Peer Mentor Interest Form

Peer mentoring program at RAKMHSU pairs experienced students with freshmen and/or those students who feel they are in need for a peer mentor. Mentors are expected to provide mentees with guidance, support, and encouragement throughout their academic journey. Peer mentors can share their own experiences and insights, offering valuable perspectives that complement formal academic advising.

Mentor Responsibilities:

1- Act as a peer contact for student questions and/or concerns throughout the semester
   a. Guide students to campus services and activities
   b. Assist students with navigating email, UMS, and other university and college resources
   c. Assist students in finding information on college policies and dates
2- Assist students in making wise choices to help them reach academic/personal/career goals
3- Organize and participate in group activities and one-on-one sessions with mentees
4- Attend regular training meetings with academic advising university committee members
5- Complete program paperwork including mentor/mentee meeting notes and feedback
