

Democratic Socialists of America NC Triangle

Hello comrade,

As of March 4, 2023, Triangle DSA has adopted the following health and safety policies for **indoor events**. (We have a [separate policy](#) for outdoor events.) Indoor events carry more risk of transmission of COVID and other illnesses than outdoor events. By implementing multiple layers of protection, we can reduce risk and help keep each other safe.

Layer 1: Organizing hybrid events so participants can stay home if they are sick or have been exposed to illness.	Layer 2: Universal masking with well-fitting N95 or equivalent masks which are provided by event organizers.	Layer 3: Improving indoor air quality by meeting in large rooms, opening windows, and/or using air filters.
--------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------

Exposed to a sick person within the last 7 days?

If so, please do not attend the event in-person!

Feeling sick? Have symptoms of illness?

If so, please do not attend the event in-person!

Had COVID recently?

Please wait two weeks from symptom onset *AND* get a negative result on a COVID test before attending your next DSA event in-person.

Have you been *unmasked* in a crowded space recently, such as air or train travel or a concert, or engaged in any other high-risk activities?

If so, please take a rapid test on the day of the event before attending.

Can't afford a COVID test?

The chapter can reimburse you, contact ncpdsa@gmail.com

Masking is required at all times at indoor events, and the chapter will provide N95 or equivalent masks along with instructions for proper fit for any participant who needs one. Mask type and fit are important. If an event organizer asks you to adjust your mask or change into one of the high-quality masks provided at the event, please understand that this is to help keep other participants safe.

Food and social drinking are not allowed at indoor events.

Event organizers will make reasonable efforts to **ensure high standards of indoor air quality** in meeting spaces by selecting larger rooms, leaving doors/windows open, and/or using air filters (HEPA, Corsi-Rosenthal boxes, etc).

It is our goal for every participant to feel safe and comfortable at DSA-sponsored events. You should never have to choose between your health and your ability to participate in our chapter activities. If you have questions, feedback on this policy and its implementation, or want to get involved in health and safety organizing, we would love to hear from you! Email us at ncpdsa@gmail.com.

In Solidarity,
NC Triangle DSA Health and Safety Committee

Democratic Socialists of America

wants ***you*** to know that
COVID ISN'T OVER!

Here's what you need to know for this indoor event.

1. Well-fitting N95 or equivalent masks are ***required to be worn at all times*** during this event.
2. ***N95 or equivalent masks are available*** to anyone who needs one, as well as instructions for achieving a proper fit.
3. ***Eating and social drinking is not permitted*** at indoor events. If you have a snack attack, please step outside.

If you have questions or feedback about our health and safety policy and how it has been implemented today, talk to an event organizer or email ncpdsa@gmail.com.

Thank you **SO MUCH** for helping to keep
this event healthy and safe!

Democratic Socialists of America
NC Triangle

quieren que sepas

COVID AÚN ES UN RIESGO

Esto es lo que necesitas saber para este evento.

1. Se requiere el uso de mascarillas N95 o equivalentes que se ajusten bien ***en todo momento durante este evento.***
2. ***Las mascarillas N95 o equivalentes están disponibles para cualquier persona que las necesite, así como instrucciones para lograr un ajuste adecuado.***
3. ***No se permite comer ni beber adentro durante el evento. Si necesitas comer, por favor hazlo afuera.***

Si tienes preguntas o comentarios sobre nuestra política de salud y seguridad y cómo se ha implementado hoy, habla con un organizador del evento o envía un correo electrónico a ncpdsa@gmail.com.

¡Muchas gracias por ayudar a mantener este evento saludable y seguro!
