that you would never think I had no pedigree I my dad wasn't a pastor of a big church and I I had no pedigree and I was that boy that you would never think that God would use and um uh molested so many times by the time I was uh 123 by the time I was 14 my life had been desecrated by by people evil people i' had been living in foster care all of my life pretty much in and out of homes scared to ask asked for a drink of water CU I didn't know whose house I was

106 in and I was that boy that was uh was unloved and I don't mean that I to in a bad way I have great parents but they were doing their thing I was an unloved child and what I mean is I was just not I was not who you would think God would ever use and um my my dad and out of church and there was no stability in my life and yet I remember that that picture y'all saw on my Facebook page hey can you pull it up back there brother it's on my timeline uh just show I want to show you this for a reason because I I want to show the power of Prophecy when I was a little boy it was prophesied to me that one

107 day you know we hear these prophecies brother Widner you know your voice is going to be heard around the world we hear all that and we're like okay that's good you know we put it in the filing cabinet but I was told what my life would become and uh brother Oh I thought you put your password for everybody to see Hallelujah okay okay Hallelujah everybody was looking intently I thought oh lord it's on my timeline brother go to my timeline and it should be the last thing on there but um there was a prophecy given that God would use me I received the Holy Ghost at 4 years old my wife and I both

108 received the Holy Ghost at four years old and if you want to hear a strange story she and I both received the Holy Ghost we never KN I didn't know their family they didn't know us but we never she received the Holy we in the same church and she was four before I was four [Laughter] and yet at four years old we both received the Holy Ghost in the same church and uh so our lives were destined to be together and anyway that glory of God that brother Widner was talking about uh I've seen it in my life at 14 years old brothers go to Facebook and look at my timeline should pull right up for you when

109 I was 14 years old I preached my first Revival for that man right there that's brother Jerry Wayne Cox in Pine Louisiana and uh they called him a cult leader too anyway um you know why because he had control of his church he didn't let the people run it praise God there was no boards in his church there ain't none in mine amen there's no you you know that's the stupidest thing in the world sheep running the shepherd that's stupid hallelujah amen so anyway so brother Cox was my pastor he ordained me at 14 I preached Revival for him and there were so many people saved and filled with the Holy

110 Ghost that my Ministry started there and uh that boy right there began to travel all over the nation preaching revivals at that age right there and I had no idea what God had prepared for my life but I was faithful to his calling I did it to the best of my ability and I want you to look around you today because the glory of God touched that boy and used me for his glory and he can do the same thing for you he can take a nobody and use you for his glory amen aren't you glad about that today thank you Father for for the glory of God what a great message brother Widner thank you so much and I'm
