

Dear _____,

February ____, 2026

My friend **Celeste Landry** is running to be Colorado's next **Secretary of State**, fighting for:

- The right to vote
- Better representation
- Election integrity

Celeste believes the Secretary of State works for all Coloradans, regardless of political affiliation. She's running as a [Forward Party](#) candidate, not as a Democrat or Republican. Without major party money and machinery behind her, she's counting on grassroots support.

I hope you'll help spread the word about her campaign. You can [sign up](#) on Celeste's website to receive updates or simply forward this email to your friends.

As we celebrate the sesquicentennial of Colorado becoming the 38th state, join me in supporting longtime election champion Celeste on her 38-week campaign.

Best,

The Right to Vote

Celeste believes everyone eligible to vote should be encouraged and supported in participating in every election, especially the final election that fills seats. [Learn more](#).

Better Representation

Celeste encourages candidates to run for office but wants voters to be able to vote for their true choice without the "spoiler effect," where voting for your favorite can accidentally help your least-favorite candidate win. She supports proportional voting methods that ensure fair representation in legislatures, councils, commissions, and boards. [Learn more](#).

Election Integrity

Celeste supports paper ballots and limiting electronic ballot return to cases where it's necessary to allow access to voting, such as overseas voters and people needing accessible formats. She advocates for thorough audits of ballot counts and chain-of-custody and has observed risk-limiting audits of both choose-one and Instant-Runoff Voting elections. [Learn more](#).

[The Forward Party](#) supports candidates who wish to run outside of the 2-party system. Fifty percent of voters in Colorado are registered as unaffiliated (independents). Let's work together to elect the best candidates – those candidates who support the Colorado Constitution and the voice of the people.
