 KaktusCommission 

For each extra character I will charge 100 % of the price for a single character, so keep this in mind, if the second character is more obscured it will differ.

For heavily detailed backgrounds I charge 35 % more!

Extra versions, like different expressions, will be charged with 15-20 %, close-ups 25 %.

If you want your picture **private** it will **cost 15%**, for 7+ Patrons its free, being anonymous is also free.

Ofcourse I will talk with everyone individually about the commission and the price can vary, it really depends on what you want.

If you have a special kink or something out of the ordinary, please ask me first if I am comfortable with that, thank you.

You can also see my Do's and Don't List below, but I retain my right to reject any idea I am uncomfortable with.
