COVID Disclosure:

As a result of our current circumstances, we have decided as a group to hold occasional, outdoor, in person rehearsals for part of the Spring 2020 semester, given that we have a Wren 10 in the Spring. However, due to the spike in cases this semester the school and A Cappella Council have decided to not hold in-person rehearsals or callbacks for the time being. We will still have zoom arranging workshops, virtual bonding activities, and vocal exercises to participate in, and rehearsal/ performances will be reevaluated over the next month. If you are interested in joining us this semester we will have commitments and activities to engage new members, however nothing will be deemed mandatory and nothing will be required in person. We hope that by keeping distance and staying safe this semester, we can fully bounce back next semester!

Thank you for your time and cooperation (-:
