

Kahoot Creator Badge Requirements

Type your answers in a color other than black. Answer/upload each question just below it (don't put them all at the end).

Description: To earn this badge, an educator has demonstrated competency in using Kahoot in a classroom. The earner completed approximately 2 hours of professional learning credit equal to 2 CLU's to earn this badge. Kahoot has a Youtube channel that has excellent 1-2 minute help tutorials at <https://www.youtube.com/watch?v=KJgZZQcsSPk&list=PLVpm5New2Rw-StW-dFikh3BEVx78CSPyR>. You may need to click on the dropdown arrow in the upper right corner to view the tutorials in their playlist.

1. Create a free account at www.kahoot.com.
2. Click on the "Discover" tab at the top and in the search field put "MST Kahoot! Intro Quiz". Play this as a "Preview" (click on the 3 verticle dots). Take a screenshot of your score and post below.
3. Duplicate it, change the name and add two more questions. Share it with caddoteachertech. To share it, click on the 3 verticle dots next to the star and select "share".

4. Find 3 Kahoots in the "Find Kahoots" tab at the top of the page that you might use in your classroom or with your teachers. Which 3 did you choose? What subject and grades do you teach? If you are not in a classroom, make up one subject and one grade level and find 3 Kahoots that would be appropriate.
5. Create a new Kahoot Quiz as a Challenge for one of the lessons you teach. Set the End Date for the last available date it lists and time for 8 PM. It needs to have at least 10 questions, images for each question and various time lengths. Make it visible to everyone and post the link for students below.

6. Approximately how much time did it take you to complete the above requirements? Also, please let me know of any issues (broken links, hard to understand etc.) you had.

7. Play a Kahoot you created or adapted with your class. Post a link to the results below (make sure your settings are set for anyone to view it) or download the results and upload them below.
8. Reflect on how Kahoot worked for your classroom. What would you do differently next time?
