

## **Sports Physicals**

Greenville Hurricanes, Inc. athletes in 6th-12th grades are required to have a sports physical performed yearly. The physical must cover the full length of the specific season in which they wish to participate. When an athlete has a physical, it is only in force for one full year from the date of evaluation. If that athlete's season continues beyond the validation of the physical, the athlete needs to have another physical done in order to be continually qualified for participation.
