

Economy Task

Your next task will be to make a summarized research report on one of the topics listed below:

1. Spain - the country of cultural traditions and tourism
2. Investments for green energy in Spain
3. Development and sectors of the economy in Spain

You are required to :

1.) find information and structure it according to your liking (you can use google slides, google docs etc...)

2.) make a recording of you presenting through the chosen topic. (You can use vocaroo or other recording methods). You are required to submit both your research file AND your recording. Make sure your recording is 2 to 3 minutes long. You can choose to work individually or in a team with someone else.

Best of luck!
