THE NOTCH

Newsletter No. 1.5 **March, 2022**

Our Mission

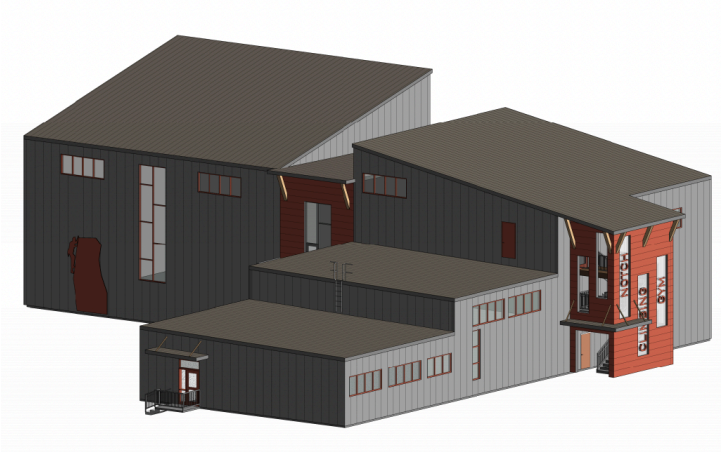

Our mission is to create an inclusive community space where people of all ages and abilities can have fun, pursue their goals, support each other, and grow through the sport of rock climbing.

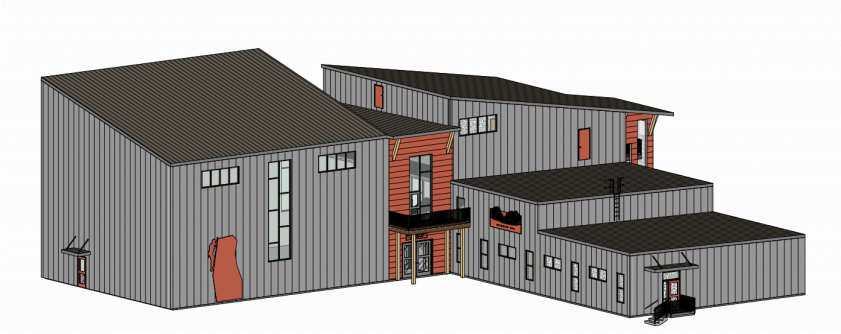

New News

The Lebanon Planning Board approved our site plan! This is an important milestone as we are now able to move forward towards breaking ground. One of the most exciting parts of this next phase is designing the climbing walls themselves. We will be generating digital drawings of the climbing wall design and we look forward to sharing images with you in the near future.

Building Design

We are excited to share the building elevations approved by the Lebanon Planning Board. While we haven't finalized all of the details, it's exciting to see what the building will look like!

New Logos

Amy Borch (@range.of.light.studio) delivered once again with some stunning new logos. You will see these on promotional materials, on Notch apparel, and on our climbing walls as well. Thank you Amy!

Spreading the Word

We appreciate everyone's excitement. If you have questions, comments, or know of others who may be interested in receiving future newsletters, please feel free to pass along our contact information (see below).
