

Dear Friends,

Gender Affirming Care saves lives. Gender Affirming Care saved *my* life. Living in Oregon grants us rights that other states are not afforded; however, not every Oregonian believes in the life-saving power of Gender Affirming Care. This is why Gender Hive stands firmly behind our most impactful programs; **QT+ Connect** (our Community & Health Symposium) and our statewide **Gender Affirming Care ECHO Program**. Over the years, we've nurtured many relationships, especially with local Primary Care Providers and Behavioral Health Clinicians. Our **Symposium** enables those experts to be in community with each other, learn Queer and Trans-centered practices, and get answers to challenging questions.

Black, Indigenous, and Brown communities, including transgender, non-binary, and gender-diverse (TGD) people, have always lived creatively to navigate systems of oppression and we haven't done it alone. People inside and outside of our communities have resourced the work to protect and expand access to care and education through varying social and political climates. Today, Gender Hive is asking if you can be a part of strengthening connections across rural communities in Central Oregon and beyond.

This year's **Symposium** will take place on Saturday, October 17, 2026 in Redmond. Your gift or sponsorship would bring to life a **Symposium** that provides learning opportunities for healthcare providers and for the broader community. The community track is intended to serve TGD Central Oregonians, along with their allies who want to learn more about how they can best support their TGD friends and families. We're also delighted to share that we're partnering with the High Desert Education Service District to offer a youth track to support students who are transgender, non-binary, and gender-diverse.

As you review the sponsorship levels below, please reach out to us at Chadwick@genderhive.org with any questions related to the **Symposium**, sponsorships, and donations of services or goods. Thank you for considering supporting Gender Hive and its mission to increase quality healthcare access to TGD individuals.

In solidarity,

Kina Chadwick

QT+ Symposium Legacy					

We're grateful for your partnership in actualizing QT+ Connect and for being a part of developing a quality health care community!

We are here to work with you to find a level of sponsorship that fits you and your organization. For example, consider an in-kind sponsorship of a specific session, service or goods at the Symposium.

Please email our Program Director at Chadwick@genderhive.org to connect!
