

2025 Junior School Tennis Championships

Dear Parents,

On Friday 15 August Kambala will be running the annual Junior School Tennis Championships. The tournament will be held at Kambala School tennis courts.

We ask that only those girls in Years 4-6 who are currently playing tennis nominate for the Championships. Players should have a good knowledge of the game, be able to play a set of tennis and score confidently. Priority will be given to those girls who currently play tennis and intend to play tennis next term for Kambala in the IPSHA competition. Entry numbers will be restricted in singles and doubles and players will be informed if their nomination has been unsuccessful.

Please ensure your daughter brings - tennis racquet, water bottle, sunscreen, hat, healthy snacks and lunch. Girls who have medication such as asthma sprays or Epi pens need to bring them and notify one of the Kambala staff members at the tennis courts. Girls are to meet Mr Doyle at the tennis courts at 8.30am.

Wet Weather

In the event of wet weather a decision will be made by 7.30am and a notification will be placed on Sundial (in Junior School Sport. Please ensure you have joined this group. Further instructions on how to do this can be found [here](#)). Backup date is [Monday 18 August](#)

Risk Warning - Sporting Activities

Kambala organises many individual and team sporting activities during the course of a year. Some of these are organised in conjunction with the Association of Heads of Independent Girls' Schools NSW (AHIGS) and some with the Independent Primary School Heads' Association of Australia NSW (IPSHA). Students participating in these sporting activities take part in practice and in competitions. Kambala, AHIGS and IPSHA expect students to take responsibility for their own safety by wearing compulsory safety equipment, by thinking carefully about the use of safety equipment that is highly recommended and by behaving in a safe and responsible manner towards team members, opponents, spectators, officials, property and grounds. While Kambala, AHIGS and IPSHA take measures to make the sporting activities as safe as possible for participants, there is a risk that students can be injured and suffer loss (including financial loss) and damage as a result of their participation in these sporting activities, whether at training or in actual events.

Injury can occur while the student is engaging in or watching a sporting activity, or travelling to and from the event. The injury may result from a student's actions, the actions of others, the state of the premises or equipment failure. On some occasions, an injury can be serious (such as torn ligaments, dislocations, back injuries, concussion or broken bones). In very rare cases an injury can be life threatening or result in permanent disability. If a student has a pre-existing injury, participating in a sporting activity could result in an exacerbation of that injury. Students could also suffer loss as a result of their personal property being lost, stolen, damaged or destroyed.

Girls wishing to participate will need to complete the online permission form [here](#) with singles and / or doubles (doubles please include your partner's name) by 8am Friday 8 August.

Yours sincerely

Tim Doyle
